

25/6/34392.

April 19, 1934.

Sir:

As it is understood that it is proposed by your Department to construct a thoroughfare through the Indian Residential School Reserve subdivision at Alert Bay between Park Street and Boundary Street running through lots numbered from 1 to 9 and leading to the local cemetery, I would request that you be good enough to submit a formal application together with tracing, blue prints and description so that the matter can be taken up in due course with the Department. In the meantime I have asked the Indian Agent to keep in touch with your district Engineer in connection with this matter.

Your obedient servant,

P/AG

G. G. Perry,
Asst. Indian Commissioner for B.C.

P. Philip, Esq.,
Chief Engineer,
Department of Public Works,
Parliament Buildings,
Victoria, B.C.
