Four Years for Angelo Crimes of the lowest order are carb other. If they lead to court, an ordinary six months or one year sentence is considered sufficient by the judges. You see, such criminals do not seriously interfere with the grabbing of profits by the masters. But woe betide the man who for the benefit of his fellow workers does anything which may interfere with the stream of wealth flowing to the pockets of the plutes. Their hench-men sitting on the bench will wax wroth and soak the workers' friend to the limit. Charges may be faked against him, and he has no chance. Joseph Angelo, International Organ-izer for the United Mine Workers' of America, has been sentenced to four the Nanaimo coal strike. Such sen-tences used to deter the workers from striking. They gave him a clammy feeling down in his boots. But that day has gone forever, the worker to-day has not care a whip personally what comes to him, as long as he advances the cause of labor. He has seen the need of organization; heworking class must be as one in the fight against its common enemy, capitalism. What if one or more a few yearsf. A Local of the S.D.P. has been or-ganized at Tofield, Alta. The sys-tem has grown so rotten that the tem has grown so rotten that the old parties can no longer hold their forces together. Hard times are also a great eductor. Thus new locals come into being.

HAMILTON NOTES.

NEW LOCAL AT TOFIELD

RETURNS TO SASK.

HAMILTON NOTES. Spring will soon be here again and we will build palaces for the fat plut-es and stables of lathe and tar pap-er for ourselves. And of course we will have the kept press warning us to fight shy of the wicked Socialists as they want to destroy our happy homes. And the fat plutes will laugh when they see the slaves swallowing such stuff. Hundreds of slaves are waiting for spring in the hope of getting a job, and the next thing we may expect to see will be a host of foreigners to take the jobs which they are expect-ing to get. The slaves feel sore at the foreigners coming here and tak-ing the jobs, but the slaves do not seem to know that the same system which allows them to starve here is driving those poor fellows away from their own country. At the annual meeting held Febru-ary 25th, of the shareholders of the Sointula, B.C., Co-operative Store, it was decided to grant five per cent of the annual profits to Sointula Socialist local. \$100 is to be used as an election deposit for a Socialist candidate in the Comor district, whenever a candidate is put up, and the rest of the amount will be used for organization expenses in the same district.

The elergy of the taking a great interest in the workers lately it seems they would like to link themselves with the unions. I suppose the capitalist sees that the church has almost lost its hold on the workers, and is witholding its support, and the sky pilot is alraid of being left without the support of either party, and that he is likely to lose a good soft job.

There should be numerous candidates in the field before long.
