

COLLAPSE OF C.P.R. DEPOT AT CRANBROOK

SEVERAL MEN INJURED, OF WHOM ONE MAY DIE

Boiler Explosion in Ontario Mill—Man Killed—The Murder of Baby at Toronto.

Fernie, May 23.—A serious accident took place today at Cranbrook, at which at least one man was fatally injured. The C. P. R. depot was being raised from a two-story to a three-story building. It had been raised but not braced when it slipped out sideways and fell. It injured a number of men, of whom Chief Carpenter O'Brien will die from a broken bone. Six others are in the hospital.

The Lead Bounty.
 Nelson, May 23.—A large meeting of the board of trade this evening was addressed by many mine managers strongly opposed to further payment of the bounty on exported lead, as seriously injurious to the welfare of general mining, smelting and business interests of Kootenai. An unanimous resolution was passed asking that it be not extended beyond June 30th next.

The Toronto Murder.

Toronto, May 23.—At the coroner's inquest on the body of little Harry Murray, murdered by 12-year-old Josephine Carr, it was shown that the baby had been thrown into a culvert alive. Dr. Caven, who made the post mortem examination, stated that the child was unconscious from the shock of the fall, it was undressed by Joseph Carr and thrown alive into the culvert, and water slowly oozed over its head and face into its mouth until it was drowned. Dr. Caven found fully a handful of sand in the stomach of the baby.

Boiler Explosion.
 Toronto, May 23.—A portion of St. Michael's hospital was damaged this morning by the explosion of a boiler in the basement. John Murray, fireman, who was in the boiler room, was badly scalded. The damage is estimated at \$1,000.

Man Killed.

Comber, Ont., May 23.—A boiler in one of the mills of the Netherland State & Lumber Company at Staples exploded yesterday afternoon killing Ralph Welsh, an elderly man, and injured eight others. One of them, Engineer Fisher, is fatally scalded. Fisher had closed down the engine to make some slight repairs, and in order to reduce the pressure of steam in one of the cylinders, he had started the hot water and started the injectors. It is supposed too much cold water was injected, which caused the boiler to explode.

Coming to Winnipeg.
 Winnipeg, May 23.—Prof. W. Carson, of Wisconsin University, has been selected by the Manitoba Agricultural College board to fill the chair of animal industry.

Suicide.
 Winnipeg, May 23.—James Strong, a bartender, committed suicide this evening by drinking a bottle of carbolic acid.

TOGO'S FLEET.
 Reported to Be Off Mesampho, South-eastern Korea—Rumored Isolation of Vladivostok.

London, May 24.—The Shanghai correspondent of the Morning Post says he learns from a trustworthy source that Admiral Togo's fleet is still off Mesampho, on the southeastern coast of Korea. The Tokyo correspondent of the Daily Telegraph cables that the railroad to Vladivostok has been severed, as the result of which the fortress is isolated.

Insane Russians.
 Chefoo, May 23.—Forty insane Russian sailors and soldiers from Port Arthur, including a violently insane lieutenant, who was on the Sebastopol during the siege, arrived here to-day and were immediately transferred to the Russian improvised hospital ship Whimpo, under the British flag, for transport direct to Odessa. The party is accompanied by a former medical member of Alexieff's staff and other officers. The condition of the men varied from melancholy to a violent rage.

The officers in charge state that many of these cases are the result of long incarceration of the men in ships during the terrific siege. Some cases show the result of scurvy and others due to nervous strain of the bombardments. All the cases are physical wrecks. The scene was extremely pathetic as the cheering imbeciles mounted the decks of the steamer and entered the cages which were between decks.

Further Fighting.
 St. Petersburg, May 23.—Gen. Linvitch, in a dispatch from the front, dated May 21st, announces that the Russian detachment east of the railway on May 18th approached the village of Shalozh, and was attacked by a considerable force of Japanese. Some cases show the result of scurvy and others due to nervous strain of the bombardments. All the cases are physical wrecks. The scene was extremely pathetic as the cheering imbeciles mounted the decks of the steamer and entered the cages which were between decks.

WATERWAY COMMISSION.

Proposal to Include Obstruction of St. John River in Subjects to Be Considered.

Washington, May 23.—Mr. O'Brien, charge d'affaires of the British embassy, called on Secretary Taft to urge the inclusion of the problems in connection with the obstruction of the St. John river between New Brunswick and Maine in the list of subjects to be considered by the deep waterway commission, which was constituted last Thursday. The secretary recently was informed that the authorities of New Brunswick after protesting in vain against the construction of booms and dams in the river by Americans were about to remove these by process of law, acting through the courts. The secretary proposed to Mr. O'Brien to have action deferred, Senator Hale promising to do what he could to secure early action at the next session of congress upon a resolution creating an international commission for the settlement of the disputed rights of the United States and New Brunswick.

As to the St. John river, it was supposed that this proposition was acceptable, but it appears the Canadians are not satisfied to allow the river to remain obstructed throughout the summer, and they have had recourse to the British government to express their dissatisfaction. They pointed out that the Canadian side of the international deep waterway commission already has been specifically charged to consider the St. John river obstructions as within their field of work and urged that it is not necessary to create another commission and incur the delay.

