THREE RIVERS BRICKS

FOR SALE

BY JAMES SEATON,

No. 1, St. Peter Street.

6th September.

FOR PUBLIC CONSIDERATION.

**IN** an instance, has prevalent infatuation been pro-  
 ductive of more deplorable consequences, than  
 the blind concession that the members of the medi-  
 cal profession alone are competent to administer  
 remedies for disease. The general countenance  
 which is given to this prostrating pretension of  
 an interested class, is one of the most prolific  
 sources of disease, suffering, and early death. How  
 many thousands of persons there are, at the mo-  
 ment surrendering their constitutions to the insi-  
 dious inroads of almost every variety of human  
 malady, from their reluctance to incur the expense  
 of consulting a physician, and from their silly pre-  
 judice against the most simple medicines, unless  
 sanctioned by the mysterious authority of a pretendedly  
 learned prescription? If they could see that pres-  
 cription in plain English, they would find, in a vast  
 majority of cases that it ordered nothing in the  
 world but a little rhubarb or senna or jalap, or  
 aloes, mixed with sugar and water, and mystified  
 with a little peppermint, or some other scented  
 drug; and a simple cathartic like this is generally  
 efficacious. But the druggist keeps the prescrip-  
 tion, and when the patient gets ill again he has again  
 to consult the physician, instead of procuring for  
 himself, at a mere fraction of the original expense,  
 the wonderful remedy which had relieved him. It  
 is that a majority of the population of every civil-  
 ized country suffer disease, and work its insidious way  
 into their system, because the relief they derive  
 from medical aid is at once expensive, transitory,  
 and difficult of access; and thus is exemplified the  
 memorable confession of an eminent physician,  
 that "Prescriptions in the Roman language have  
 indirectly killed more than all the Roman armies."  
 A medicine so compounded that it will clean-  
 se the alimentary canal of all its feculent accumula-  
 tions and incumbrances, give a new and invig-  
 orating action to all the viscera that contribute  
 agency to the digestive functions, and by promot-  
 ing the insensible perspiration, relieve the whole  
 system of febrile and inflammatory symptoms, must  
 be considered a great blessing to mankind, if  
 rendered at a price which places it within the  
 reach of all classes. If it have an extensive sale,  
 it cannot fail to work more cures, and to do far  
 more general good, than all the members of the  
 medical profession combined can possibly accom-  
 plish within the comparatively narrow limits of  
 their private practice. Such a medicine the public  
 has in MOFFAT'S LIFE PILLS and PHENIX  
 BITTERS, the efficacy of which are established  
 throughout the United States, and voluntarily cer-  
 tified by thousands of individuals whom they have  
 relieved and cured. It is in vain that the interest-  
 ed denouncers of popular medicines attempt to in-  
 clude them in their indiscriminate opprobrium.  
 Facts bear testimony and are more stubborn even  
 than prejudices. Could the most eminent and suc-  
 cessful physicians that ever lived collect so many  
 testimonials of remarkable cures, and of so exten-  
 sive a relief from suffering under an almost end-  
 less variety of human diseases as have been spon-  
 taneously presented to the proprietor of the LIFE  
 PILLS and PHENIX BITTERS during the last  
 two years? He believes not, and would be happy  
 to put the question to the test.

The pre-eminence reputation of these medicines  
 being firmly established upon the basis of innu-  
 merable facts, it only remains necessary to inform  
 persons who are unacquainted with them of some  
 of the multitude of maladies in which they have  
 repeatedly proved successful, and in which  
 therefore, it may confidently be prescribed they will  
 succeed hereafter: 1. Dyspepsia, both chronic and  
 casual, under the worst of symptoms of restlessness  
 and pain, flatulency head-ache, nausea, loss of appet-  
 ite, heart-burn, costiveness, bilious sallowness,  
 general debility and wasting away of the body. 2.  
 Head-ache, febrile, nervous, serous, intermit-  
 tent, bilious, or tubular. 3. Jaundice, both bil-  
 iary and spasmodic, hepatic, infantine, and of the  
 dark green variety. 4. Helminthia, or worms,  
 both green and anal, and of every variety, from  
 the large tape and joint worms to the minute larvae  
 of the stomach and rectum. 5. Piles, of the blind,  
 the bleeding, the white and the caruncular varie-  
 ties. 6. Costiveness, whether arising from con-  
 stipation or obstruction, and of howsoever long  
 standing. 7. Colic, the flat, the painter's, the  
 constipated, the constructive, and flatulent. 8.  
 Coughs, the common or humid cough, and the dry  
 and the whooping cough. 9. Asthma, the nervous  
 or dry and common or humid. 10. The Breast  
 pang, acute and chronic; and also Pleurisia, or  
 chronic pain in the side. 11. The Daily Fever,  
 whether of the mild, the acute, or the sweating  
 variety. 12. Fever and Ague. 13. Influenza, in any  
 stage. 14. Dysentery, acute and chronic. 15.  
 Rheumatism, acute and chronic, together with po-  
 dagra, or gout. 16. Marasmus, whether as general  
 atrophy or loss of flesh, or pulmonary decline and  
 consumption, if taken before cavities have been  
 formed in the lungs. 17. Scrofula—singularly and  
 rapidly efficacious even in the worst cases. 18.  
 Nervy. 19. Hypochondriasis, and all other ner-  
 vous affections. 20. Spasmodic Palpitation, of the  
 heart and of the arteries. 21. Head-ache,  
 if it is evident, therefore, that these medicines are  
 compounded of ingredients which act upon the  
 system universally, and not mere aloetic prepara-  
 tions. They act without causing pain, or produ-  
 cing any protrusion of nervous energy, and, on the  
 contrary, strengthen, invigorate and enliven, from  
 the first day's experience of their operation, until  
 the period of convalescence. Directions for use  
 accompany them.

