Do You Keep Cows

THE CREAMERY PATRON'S HAND-BOOK

Contains the things the dairy farmer should know and practice to the speedier attainment of a satisfactory income from his dairy and the pleasure and profit that comes of dairy work well and skilfully done. Beautifully illustrated; a book to be studied rather than read, to have its application in daily practice rather than lose itself in the mere knowing, to lead on to achievement rather than idly to entertain.

Such contributors as Hon. W. D. Hoard, President National Dairy Union; H. B. Currier, Chas. Y. Knight, C. F. Curtiss, C. P. Goodrich, W. A. Henry, and several others who are well known, is a guarantee of value. The price very low, \$1.00, postage paid. **FREE** for four subscriptions to THE FARMING WORLD. Samples and printed matter on application to
