

FOR AND ABOUT WOMEN

THE WOMEN'S AID MAPS OUT A PLAN

Executive Holds Meeting Yesterday Morning and Appoints Committee — Mrs. Thos. Walker Hon. Vice-President.

The appointing of several important committees was the chief business at a meeting of the executive of the Women's Hospital Aid Association held yesterday morning at the Board of Trade rooms. Mrs. E. Atherton Smith presided.

It was decided to purchase post cards, by which the members will be notified of the regular and special meetings. Mrs. Thomas Walker, by unanimous election, was made an honorary vice president. The time for the regular meetings was fixed as the third Thursday in the month at three o'clock.

The treasurer reported 73 members enrolled, including 6 life members. An account had been opened at the Bank of Montreal.

Reports were read from ladies in other cities, telling of the work of the hospital aids, and giving valuable hints as to the work and social service which such aids can accomplish.

The work of the membership committee was delegated to the Denominational vice presidents. Mrs. E. Atherton Smith taking the convener of the Anglicans. With their sub-committees this branch of effort will be carried on, and interest aroused in the social service side of the work, such as the following up of cases after hospital care is finished, giving advice and assistance so that the patients need not return to the institution.

The duties of the inspection committee were to co-operate with the lady superintendent, and through her find out the requirements of the hospital, in what way the association can be of service. Mrs. Duncan Smith, Matron Edith Hegan, Mrs. A. W. Adams and Mrs. A. C. Skelton were named on this committee.

The visiting committee is to consist of two visitors to be appointed each month, who will visit at the hospital once a week, the day to be set by the superintendent of the hospital. Mrs. Percy Thomson was named as convener for the first month.

The following ladies were asked to meet the committee appointed by the Board of Commissioners: Mrs. E. Atherton Smith, Mrs. Stewart Skinner, Mrs. Condie, Miss Addy, Mrs. Travers, Mrs. J. H. Doan, Mrs. L. Green, Mrs. Jenner. The secretary, Mrs. Travers, was asked to write to the board of commissioners asking them to name the time and place for conference on the proposed work of the Women's Aid.

CARPENTERS' UNION.

The Carpenters' Union held a short meeting last evening in their rooms, Union street. The president of the association presided. Only routine business came up before the meeting as the majority of the members were absent, not knowing the meeting to be held.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things. Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia at their meals.

There is probably no better, safer or more reliable stomach antacid than Bismarck Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestant. But a teaspoonful of the powder or a couple of dr. gran tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin pills or artificial digestants.

Get a few ounces of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisulphated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

FIRST MEETING OF WOMEN'S INSTITUTE

St. John Branch of the W. I. Now an Accomplished Fact — Large Meeting Held Last Evening.

St. John now has a Women's Institute which was formed last evening at a largely attended meeting held in the K. of C. Rooms. At the last meeting of the Housewives' League, it was decided to disband that organization and form a Women's Institute in the City of St. John. Mrs. J. W. V. Lawlor was asked to conduct the meeting last night and she explained in detail the aims and objects of the Women's Institute and the advantages to be derived from such an association.

The American women were cited the facts that a building would be provided for meetings and that short classes would be arranged which would deal with many useful subjects on the lines of home-making and housekeeping.

After a delightful musical selection the Misses Lynch and Miss Marion Hogan, the election of officers was proceeded with, resulting as follows: Mrs. J. W. V. Lawlor—President.

LOCAL MOVIES
AT THE IMPERIAL
Review of Departing Regiments and a Splendid Ethel Barrymore Picture.

Ethel Barrymore, the beautiful actress of international fame, is the star of "Our Mrs. McChesney" at the Imperial Theatre today again. This is the story of a clever woman who retrieves the fallen fortunes of a business firm, for whom she is a traveling saleswoman, by unique and original methods of her own. The head of the firm, a young and attractive man, falls in love with her but she will not listen to his pleadings until she has placed the business on a firmer and more prosperous footing than it ever has been before—despite a rival concern's opposition.

