

The February Furniture Sale

OUR STOCK IS NEW—in design, in style and in actuality. We have cleared out all the old stock of the old department, and filled the space of a city block with new, modern, tasteful furniture such as the best factories on this continent produce.

We make February a month of Substantial Reductions in Furniture Prices.

And we are going to seize the opportunity to clear out all the reserve accumulated in our warehouse—the Front Street building where we store our goods. The furniture has never been unpacked. It is perfectly new, fresh and unscratched.

As to the savings, you will see how appealing they are from the following brief summary :
