### Toronto-Sarnia Highway Is Urged Upon Legislature

PROVINCIAL MINISTRY WILL NOT CURTAIL PROGRAM BECAUSE OF ANY MONIES RECEIVED FROM THE DOMINION GOVERNMENT.

TORONTO, March 27.—Municipal representatives from cities, towns, villages and counties along the direct route from Toronto to Sarnia, together with a number from other centers, invaded the Parliament buildings to-day

to impress upon the Government the necessity for a provincial highway between Toronto and Sarnia via Brampton, Georgetown, Acton, Guelph, Kitchener, Stratford, St. Marys and Parkhill and through the fruit belt near Arkona and Theedford.

The deputation, which was one of the largest ever seen here, included representatives from Sarnia, Parkhill, Theedford, Forest, Mitchell, Seaford, Clinton, Goderich, Stratford, New Hamburg, Kitchener, St. Marys,

Guelph, Baden, Georgetown, Brampton, Acton, Listowel, Palmerston, Hanover and the counties of Lambton, Huron, Perth, Wellington, Waterloo, Halton, Peel, Grey, Bruce, North Oxford and North Middlesex.

Start of Proposal.

Some months ago, when the project of a provincial highway from Toronto westward to the international border was mooted, the representatives of a northern route made a strong bid for the highway. The Government, however, after giving careful consideration to the matter, decided on the more southerly route through Hamilton, Brantford, Woodstock and London. Now the advocates of the northerly route are urging the Government to proceed with both routes.

Hair Health

The preparatory work for yesterday's demonstration was done last month, when a resolution, adopted at a meeting of municipal representatives, held in Stratford, was passed on and approved by the various municipalities. The resolution, which was submitted to the prime minister, called upon the Government to commence the work immediately, and to proceed with survey work with a view to the later construction of a feeder system which would accommodate the territory north of the proposed highway and east of Lake Huron.

The need for the highway was voiced by about a dozen speakers, who were introduced by Wellington Hay, M.P.P. for North Perth. Those who spoke were S. W. Wilson, crown attorney, of Sarnia; Mayor Stevenson, of Stratford, Hon. Nelson Monteith, former minister of agriculture; W. D. Euler, M.P., of Kitchener; T. J. Hannigan, of Guelph; Major Grant, reeve of Georgetown; Mayor Bull, of Brantford; Mayor Moore, of Acton; Deputy Reeve Clarke, of Goderich; Reeve Bohlender, of Waterloo; Reeve Jennings, of Theedford; Mayor Nesbitt, of Sarnia, and Reeve Beavers, of Exeter. The addresses were all brief, the speakers chiefly emphasizing the fact that the people of the district to be served are practically unanimous in demanding the highway.

Premier Sympathetic.  
The prime minister, in replying, stated that he accepted the presence of such a large deputation as evidence that the Government in the general policy of aggressive road construction has the whole-hearted support of the people of the province.

"Your representations will receive our best thought and consideration," he promised. "I am not in a position to give you an answer to-day. You will readily understand that. An undertaking of the magnitude of the one you suggest cannot be lightly entered upon."

In agreeing with the statement that the people are demanding roads, the prime minister pointed out that not in one or two years could the scheme of road construction that the Government had in mind be worked out, but in view of the present circumstances the Government proposed to go on with construction as actively as possible in order to provide employment and create faith and confidence in the people.

In referring to the federal grant the prime minister said that the Government was waiting to see the promise given effect in legislation. "I can assure you," he said, "that there will be no curtailment on the part of the province in its expenditure by

PAULINE LAWRENCE

The Star Theatre will be the scene of an unique recital on Thursday evening April third when Mr. D.S. Cullen will introduce Glyn Ellison, the talented Scotch baritone, to a specially invited audience of music lovers.

Mr. Ellison is a graduate of the London Royal Academy where he won a number of scholarships and medals. This versatile Scotchman is known and loved in almost every corner of the world through the attractiveness of his programmes and his charming personality. There seem to be no field of musical endeavour in which he has not excelled.

In London he made a very favourable impression in musical comedies. In Europe and Australia he has sung in leading baritone roles in grand opera and in America he has been equally successful both in vaudeville and concert work. His appearance generally invokes enthusiastic applause.

Mr. Ellison will be assisted by Miss Pauline Lawrence, the gifted young pianist.

### Eyes Weak?

If your eyes are weak and work strained; your vision blurred, if you find it difficult to read and must wear glasses, go to your druggist and get a bottle of Bon-Optic tablets. Drop one in a fourth of a glass of water and bathe the eyes two to four times a day. Stronger eyes, clearer vision, and sweet relief will make you tell your friends about Bon-Optic.

Note: Doctors say Bon-Optic strengthens eye sight 20% in a week's time in many instances.

### Girls! Draw a Moist Cloth Through Hair, Double Its Beauty

Try this! Hair gets thick, glossy wavy and beautiful at once

Immediate?—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time! This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments your hair will be doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy as first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Kniverton's Danderine from any drug store or toilet counter for a few cents.

### Gas in the Stomach Is Dangerous

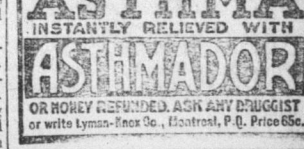

Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so called "acid indigestion." Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

reason of any money we get from the Dominion Government. It will only stimulate us to greater energy. The money we receive from the Ottawa Government may enable us to undertake a greater mileage of provincial highways than we otherwise could."
