Don't Bother With Two Pairs of Glasses

A reserve pair of glasses is
good judgment. But having
one pair for near vision and
another for far vision, is in-
convenient and besides the
time.
Efficient are the modern glass-
es. The upper part of the
lens gives far vision, the lower
part near vision. There is no
dividing line in the glass. Ap-
parently it is an ordinary one-
single lens.
We are experts in fitting bi-
focals.
Come in and let us demonstrate
how practical they are.

CLEANLINESS IS HEALTH

By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

Catarrh Does Harm

Whether it is of the Nose, Throat, or
Other Organs, Get Rid of It.
Catarrh of the nose or throat when
it becomes chronic weakens the de-
licate lung tissues, deranges the diges-
tive organs, and may lead to consump-
tion. It impairs the taste, smell and
hearing, and affects the voice. It is a
constitutional disease and requires a
constitutional remedy.
Foley's Kidney, Scraper, which
by purifying the blood removes the
cause of the disease and gives per-
manent relief. This alternative and
tonic medicine has proved entirely en-
tirely satisfactory to thousands of families in
three generations.
If there is biliousness or constipa-
tion, take Foley's Pills—they are a
thorough cathartic, a gentle laxative.