When a similar proposition was made, Secretary Taft held that while the question of creating a joint commission was vague in its terms probably it did not provide for the inclusion of the St. John river problem in the work of the commission. He has promised Mr. O'Brien to give this last proposition full consideration, but in view of his departure from the city it is probable he will not render a decision until his return to Washington next week.

JAPS ON STRIKE.

One of Strikers Was Killed—Authorities Now Control Situation.

Honolulu, May 21.—Most of the white population of Lahaina, on the island of Maui, are on strike, and the Japanese strikers in the court house, surrounded by striking Japanese laborers. One Japanese was killed and two were wounded by the plantation police during an attack on a plantation mill.

The entire 2,300 Japanese laborers on the island are now on strike and are showing a violent mood.

The steamer Kilauea left Honolulu this afternoon taking a national guard company consisting of thirty men, commanded by Captain Johnson, and forty armed Honolulu police under High Sheriff Henry, to the scene of the trouble.

The strike started a week ago on the Wailuku plantation on the other side of Maui from Lahaina. The Japanese made a long list of demands, among them being the withdrawal of the overlanders. All the demands were rejected. On Friday the strike spread to the Pioneer plantation. The plantation immediately began paying the striking Japanese, who then commenced to stone the mill and resisted all efforts of the mounted police to drive them away. The Maui militia, which was called out, restored order temporarily. Everything was peaceful late Saturday when the island steamer Claudine left, but soon after the steamer's departure a clash between the Japanese and plantation police occurred, which shooting took place and which resulted in a general outbreak and the imprisonment of the whites and the militia in the court house by the Japanese.

Situation Quiet.
 Honolulu, May 23.—The situation at Lahaina is quiet. The strike is reported unsettled but the authorities are now thoroughly in control. Owing to a break in the overland communication from the island to Honolulu there has been practically no communication with Lahaina to-day. The Japanese consul in a message which was brought overland last night says there will be no further trouble.

Exquisite Complexion
 QUICKLY ACQUIRED BY THE SYSTEM REGULATED BY DR. HAMILTON'S PILLS.

The power of Dr. Hamilton's Pills over the complexion is marvellous. As if by magic all blemishes, humors and pimples disappear. A clear, ruddy glow is quickly manifest on the cheeks, and looks that delight the eye come to stay. It is by purifying and enriching the blood, which thereby builds up the constitution, that Dr. Hamilton's Pills accomplish so much in a short time.

I can heartily recommend Dr. Hamilton's Pills for the complexion," writes Miss E. M. Porter, of Clear View, Ill. "Before using this medicine I had a very pale, murky complexion, and there was no red in my cheeks. But Dr. Hamilton's Pills changed this and my looks have been much improved."

In case of dull, sallow complexion, wherever the skin is blotchy and rough, Dr. Hamilton's Pills quickly prove their merit. You'll look better, feel faster improved by relying on this great medicine, which is instant in effect. Price, 25c. per box, or five boxes for \$1. at all dealers, or by mail, from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

IN SALT LAKE CITY.

Herbert Cuthbert Advertiser Victoria Well on His Visit.

The Discreet Evening News, published in Salt Lake City, contains the following reference to the secretary of the Tourist Association.

"Herbert Cuthbert, secretary of the Tourist Association of Victoria, B. C., is in the city and incidentally is not hiding his light under a bushel. Mr. Cuthbert is essentially a booster in the full sense of the word. Since he has been here—a matter of a few hours—he has worked up a wide circle of acquaintances, coasted by any of them escaped learning about the natural resources of Victoria it was not his fault. When it comes to word pictures of climate, scenery and recreation to be found in the picturesque city of the British colony Mr. Cuthbert is there with the eloquence. To clinch matters he invariably hands out a booklet which was printed in Victoria by the association, and incidentally is an object lesson in what the Britishers do in the way of high class printing. His mission here is to induce people to visit the area of Pacific coast tourists, and, of course, if they feel so disposed, to invest in realty there. To date the city of Victoria, which is less than half the size of Salt Lake, has specially in the neighborhood of \$10,000 advertising its advantages for the tourist and investor—and the citizens think that it is money well invested."

"Mr. Cuthbert will remain in this city until to-morrow evening, when he starts for Portland to catch the vanguard of the Lewis and Clark expedition visitors and induce them to turn their faces towards Victoria."

MAY HAVE PERISHED.

Great Anxiety Regarding One Hundred and Twenty-Eight Fishermen Who Left France for Newfoundland.

St. Servan, France, May 23.—All hope has been practically given up for the safety of the three-masted sailing vessel Cousin Reun, which left this port eighty days ago for St. Pierre Miquelon, off the coast of Newfoundland. The vessel on board 128 fishermen, and great grief prevails here among the missing men's families.

A VICTORIAN CRITICISED.

What the Wise Men of the East Say of the Victoria-Made Book.

New York Sun.—"The mantle of Julius Verne must have fallen upon the shoulders of Mr. Vincent Harper, whose new novel, 'The Mortgage on the Brain,' is a most original and audacious conception of historical romance, and, in the opinion of Edgar Allan Poe must look on approvingly. The book is absorbingly interesting. Vincent Harper, the author, is an American and a New Yorker, although he has spent some years travelling in the world and is just now living at Victoria, British Columbia. His short stories show how closely he is in touch with the American life of the Pacific coast, and how little the acid of his irony has eaten into the surface of his optimism."
