BLACK AND RICH Is the Way Postum Coffee Should Be.

A liquid food that will help son break a bad habit is worth now ing of. The president of one of state associations of the W. C. T. U. who naturally does not want her name given, writes as follows: "Whenever I was obliged to go without coffee for breakfast a dull, distracting headache would come on before noon. I discov-ered that, in reality, the nerves were crying out for their accustomed stim-

At evening dinner I had been taught by experience that I must refrain from coffee or pass a sleepless night. In the summer of 1900, while visiting a physician and his wife I was served with a most excellent coffee at their dainty and elegant table, and, upon inquiry discovered that this charming bever-age was Postum Food Coffee, and the he family had been greatly benefited y leaving off coffee and using Postum. I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my captor, that upon my return home I at once began the use of Postum Food Coffee and have continued it ever since, now more than a year.
I don't know what sick headache is now, and my nerves are steady and I sleep sound generally eight hours regularly. I used to become bilious fre-

quently and require physic, now seldom ever have that experience.

I have learned that long boiling is absolutely esential to furnish good Pos-tum. That makes it clear, black and rich as any Mocha and Java blend. Please withhold my name, but you may

CINCINNATI. O., Jan. 19.—While Mr. and Mrs. W. H. Whittaker were out calling this evening, their baby was left with Annie Laggie, a domestic. When they returned the nurse was found upstairs in an Enconscious condition from asphyxlation. She had turned on the gas and inhaled it. Later Mr. and Mrs. Whittaker found the infant hanging to a gas pipe in the cellar. The physicians say the woman cannot live, and the story of the double tracedy probably will never be known. Mr. Whittaker is a prominent member of the Cincinnati bar.

MCADAM JUNCTION.

McADAM, N. B., Jan. 20.—Mr. Love, Interment at Annapolis Royal of the organizing secretary of the trackmen's association, spent Sunday in McAdam, He was the guest of R. Cooper, section foreman of McAdam yard.

The new pews for St. George's Church of England arrived on Wednesday and were all in place for Sunday, owing to the push and energy of the chairman of the building committee, David Tapley. The seats made by the Woodstock Woodworking Co., and put in place by Mr. Dory and Mr. Weeks. They are a great improve-ment to the new church.

The service in Union Church last evening was in memory of Mrs. B. A. Bryan, who was buried on Saturday at Gibson. The congregation was large and the service interesting.

The True Tragedy of Life is ill-health, disappointed ambitions

HON, SYDNEY FISHER AND THE TARIFF.

(Canadian Grocer.) In an address at Leskard, Ont., on January 9, Hon. Sydney Fisher, minister of agriculture, said there was no customs duty in Canada over 35 per

folio were not, namely, a practical far- few who lived in the town contemmer. And he has, on the whole, ad- poraneously with the dean were left ministered his department with accept- to sympathize with him on the sad nce. But because Mr. Fisher is an occasion, and not very many knew efficient minister, it does not follow that the funeral was to take place stakes which he may make here. The rector, Rev. Mr. How, of-that me uncorrected. Indeed, the ficiated at the services, assisted by should go uncorrected. Indeed, the ficiated at the services, assisted by very fact that such can be said of him Rev. Mr. Lockward of Clementsport, very fact that such can be said of him Rev. Mr. Warner of Granville gives his uffer that the more new restaurable to name of our western clergy attended to nav the last tribute.

In declaring that there was not true; the memory of the deceased, and of sver 35 per cent, Hon. Mr. Fisher was sympathy with their venerated ecclesi-astical superior: Rev. Mr. Axford of tentionally sake what was not true; Corn allis; Rev. Mr. Amor of Middlebut as some of the articles on which ton; Rev. To Atkinson Smith of Round the duty exceeds & per cent appertain Hill; Rev. H. D. DeBlois, retired, and more to his department than to any Rev. Rawlins A. Robin on, all of whom other in the government, it is difficult walked in the procession of the funeral cortege. The following prominent facts.

On canned vegetables, for example, the duty is much larger than 35 per cent. The date cent. The duty is a specific 1 1-2c. per lb., and means, based 'n'today's prices, a rate of at least 50. duty runs from 45 to 50 per ent at the according to the price at which importations are being made this week in Toronto, approximates closely to 50 per cent.

It is true there are not a great many articles on which the duty is over 35 per cent, but still there are enough to establish the incorrectness of Pisher's assertion. It is not with any desire to be cap-

tious that we draw attention to the incorrectness of Mr. Fisher's remarks regarding the duty, but there is altogether too much recklessness on the part of public speakers in both political parties, and independent journals are only performing their duty when they expose them.

SAVANNAH, Ga., Jan. 19.—Admiral Schley's hunting party returned this afternoon from St. Catherine's Island. The party secured a large bag of game. Admiral Schley is credited with having brought down one deer. The weather during the hunt was superb. Admiral and Mrs. Schley will leave this city for Washington tomorrow afternoon. The admiral said tonight that he had not authorized the statement sent out from Chicago that he would discuss fits case before the Hamilton Club of that city. Beyond this he refused to talk.

A NOTED FUNERAL.

Daughter of "Sam Slick" On Thursday last there was laid to rest in the oldest cemetery in the Dominion, the old Church of England burying ground, Annapolis Royal, Amelia, the late wife of the very Reverend Edwin Gilpin, D. D., dean of Nors Scotia. The deceased lady was a daughter of our brilliant literary genius Judge Thos. C. Haliburton, author of "Sam Slick," and of many very able and valuable works, a man whose name will go down with honor to the latest generation of his countrymen. She was born in the old town shortly before her father's removal from it in 1828, and in the house in which, then member of the provincial parliament for the county of Annapo-lis, he wrote his valuable history of Nova Scotia, and which is still pointed out to strangers as the former residence of the famous author and jurist. She was therefore a connecting link between the Annapolis Royal of today and a brilliant period of its history past.