By all post paid letters will receive immediate  
 attention.

 principal druggists in every town throughout the

 a fac simile of John Moffat's signature is upon the  
 label of each bottle of bitters and box of pills.

The following article is warranted to cure  
**PILES, RHEUMATISM, all SORES, &c.**  
 or no pay taken for it.

TWO PHYSICIANS AND PATIENTS.—

The Blind Piles, said to be incurable by  
 external applications.—Solomon Hays warrants the  
 contrary. His Liniment will cure Blind Piles.  
 Facts are more stubborn than theories. He solicits  
 all respectable Physicians to try it upon their pa-  
 tients. It will do them no harm, and it is known  
 that every Physician who has had the honesty to  
 make the trial, has candidly admitted that it has  
 succeeded in every case they have known. Then  
 why not use it? It is the recipe of one of our  
 most respectable members, now deceased. Why  
 refuse to use it? Because it is sold as a prop-  
 riety medicine? Is this a sufficient excuse for re-  
 fusing their honest patients to lingering in distress?  
 We think not. Physicians shall be convinced that  
 there is no humbug or quackery about this article.  
 —Why then not alleviate human suffering? If  
 they won't try it before complaints are arrested and  
 prescriptions fail. Physicians are respectfully re-  
 quested to do themselves and patients the justice to  
 use this article. It shall be taken from the bottles,  
 and done up as their prescription, if they desire.

SOLOMON HAYS.

PILES,—DROPSY,  
 SWELLINGS, ALL SORES,  
 RHEUMATISM.

It is absolutely asserted, on the most positive  
 proof, that he had used Hays' Liniment for  
 the Piles, and that the effect was very astonishing,  
 and that he felt it his duty to make known as far  
 as in his power, to his suffering fellow men,  
 such an extraordinary article was in existence.—  
 He said he would cheerfully lend his name, and sit  
 in extending its usefulness. This but one of us  
 may safely say hundreds who have given like tes-  
 timony.

GENERAL DUFF GREEN.

So well known as Editor of the late Washington  
 Telegraph, is referred to for the truth of the fol-  
 lowing:—

General Green a few days since asserted in a  
 public place, that he had used Hays' Liniment for  
 the Piles, and that the effect was very astonishing,  
 and that he felt it his duty to make known as far  
 as in his power, to his suffering fellow men,  
 such an extraordinary article was in existence.—  
 He said he would cheerfully lend his name, and sit  
 in extending its usefulness. This but one of us  
 may safely say hundreds who have given like tes-  
 timony.

SOLOMON HAYS.

WONDERFUL !!

An Astonishing Fact!—Hays' Liniment has  
 been used in some thousand cases, and no failure  
 can be found. It will cure every and all cases  
 of Piles. No charge without such result.—Apply to

LOOK OUT FOR IMPOSITION.

EP A base attempt has been made to imitate  
 Hays' Liniment, and infringe upon the copy so  
 other rights of the proprietors. Never buy Hays'  
 Liniment, unless it has a splendid engraved wrap-  
 per, and the written, and printed signature of  
 COMSTOCK & CO., all others must be imposture.  
 Any persons sending any other article, by the  
 name of Hays' Liniment, either by wholesale or  
 retail, will be prosecuted for a violation of our  
 copyright. The seal of Mr. Hays may be found  
 copied in our inside wrapper, securing that no  
 other person knows any of the component or  
 essential parts of this Liniment—and that he will  
 reveal the secret for twenty years.