There are many other complications which this clever woman overcomes in her own distinctive way and the double romance which runs through the play provides a variety of brilliant comedy situations. The successful play of that name which in turn was taken from the fascinating stories of Edna Ferber. The role of Emma McChesney is played by Ethel Barrymore with a great deal of dash and vivacity, and she is ably supported by a cast of notable players, including Huntley Gordon, who is seen in the role of T. A. Beck, Wilfred Lytell, Lucille Lee Stewart, John Daly Murphy, William H. St. James, Walter Percival, George Trimble, Sammy Cooper and Fred Walters. Ralph Ince is the director of this clever picture. The Imperial has another feature in its bill that pleased greatly yesterday and none other than real movies of our own city at the time Sir Sam Hughes held the review of the 15th and 14th Battalions at Bay Shore. There were scenes of the people of St. John, the governor and his suite, local military officers and the dear lady who fought for us, some of whom paid the supreme sacrifice. The presentation of colors by Mrs. J. Boyle Travers and the cheering led by Bandmaster Charlie Williams of the old St. Mary's Band, since succumbed to war's ravages some time ago, General McLean, scenes in the harbor and at the Falls, all were very familiar. It was a surprising feature for St. John people. The travelogue concluded with taking the watchers to old Quebec by the St. Lawrence route, showing Ste. Anne de Beaupre, Montmorency Falls and Kent Lodge. Then there was a good comedy reel to wind up with.

Mrs. W. Edmund Raymond — Fourth Vice-President.

Mrs. Hart — Fifth Vice-President.
Miss Marion Hogan — Treasurer.
Mrs. Marcus — Recording Secretary.
Miss Josephine Durack — Corresponding Secretary.

Directors — Mrs. Arthur Burdett, Miss J. Durack, Mrs. John Stack, Mrs. Matthew Adams, Mrs. Lyle Isaacs, Mrs. James McCarthy, Mrs. H. H. Harrington, Mrs. A. McNeice.

Miss Helen Leah Read, of Boston, was asked to address the gathering and she told of the invasion of the British Isles by the women's societies who were allowed to erect on that hitherto carefully preserved park a war village of huts, which was used for many useful demonstrations and lectures.

In some of the cottages dressmaking was taught, or a skilled needlewoman gave lessons in the making over of clothes, in other huts food demonstrations were held and domestic science taught. Miss Read told of the Fair Price Committee, a group of women who ascertain the prices for various articles, and the list was then published in the daily papers. Recently a man was arrested in Boston for charging two cents more than the fair price, showing that the war has not as yet been repealed.

Miss Read described many other efforts of the Committee of Public Safety, and she was heartily thanked for her interesting address.

A solo, "Where My Caravan Has Rested," was delightfully sung by Miss Rita Brennan, accompanied by Miss Rhonda Lloyd on the violin and Mrs. Rayworth at the piano.

Mrs. Ordway, of the Mapleine Company, gave a talk on Mapleine and explained its use not only as a flavoring but as a seasoning as well. It can be used in soups, stews, with several canned products, as well as in the making of maple syrup.

Following this description delicious refreshments were served. Mrs. Ordway, consisting of ice cream and cakes flavored with mapleine.

Mrs. Walter Golding was in charge of the refreshments, assisted by a number of ladies.

Membership cards were provided and a number of those present enrolled as members of the newly formed organization.

Mrs. W. Frank Hathaway was chairman of the committee. Premier Foster promised to give the matter his consideration. Three resolutions passed by this Council regarding this appointment have been sent to the Provincial Government.

GERMANY STILL HOPES TO RULE AND SEES HER CHANCE IN EAST

(By W. O. Gorske.)
Last September two prominent Poles, the brothers Litwinski, were put to death in Moscow by the Bolsheviks. Their execution was reported by the American press without comment because they were not of interest to the American people.

No reasons were given, and we, having grown accustomed to such mere trifles as the loss of a few lives more or less, abstained from asking for details.

It appears now that the Litwinski were executed simply because they had gained knowledge of a certain secret clause of the Brest-Litovsk treaty whereby the Germans agreed not to interfere with Poland.

