The lecture was much appreciated, and a hearty vote of thanks was tendered the speaker by Mrs. G. A. Kurling, who presided. There was a very large attendance.

MRS. NELSON ARNOLD OF SUSSEX DIED TODAY

Had Reached Age of 85—Six Sons and One Daughter Survive

The death of Mrs. Anna Maria Arnold, widow of Nelson Arnold, occurred this morning at her home in Sussex. Mrs. Arnold was eighty-five years of age, one of the oldest and most highly respected residents of the community. Previous to her marriage she was Miss Smith, and came from her birthplace in London, Eng., to her present home in Sussex, N. B., where she resided for many years. She was a woman of fine character and was respected and esteemed by all who knew her.

She is survived by five sons and one daughter, Percy, of Los Angeles, Fenwick W. of Toronto, Herbert E. of Wolfville, N. S.; Chas. M. of Moncton; A. Edward, of Sussex, and M. T. C. Brown, at home. The funeral will be held from her late residence to Trinity church where services will be held at two o'clock on Monday. Rev. Canon Neale officiating. The interment will be at Sussex Corner, beside the grave of her husband.

BUILDING WORK TO BE COMMENCED SOON

New German Street Sunday School Plan is Unique

The work of constructing the new Sunday school to be built as an attachment to German street Baptist church, will be proceeded with very soon. The building committee last evening the preliminary plans presented by an eminent New York church architect, G. W. Kramer, were approved, and these will be given to a local architect to put into workable shape and call for tenders. The new building will be two stories, of brick, and will be unique in Sunday school circles in that it will probably be the only one in the maritime provinces, if not in Canada, to have practical provision made for the graded system of teaching, that is the execution of the departmental ideas in six departments which can be merged into one if necessary. This is in harmony with the public school teaching system, and will permit of the classes being taught each in its own class, specially officered and manned. The building will have a frontage of sixty-six feet, and will be about sixty-five feet in depth, and when finished will be an important addition to the present structure.

MILITARY COURT HERE PROBES LOSS OF SADDLES AND GREY COATS

Major Campbell of the Halifax R. C. R., assisted by Major Anderson, C. O. C., and Major McDowall of the Artillery, has been conducting a court of inquiry here regarding a quantity of goods belonging to D Squadron, 28th New Brunswick Dragoons, which were either lost or stolen while in transport from Sussex to St. John. The squadron trunks and stores were being transported to St. John it was found that several hundred dollars worth of stores were missing.

The missing goods included about five military saddles which are valued at more than \$80 each, and several military overcoats. Local men gave evidence. Major Campbell will submit his findings to the military headquarters at Ottawa.

C.P.R. SHOPS HERE ARE SAID STILL TO BE POSSIBILITY

It has been intimated by a prominent C. P. R. official that the action of the C. P. R. in calling for tenders for a new concrete machine-shop at McAdam does not necessarily indicate that the company is not contemplating transferring their shops to St. John. Even if this were done it would still be necessary to maintain a machine shop at McAdam for repair work and this would not interfere with the larger project in or around St. John. While there is no indication that the company intends to undertake the change in the near future it is believed that arrangements which they have made have been undertaken with this in view.

IT WILL BE N. B. AND MAINE LEAGUE

Definite Baseball Announcement Next Week—Good News For the Fans

It was learned from a reliable source this morning that matters in regard to the local baseball situation for next season were taking shape and that within the next few days a definite announcement would be made to the fans. It is altogether probable that the New Brunswick and Maine League will be formed again, not to be evened just the same as last season, but better. The teams to probably compose the league this season will be St. John, Fredericton, one team from St. Stephen and Calais, either Bangor or Lewiston, or perhaps both, and possibly the Woodstock team. A league composed of such teams would be a big drawing card, and would stimulate much more interest even than was shown last year. However, the plans have not yet been made known, and no definite statement has been made as yet. It is practically an assured fact, however, that the league will be formed along the lines here given.

McLEAN WIRES HE WILL COME HERE FOR MARITIME MEET

He is Chicago Flyer on the Steel Blades—Championships Next Meet

The executive of the Victoria Skating Association received word this morning from Robert McLean, world's champion speed skater, of Chicago, that he would come to St. John next week to take part in the maritime championship races. Among the other entries received is that of Fred Logan, former world's champion, who has been in retirement for some time. Logan announced his intention of coming back this season, and he is now training. It is said to be likely that he will state a match race with McLean.

Other local skaters who may compete are Hilton Belve, Elmer Ingraham, Garrett, Coleman, Truick, Gorman and Northrup. The events will be the 20, 40, 80, mile and other distances. It is expected that entries from outside points will be received, including Whitehouse and Duffy of Halifax, the latter formerly of St. John. The Canadian Skating Association are to donate a medal to the skater winning the most points in the meet.

DAY AND NIGHT WORK ON FOUNDATIONS OF THE SUGAR REFINERY

Twenty-four Hours a Day as Soon as Lighting Plant is Ready—Power Apparatus Next Week

Excellent progress is being made on the work of excavating for the foundations of the new sugar refinery and the first of the work will witness another step in the operations. At present the workmen are digging for the foundations, which will be to go to a depth of twenty-five to thirty feet. Most of the openings have been excavated to the depth of eight feet, which is as far as can be reached by hand methods. Power apparatus for the deeper work has been brought in and will be ready for work on Monday and this will enable the company to proceed with the balance of the excavation.

NORTH END PROPERTY SOLD

The freehold property at 174 Adelaide street, near the 160x150 feet, and building containing six tenements and store, was sold at auction at Chubb's corner this morning by F. L. L. Pate, at the request of R. W. Mayer for \$3,500 above a mortgage of \$3,000. A bid of \$3,600 was made but was withdrawn when the bidder realized that it was in addition to the amount of the mortgage.
