## PECULIAR TANGLE TIED IN COURTS

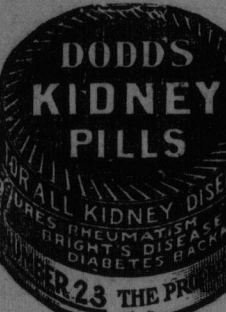

In chancery chambers yesterday afternoon at three o'clock before His Honor Mr. Justice McLeod, argument was heard in the suit of William B. McLeod vs. Harry B. Clarke and George B. Jacques and the Eastern S. S. Co. Some time ago the plaintiff, who now is confined in a prison in Ontario, and who was a member of the gang of four who indulged in regular pecuniary finance with a branch of one of the local banks, obtained an injunction restraining the defendant, Clarke and Jacques from recovering certain machinery from the warehouse of the Eastern S. S. Co. on his order, and to restrain the Eastern S. S. Co. from delivering the said machinery to them.

The machinery was purchased in New York for \$1,600, and the bills of lading were sent to the Charlotte street branch of the Bank of New Brunswick. Subsequently the defendant, Jacques, who is a consulting mining engineer, claims he received an order from the plaintiff for the delivery of the machinery to him, as the plaintiff was indebted to him for advice in the sum of \$2,500.

His Honor ordered the injunction to be continued until the trial. The Eastern S. S. Co. were permitted to withdraw from the case as they were merely custodians of the property. Inches and Hazen appeared for the plaintiff, and Logan and Clarke and Jacques, and Powell and Harrison for the Eastern S. S. Co.

**THE HIGHLANDS OF NASSAU COUNTY FLORIDA**

Hammocks Lands, Clay Lands, Rich Loamy Lands

Surround Hilliard, the Gem of North Florida, Jacksonville's richest suburban land.

High above the low lake and swamp region.

Here is settled a community of Northern people in the heart of some of the richest of Florida's fine old plantations—developing, building, settling, working elbow to elbow with the flower of Florida's native sons.

Here, in the center of a refined civilization with good schools, churches, telephone, the best transportation in the whole south (24 passenger trains daily)—where home life, social life and money making on the land and in business, is unsurpassed anywhere in our entire state—here where more than three thousand northern people have purchased land because they found conditions of living and profit making superior to all others—here, at Hilliard, is where climate, summer and winter, suits Northerners best—here the good lands are still cheap; the best lands in the district can still be purchased as low as \$30 per acre on easy terms.

All lands in the Hilliard district are in charge of the Chamber of Commerce, an organization composed of the leading business men of Hilliard and the Hilliard district.

The Chamber of Commerce owns no land but its officers and directors are pledged to give everyone a SQUARE DEAL who desires to invest in farm land, bungalow home sites, city business or residence property or manufacturing sites; choicest 10 to 40 acre farms will be reserved for you. ## THE PORT BUSINESS IS AHEAD OF LAST YEAR

**Record for 82 Sailings to Date Shows an Increase in Cargo Valuation of More Than \$3,235,000.**

The following is a comparative statement of the winter port exports up to date for this season, over \$21,000,000 worth has gone forward, which shows a gain for this season over last of over \$3,235,000. The valuation of United States exports through this port is over \$2,688,000 over last season and greater than ever before, and it looks bright all along the line for the balance of the season. It is probable that the exports this season will exceed the \$3,000,000 mark.

The following list of steamships shows the valuation of 82 steamships that have filed their manifests at the customs house up to date this season:

## The Chances Against You

"Oh, I will be all right in a few days," says the person who is tired out and has to drag himself to his daily work because the nervous system is exhausted.

Unfortunately nervous diseases do not right themselves, and the wasting process which has brought you to this condition keeps right on until there is a complete breakdown.

You must get the building-up process started, so that, instead of being a little weaker at the end of each day, you will find the balance on the other side and know that you are gradually getting strong and well.

Dr. Charles Newell will help you wonderfully if you only give it a reasonable chance. As the system is built up you will find such symptoms as headache, sleeplessness and indigestion leaving you. You will find old energy coming back. The mind and body will better serve you and you will see a new pleasure in life.

**HELEN GRAYCE COMPANY.**

Perhaps the most successful engagement at the Opera House last year was the appearance of Helen Grayce and her company. The personal charm of this pleasing actress and the strength of her support combined with her excellent plays have not been forgotten. Therefore, more than the usual interest awaits her return, an event that has been fixed upon for Friday, April 5. This season she will fill Friday and Saturday, April 5 and 6, and the two weeks that follow, making fourteen days in all. Miss Grayce is appearing in what is practically an entire new list of plays this season, as it has always been her aim to give her friends and admirers all the latest successes as fast as they can be obtained. That has been one of the reasons of her continued and ever increasing success in the States.

**More Immigrants.**

A party of nine boys who will be placed on farms in the province arrived on the Canadian yesterday, and there was also a small party on the Lake Manitoba. Nearly every boat arriving at St. John now has a party of immigrants sent out by the provincial representative in Great Britain.

Up to date 99 steamships doing winter business here have arrived, representing 429,930 register tons. Nine of the above steamers left this port for Philadelphia and Baltimore.

The smoking concert held by the Knights of Pythias in the Temple of Honor Hall, Main street, last evening was attended by a large number of the Knights and their guests, all of whom enjoyed the musical programme of the first part of the evening and the moving pictures were shown through the kindness of John Golding of the Star Theatre, during the latter part.

In the early part of the evening the Knights and their friends gathered in the spacious hall upstairs where W. H. White, who presided, opened the programme with a few well chosen remarks, after which Professor Holder's orchestra rendered a pleasing selection. The remainder of the programme was as follows: Vocal solo, Ned Bonnell; address, Dr. F. C. Godsoe; P. S. R.; vocal solo, S. J. Holder; musical sketch, J. H. Wilson; vocal solo, F. McKel; reading, Roy Harding; vocal solo, Hugh Campbell; character song, Wm. Smith; address, John Benish.

This finished the upstairs programme and every one present at the command of the chairman picked up their chairs and carried them downstairs where Mr. Golding had set up his moving picture machine. Here the second part of the programme was greatly enjoyed. It was as follows: Moving picture, vocal solo, R. P. Seely; moving picture, vocal review, vocal solo, F. McKel. At the close of the programme refreshments were served and the gathering broke up.
