One-halt of the County fund is to be apportioned and paid semi annually.

No public moneys will be received by Districts which fail to establish Schools under the Act. It will be observed that the amount of Provincial and County moneys to be expended in any District in aid of Schools will depend almost exclusively upon local exertion, or the direct efforts made by the people of the several Districts in maintaining their own Schools. The sum to be received by the Teacher from the Province is definite, but the exact amount that will be received by the Trustees from the County Fund on account of the average attendance of pupils, cannot be known at the time of the School neeting. The meeting should, therefore, be careful in voting its estimates to authorize a sum amply sufficient to enable the Trastees to meet the liabilities of the School year. Any balance remaining in the hands of the Trustees, is, of course, t. be carried to the credit of the next School year, while any deficit arising from an authorized expenditure may be carried forward and provided for in the estimates of the following year.
