

THE PREMIER COMPANY
THE PREMIER GOODS

WINNER OF GOLD MEDAL
AT WINNIPEG

MADE IN CANADA

Sawyer-Massey Gas Tractor, 27 50 H.P.

WHO MAKES THE MOST MONEY?

Who makes the most money, the man who does all his work by hand or the man who runs a machine and lets it do his work for him?

Labor saving machinery has made big production possible. It has made agriculture in the Canadian West what it is to-day. In the years to come our farms will be much more productive than they are now, through new labor-saving machinery.

And now and in the future as well as in the past, it is the man who has the best machinery and gets the most work done for his own personal efforts who will make the biggest profits.

SAWYER-MASSEY owners get the biggest profits of all, for their machines are the best. Eighty years ago the SAWYER-MASSEY COMPANY built the first thresher in Canada, and has held the lead in farm power machinery from that day to this. It has kept pace with every development of Canadian agriculture. Its success is due to the success its machines have achieved, and its reputation everywhere is the result of the efficient design and careful workmanship which goes into every machine.

The SAWYER-MASSEY Gas Tractor has been proven the best in Canada.

SAWYER-MASSEY Steam Tractors are built in many styles and sizes to meet the requirements of every farmer and thresherman. Each is the most efficient for its size that can be built. One of these tractors will make money for you.

Our new Illustrated Gas and Steam Tractor Catalogues explain in detail the full line of SAWYER-MASSEY Machinery. Write for your copy to-day.
