LONG BALLOON TRIE Two French Aeronauts Travel From Paris to Hull.

London, Sept. 28.-Count de la Valux and Count D'Outremont descended ves terday in a balloon near Hull, Yorkshire, having journeyed from Paris in seven teen and three-fourths hours. This is IMPORTANT BODY TO the first time that a balloon has success fully travelled from France to England.

Count de la Vaulx is one of the bes known French aeronuats. In August, 1902, he made the record balloon trip for that year, having ascended from St. Cloud, near Paris, and landed at Opoes Hesse, a distance of over 419 miles which he covered in 19 hours. In 1901 which he covered in 19 hours. In 1901 and again in 1902, accompanied by French warships, he made endeavors to cross the Mediterranean from near Marseilles to Algeria in a balloon with a By-Law was finally passed, allowing of view to demonstrating the possible work beginning next year early in the utilities of balloons in time of war. THE CAPITATION TAX

Reaches Treasury-Result of Recommendations of Liberal Members-Cities Must Be Recouped.

As the result of recommendations by British Columbia's Liberal representa-tives at Ottawa the provincial government to-day received a cheque for \$258,-050, which is fifty per cent. of the capitation tax collected from Chinese entering this province by the Dominion gov-

ernment for the fiscal year ending June Formerly this province received a remission of twenty-five per cent., but last year, thanks to the representations of the province's Liberal members in the Federal parliament, this proportion was doubled, conditionally, however, on the

provincial government reimbursing those cities which had maintained the Darcey Island lazaretto. The amount due Victoria for this maintenance is \$6.042.82, while Nanaimo, Vancouver and Kamloops will also re-

ceive a certain proportion.

This condition ensuring the reimbursement for the expenditure involved in keeping the lazaretto generally com-mends itself as a wise one, For years Victoria had been shouldering the greater part of this burden, the other cities contributing in proportion to the number of lepers sent by them to the lazaretto. This was taken into consideration by the Liberal government when the increase in the head tax remission to the pro-vince was decided upon, and they in-

sisted that the cities be recouped. capitation tax specified must hand over to the various cities the sums required to

ecoup them for this expenditure.
The receipt of the \$258,050 to-day recalls the famous pilgrimage made by Col. Prior to Ottawa last January. It slogans was a demand for a larger proportion of the capitation tax for this proparty felt like thirty cents when he foun

ARRIVE ON THURSDAY

Big Party of Canadian Manufacturers' Association Nearing Victoria-An Influential Organization.

(From Tuesday's Daily.)

Victoria has thrown open her gates o many prominent bodies since she became conspicuous as a tourist resort, but it is safe to say that never has she welcomed a more important organization lines of machinery.

Mr. and Mrs. E. S. Burton spent the and fifty of these knights of industry who will enjoy the hospitability of Canada's most westerly capital-men to clothes for dyeing and finiching in Canwhom the country must look for its com- ada. mercial upbuilding and progress. The rival here to-morrow evening, but unfortunately somewhere in the Territories a the house have long enjoyed a wide rep-day was lost and they will therefore not senting Christie, Brown Co., Ltd., To-

On their arrival the large be received by the Mayor, city representatives, the committee of the Board of their goods popular in the West, with and Mrs. Hewton, of Kingston, Mrs. and Mrs. Hewton represents the dent of the British Columbia branch of the association, has gone to the Main-land to meet the party. On Thursday West with the manufacturers. evening the visitors will be the guests of the citizens at a reception to be given in the assembly room of the parliament buildings. The entire edifice will be brilliantly lighted for the occasion. Light refresuments will be provided and music furnished, His Honor the Lieutenant-Governor having kindly offered to attend

It is most important that this influential body should be adequately entertained and impressed with this city. A large turnout of citizens is thereby expected at the reception to be held on Thursday. The Victorians who hail from Nova Scotia have energetically arranged to give the members of the association from that province a right royal reception. The government steamer Quadra has been kindly placed at their disposal

by the Dominion government and a voyage down the Straits will be enjoyed. An interesting incident of the trip was the meeting with the British delegates to the Trades Congress at Peninsula, east of Port Arthur. The two trains crossed at that point and were stopped for an hour, during which time the members of the two parties fraternized pleasantly. The provincial government therefore having received the proportion of the delegates indicated that they had formed a high opinion of Western Canada and were strongly impressed with its various reparties separated with cheers for each

other and wishes of good luck. Of the leading members an Eastern

exchange says: the McClary Manufacturing Company, of London, has been coming West since will be two-fold. In the three weeks the party will see more of the West and loyal assistance, and to those ladies who get a better idea of its possibilities than they could in months coming individually. And, secondly, the meeting together of manufacturers from all parts of Canada, the getting acquainted at our annual gatherings, the interchange of methods of business; in fact, the general swap-ping of ideas will be of untold benefit not only to ourselves as manufacturers. but I think also to the West. Of course, we have hardly shaken down yet, as we have been only one day and two nights on the train, but speaking roughly I should say that the foundry people have about the largest representation. I may be wrong in this, for of course I look for men of like interests with myself first. The trip so far has been delightful, and I am sure we shall enjoy every minute of it." Asked as to the Western branch and whether further extensions mittee of this society will undertake this room we make the less we have, and I

Thanks are also gratefully tendered to all members and friends who contributed so generously to the tea and

candy booths. While there is no lack of interest and kindness shown on these occasions, the gar-den party has now been held for four years, and in view of these entertainments having become so universal, it might be well for this society to consider, before another year, whether some more novel form of entertainment might prove more acceptable

to the public. During the vacation season there was an imperative call for quilts and sheeting at the hospital.