It is interesting to note that the secret clause of the Brest-Litovsk treaty whereby the Germans agreed not to interfere with Poland, is now being broken by the German government.

Germany's newest allies, the Ukrainians and the Bolsheviks, are crossing Poland in order to leave open that Polish gate which leads from Germany into Russia. How they must rejoice over the news of a Bolshevik revolution, organized by Russians of the Trotsky type, already breaking out in South America, and which may break out any day in North America, that the United States is demolishing its army, and that the British army and navy are grumbling at delays.

Der tag! Der tag may yet come for Germany, and it will surely come if aid, immediate aid is not given by the Allies to Poland.

Two years ago last November I was in poor health. The doctor said it was a case of life, as I was over forty years old, and that I would have to be careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, but I was not to take any medicine, but only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case.

Then they sent for a specialist, as they began to think it was my mind. When the specialist came he was asked for I answered his questions all right. Every day I was getting weaker, and when my husband came he could read his thoughts, and said nothing.

Next day a friend came with a cab and took me to their home. They got me to bed, and I was given some medicine. I started taking them and began to get better, and at the end of two weeks, I could walk around the room, and now I feel well and able to do my own work.

WEDDINGS.
Baker-Scott.
A pretty wedding was solemnized last evening at the home of the officiating clergyman, the Rev. J. A. MacKean, 72 Leinster Street, when Miss Isabelle Scott, daughter of Mr. and Mrs. E. H. Scott, 40 Main Street, became the bride of William Baker, formerly of Plaster Rock, N.B., and a former sergeant in the original 24th fighting unit of this district, having seen three years active service overseas. The ceremony was somewhat hurried, as the bride had been waiting for a good many days for the wedding, and a sister and brother of the groom supporting the groom and bride respectively.

After the happy ceremony the young couple returned to the home of the bride, where a dainty wedding supper was served at which invited guests to the number of fifty seated themselves at the excellent repast.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantage of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Prepare the recipe at home or get from any drug store a bottle of "Wyneth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, no one can possibly tell, as it dyes so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears, after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

After supper, all enjoyed themselves in games, music, dancing, and were entertained at intervals by vocal and instrumental selections.

The guests, after wishing the happy couple the best of wishes, accompanied by some beautiful tokens of esteem, returned homeward. The groom is a son of William H. Baker, of Plaster Rock, and the bride was formerly a native of Moncton, but with her parents recently removed to St. John. Their wedding gifts consisted of a China set, silver cabinet, and other useful gifts. They will reside in the city.

SOLDIER WRITES FROM ENGLAND
Private Henry Donovan of Enniskillen Station Tells Friend of Conditions — Says England Great Place for Rain.

Private Henry Donovan, Enniskillen Station, N. B., now stationed at Witley Camp, England, writing under date of January 25th, to a friend in the city, stated that at the time of his writing, England was experiencing a somewhat miniature snow storm, or the first time during the present season. Shortly afterwards rain ensued making it particularly disagreeable, and added, "I never saw such a place for rain as England."

Continuing, he made mention of the proposed removal of their quarters the day following the date of his letter, to Rippon, Yorkshire, a place 30 miles distant. Unfortunately he was

numbered in the details section, and was forced to remain after the removal of the camp, to readjust affairs to a pre-war basis.

As, all soldiers, he dreaded removal from place to place, as comfort was a minus quantity in such removals, especially for the details sections, the trains in England not being near as comfortable as Canadian troop trains. In conclusion he added he was well and wished to be remembered to his old friends. Relative to his character relative to the homeward trip had been made, or even rumored.

"Yes," he hesitated, the bridegroom, "these cakes are pretty good, but don't you think there ought to be just a little more?"

"Your mother made them," interrupted the bride quickly, "—of them?" ended he.

"Fresh Paint."

"Waiter," he cried, sniffing the air suspiciously, "never mind that order now; I can never eat when there's a smell of fresh paint around."

"If you'll just wait a few minutes, sir," replied the waiter, "then two young ladies will be going."
