AT PARRSBORO.

PARRSBORO, N. S., Nov. 9.—The schooner Myrtle Leaf was successfully launched today from the shippard of Capt. Johnson Spicer at Spencer's Island. The launch was to have taken place last week, but was postponed on account of bad weather until today. This is the last launch of the season, which totals up two large barges, eight three-masted schooners, one two-masted schooner and two tugs, representing the round figure of two hundred and fifty thousand dollars.

Parrsboro now owns the finest fleet of tern schooners in the dominion and bids fair to control a large amount of the Bay of Fundy coasting trade.

VESSEL BURNED.

The two-masted vessel Newman Hall, Capt. Knowlton, loaded with lumber, from Parrsboro, was completely destroyed by fire on the Avon River last Thursday-night, as she was about to sail from Hantsport to New York. It was with difficulty that the captain and new were awakened in time to escape the flames, as they were askeep in the gabin when the fire was seen by some young men returning late from a party.

A WORD FOR PARTIZANS.

"Rigid partisanship is always unparticule, for it consents to leave in abeyance matters of national importance
when they do not serve the exigencies
of party success. So long as Christiana consent to follow party lines with
moral issues left out, we canot expect
those who are most concerned about

take up questions that will antagonize
the victous or purchasable voters."

That quotation, which should be

ada who has a care for the honor of his country, comes from a manifesto recently issued to the Methodist church by Rev. Dr. Carmen and Rev. Dr. Chown on the subject of the corruption prevalent today in Canadian politics. It is what the Star has repeated time and again; only the awakening of some independence among those who blindly follow where party calls which has hopelessly mired American anada stands.

It should also be stated that this increase in advertising has been in spite of a large advance in the rate, which has naturally grown as the Star's rapid increase in daily circulation has improved its value as an advertising medium.

against them, Gustav A. Helm, of 78 Carroll street, obtained yesterday from

Justice Amend of the supreme court, Manhattan, an order for the arrest of Thomas E. Ennis and Charles F. Stoppani of the firm of Ennis & Stoppani, stock brokers, of 26 Court street, this borough, and 34 and 36 New street, Manhattan. The basis of Mr. Helm's suit is a claim for \$4,112 which he alleges is due to him under certain stock transactions he had with Messrs. Ennis and Stoppani.

The latter soon after the order to arrest had been issued, went before Justice Amend and had it vacated. Messrs. Ennis & Stoppani last night sent to the Eagle this statement:

"We understand that the plaintiff, or his attorneys, in an action brought against us by Gustave Heim, has furnished you with certain alleged details of his claim against us. On the complaint and affide vits he this day procured an order for our arrest. We immediately, by our attorneys, went before Judge Amend, who granted the order, and he, upon further examination of the papers, in the presence of the plaintiff's atorneys, has vacated and in all respects set aside the order of arrest to submit to an early trial. We feel sure that your sense of justice to us will lead you to supplement any item that you may already have concerning this unfounded claim, with the above statement."

jor Pickands. Both of these schoolers were hauled into the stream. The
three-master Odion lay at the end of
the wharf and none of her crew were
aboard. As the wind was blowing
away from her, the hatches were battened down and she was left where she
lay.

An authoritative estimate of the loss
is not obtainable tonight, as J. C.
Hamlen, the resident member of the
firm, is at Little Rock, Ark., but it is
stated that the value of the goods in
the sheds exceeded \$50,000. The firm
carries heavy insurance. The buildings were the property of the J. B.
Brown estate, which owns the wharf.
They were worth \$10,000, and the damnot be ascertained until the fire burns
out, will be in addition to the loss on
the buildings. The Brown estate is
well insured. It is believed the fire
was of incendiary origin.
