

DENTAL COLLEGE.

Rugby Football Club was organized on Wednesday of last week. Although the team which represented the Dental College last year was wiped out of existence in their first game, still we are not discouraged, and are busily engaged getting together a strong aggregation to put in the field in the intercollegiate games. The club organized with the following officers: Hon. President—Dr. Primrose. President—O. K. Gibson. Vice-president—Dr. Chinn. Secretary-Treasurer—A. G. Fraser. Senior Rep.—W. S. McKay. Junior Rep.—G. Gillfillan. Freshman Rep.—Fife.

Look out for us, as we have a practical man at the head of affairs, and new suits are in process of erection. Owing to the inclemency of the weather for the past week, many games of both football and handball had to be postponed. We have, however, to note that on Friday last the Dental II. defaulted to S.P.S. II. in Association football. The default was due, no doubt, to the unsuitability of the weather, and also to the fact that the team were considered to be out of the race, having been defeated by McMaster II.

Thursday evening last was the occasion of Trinity's dinner. Dr. Chinn was elected representative from the Dental College, and we have no doubt acted royally in that capacity, replying in eloquent terms to the toast, "Dental College," still we wonder if he made his remarks "on his feet." We have reason to believe that the sport in connection with an occasion of this kind commences, not on the evening of the event, but as much as 24 hours previously, and lasts well nigh the close of the succeeding day.

The first meeting of the Royal Dental Society took place on Monday evening of last week. The attendance was indeed large, considering the very undesirable state of the weather, and speaks well for the future of the society. The discussions which followed the reading of two very excellent papers shows clearly what a lively interest is being taken in matters of this kind. The programme consisted in main of:

Mandolin selections by Badgley. Essay—"How to Study," by French. Speech—Dean Willmott. "Chorus"—Led by Scott. Essay—"Exclusion of Moisture," Dr. McBride. Solo—Davy. Recitation—McKenna. Speech—Dr. Webster.

We understand that the quantity of work done by the Class in the Infirmary is not all that is desired, but this, to some extent at least, may be traced to the fact that some insert temporary plates while others are inserting temporary gold fillings.

Our "Capital" man, who has so much "time on his hands," wandered into the Infirmary on Tuesday of last week. While there he assisted K. C. in his capacity as demonstrator, and directed much minute technique "in the mouth." Incidentally he hovered near a chair where a senior was engaged at "Field Practice." The senior trained his "Long Tom" on the bumptious freshman. Casey took the bat and allowed our friend to make a home run, but in doing so turned around the wrong way and landed in the office with a look of dismay on his face. The sympathetic clerk set him on the right track, and now our friend firmly believes in the policy of the "open door." At present he occupied the unique position of demonstrator to the lady representative.

The freshmen greet "Ross Thomas" again after a week's illness. We are much pleased to see him at work. It is reported that Little and Sharpe may be seen any evening on Yonge street about six o'clock marking time in front of McKendry's. With the advent of the two fair "millionaires" they are seen to take a northerly direction. We will await developments. One is seen to stop at Lundy's Lane, the other at Gallows Hill.

Freshmen are known to keep everything except the Sabbath. One man is known to have 3 cornucopia wheels, 5 checks, 4 spatulas, 6 saucers and 3 bowls, and is now figuring on having a sale of his effects for the benefit of his creditors.

All the students will turn out to the Y.M.C.A. concert on Monday next, in Students' Union building. An excellent programme has been prepared. Prof. Lang will sing. College Topics will add its small contribution to the evening's entertainment.

A few Tories, but mostly Grigs, are wondering when their little accounts are going to be paid up. However, it is time lost in a good cause.

PHARMACY.

The Pharmacy Football Team lined up on Varsity Campus on Tuesday afternoon last to meet the second team of St. Michael's, but owing to the frail structure of the St. Michael boys they were afraid to face the storm in store for them. Pharmacy never had a stronger team on the field than the one which donned the white on Tuesday last. The president of the association gave Pharmacy the game by default.

Immediately after the Campus was cleared the Toronto Junction team and the Harbords played, the game resulting in a victory for Toronto Junction team.

The regular meeting of the Y. M. C. A. in connection with the College was postponed from Tuesday afternoon until Thursday for the purpose of waiting to have the privilege of hearing Dr. Barrie, who had accompanied the first contingent to South Africa in the interest of the Y. M. C. A. Dr. Barrie, we are proud to say, is a graduate of the College of Pharmacy and one of the Gold Medalists of his term. His lecture was very interesting and touched on many points of which we were in utter darkness. Dr. Barrie gives all the credit to Lord Roberts for the success accomplished by the workers of the Y. M. C. A. during the campaign. He also mentioned Sir George White, Lord Methuen and others as being of great help to them. Then he explained that how under so many difficulties the meetings were so successfully carried on and so much good work accomplished. He said that not only while they were in camp were the meetings held, but in the trenches while the men were there on duty, not knowing at what time they might be attacked.

The doctor spoke very highly of the Canadian regiments, and said they were surpassed by none and equalled by few. He then spoke of the Red Cross Society in glowing terms, who had supplied so many comforts for the men. He ended his address by saying that he had many fond recollections of his student life while attending Pharmacy, and that they would always be cherished by him as being those of the best days of his life. The doctor on taking his seat was again applauded, showing that every one present was deeply impressed by his address. Our worthy Dean, on behalf of the Class, thanked the doctor for having given us the pleasure of again having him amongst us and for the instructive address he had delivered. The president closed the meeting by singing Hymn 117, after which we were dismissed by prayer, all feeling much better after spending such a fruitful hour.

