June 19, 1919.

Dear Major Smith,-

In reply to that part of your letter of the 11th instant, which has reference to the need of a hospital, I may say that we have noted the remarks made by Doctor Davis in connection with this subject. We should like, however, to have Doctor Davis elaborate his ideas as to what should be done, and make recommendations with respect to the size and location of the hospital, and so forth.

Yours truly,

Deputy Superintendent General.
