

SCIATICA AND LUMBAGO

Offered for Twenty-five Years and Could Get No Relief.

How Told of the Wonderful Results Obtained by the Use of

Dr. Chase's Nerve Food

Sciatica, neuralgia and sciatic rheumatism are the result of a run-down nervous system. For this reason all treatments must necessarily fail which do not build up the nervous system.

Mr. Collins suffered for twenty-five years and never was able to obtain satisfactory treatment until he began the use of Dr. Chase's Nerve Food and Kidney Pills. While the Nerve Food forms the blood and restores the exhausted nervous system, the Kidney-Liver Pills increase the action of kidneys, liver and spleen.

Mr. W. T. Collins Morphet, Ontario, writes: "It affords me pleasure to be able to speak favorably of two of Dr. Chase's medicines—the Nerve Food and Kidney-Liver Pills. I have been a sufferer for twenty-five years from sciatica, lumbago and neuralgia, and until I commenced the use of Dr. Chase's Nerve Food and Kidney-Liver Pills I could not get any relief. NUCKET IN DUCK'S CROP

an Carlos correspondence San Francisco Chronicle.

Pure, glittering gold, in nuggets as big as peas, lies in the beds of the streams of the San Mateo foothills. After many tramped over these hills for years and years and their wooden shovels have been the estates of the wealthy, a poor, little duck detected the presence of the low metal and laid it to die to give the rest to the world.

While preparing a duck which she had rescued from Alexander Dombrowsky, a Ukrainian of San Carlos, Mrs. John Blet, of Redwood City, found several pieces of gravel and a nugget of pure gold large as a pea in the crop. Dombrowsky recently covered his poultry yard, and the duck had been feeding, with gravel from the bed of the San Carlos creek.

The gravel was taken from where the duck passes through the country estate of J. N. Brittan, San Francisco capitalist. During the summer months the duck is kept in the country and the estate of the wealthy, a poor, little duck detected the presence of the low metal and laid it to die to give the rest to the world.

Ordinary Millionaires Find It Hard To Get In

GOSSIP OF GOTHAM

The Wreck of a Life in the Whirl of Gay Broadway—Business Invades Murray Hill—A Court That Settles Home Troubles

(Times Special Correspondence.)

New York, Nov. 25.—Although a little more than five weeks old, the Recess Club, which occupies a handsome building on the corner of the road and excitement of Wall street, is the most talked of institution of its kind in Gotham. The parties of high finance meet for lunch and talk over deals involving millions and affecting all parts of the world.

It is not necessary to be a millionaire to join the Recess Club, but a mere millionaire would find himself as solitary as the man in the latest popular song who declares:

"When I'm alone I'm lonesome."

There are more than 3,000 millionaires in New York, but there are only 250 members of the Recess Club, and the club of these estimates his wealth in at least eight figures. In addition to the 250 on the rolls of the club there are 150 on the waiting list. The membership committee in the mean time is said to be looking up their trail.

The by-laws of the club do not specifically state that to possess many millions is a necessary qualification for membership, but it is generally understood in the financial district that smaller millionaires are not wanted. The list of members is kept down from those worth \$500,000 to such comparatively insignificant personages as having a paltry \$100,000 each.

A Wrecked Life

The wreck of a woman was found on the sidewalk of West Thirty-seventh street between Seventh and Eighth avenues one day this week. Her rain-soaked clothes clung close to her figure. Her hair was all astray or plastered in straggling strands across her cheeks, making them seem more marked with disfigurement than they really were. She was breathing heavily. When the police were called they found her lying on the sidewalk. She was dead.

Business Invades Murray Hill

The "gentlemen's agreement," by which householders in the aristocratic Murray Hill section of the city have for more than one hundred years combined to keep business from invading its precincts has been broken. Arthur P. Heintz, brother of F. Augustus Heintz, a 222 Madison avenue, directly across the street from the home and palatial art gallery and library of J. Pierpont Morgan, has posted signs on their dwellings offering them on long leases for business purposes. This action has caused a great deal of discussion in the neighborhood of Murray Hill and the last of famous multi-millionaires who have lived there. Ultimately it is believed the whole hill will be surrendered to business.

London, Nov. 25.—Canadian who last year had the opportunity of judging English character were impressed by the grasp which the ordinary voter had not only of current events which intimately concerned him and of the controlling influence of the deadweight of English politics but of the importance of events which ordinarily would not be supposed to enter his orbit of thought.

NE TEMERE DECREE AND THE ELECTIONS

Ottawa, Nov. 24.—Two interesting speeches were made by government supporters today.

A Quebec Nationalist told parliament that the province had voted against Laurier because he had failed to give justice to the French Canadian minority of the west in 1906. This reason was given by Mr. Monro of Vancouver.