Our representative, Mr. A. C. E. Ferguson, to the Trinity Meds. dinner on Wednesday last, speaks in the highest terms of the Trinity Meds. He says the representatives from the different colleges were entertained as though they were kings, etc., and that the dinner was such as they might be justly proud of.

Immediately after Prof. Scott's lecture on Thursday morning the Class made their way to the front of the College, where they had a group picture taken, the only professors being present were Professors Dean Herber and Scott. We also noticed the favorite of the School in the group. Can you guess who?

Our worthy Dean kindly called off the Pharmacy lecture on Saturday morning to allow those who wished to take in the football match, Pharmacy vs. Victoria II. The results were too late for this issue, but will appear in next week's.

Tuesday (to-day) is the next scheduled match for Pharmacy.

ST. MICHAEL'S.

Class of '01 held their elections on Friday last. Here is the list of officers: President, P. J. McGrath; vice-president, A. E. Morley; secretary-treasurer, W. C. Sheehan; poet, A. J. McCaffrey; marshal, C. E. Burke.

S.M.C. did herself proud the past week. Last Saturday she defeated the Dents at handball by 22 to 20. On Monday, after a close game with Victoria, she came out victorious by 16 to 15. The Medical students proved easy victims on Wednesday, score, 24 to 13. Messrs. Hehir, Dooley and Shannahan represented the series, and made a very fine showing. The league standing is as follows:

Table with 4 columns: Colleges, Won, Lost, Points. Rows include St. Michael's, Victoria, Dents, and Medicals.

Not many moons ago the spirits moved us, and here is the result:

He heaved a sigh. But on he went; He never paused for breath. "Ten quarts of wind have I," He quoth, "I'll never stop till spent." Poor boy! he died next day, they say. He is now in that Great Mansion. Professor S— never knew that he was in favor of "expansion." St. Charles "Lit." meets on Friday evening next, at 8 o'clock. A small "golden" haired boy was born out of "wedlock" to a noble hearted "Tanner." Cuff after "cuff" had he received, and a "Savage" temper was his. Now, "Marlin" was this child's name; and one day, as we were walking through the Commons, familiarly known as the "Parkes," we saw him, dressed in a light suit of "Pepper" and salt goods. He was "Cryne," and his face was covered with "Gore," where he had received numerous "Burns." An old lady, "Nealon" down beside him, asked him his trouble. He told his story, and she prayed that the "Devine" Justice would overtake the

author of the outrage, saying to the crowd now assembled that they should "Lynch" the probable murderer. We delayed no longer, and know but little more of the case. However, we heard that on the "Morrow" the "Curtin" of his life "Doley" rung down, and he "kicked the bucket," exclaiming: "I'm 'Dunn' for!"—A. "Con." On Doyle, (Weeping, gnashing of teeth, tears, etc., to be supplied for our next issue.) "Climb down the ladder step by step; Never try to jump."

Now this is the motto of poor "Hick" since he got that awful bump. Mr. Felix Girardot, Sandwich, Ont., has entered the commercial department.

Edward Reginald Fields had the misfortune to sprain his ankle in last Saturday's football practice. However, he expects to get in the game on Monday against the senior Meds.

The Association football game between S.M.C. and College of Pharmacy was postponed on account of the unfavorable condition of the ground.

"Jack" Brouters has resumed his studies, after a vacation of several weeks.

The Kenyons defeated III. team last Saturday by the small score of 26 to 0. Owing to illness (and other reasons) neither G. Tascher nor S. Murphy were able to distinguish themselves.

In Geometry, Professor—What is a chord? Musician of Ability—A chord is any number of notes slapped down simultaneously.

Series B of the Intercollegiate Handball League will commence on Monday, when S.M.C. plays Dents on the latter's alleys. A close game is expected. Messrs. Callon, Murphy and Gibbons will represent the light and dark blue.

That Worcester boy likes to read Tennyson's "Recollections of the Arabian Nights." The fifth line of stanza I. says: "And many a 'Sheen(y)' summer morn," etc.

You were not dreaming, Clement, you were wide awake. Our bi-weekly spasm—we can't help it:

I. The bell had rung at early morn, And up in bed he sat, forlorn, Looking around in blank dismay, From off the bed on which he lay.

II. A form was seen to glide up quick, A gentle lift just did the trick; And from the floor the wearied arose, To dress up quickly, you may suppose. Who stole Arthur's driving cap?

ST. MICHAEL'S ANTHEM. God bless Alma Mater's name, May the bright but hidden flame, Which has smouldered in our midst so very long; Once more diffuse its light, As ever nobly bright, Whilst the nations round her halls do fondly throng.

CHORUS. God bless St. Michael's, pray we loudly, May Heaven's choicest blessings on her fall; And may she ever stand as the Queen of this fair land, Teaching, preaching, truth and charity to all.

Where our saintly fathers lie, We shall raise our banners high, Neath its folds shall marshal every generous man; And embazoned there shall be, Marked in letters bold and free, "Ad Majorem Dei Nostri Gloriam." (Chorus.)

Then brothers up and on, For the battle must be won, No matter what may trouble or annoy; And triumphant we will sing, Oh, 'tis all for Christ, our King, Till we reach the home of happiness and joy.

CHORUS. God bless St. M., pray we loudly, May Heaven's choicest blessings on her fall; And may she ever stand as the Queen of this fair land, Teaching, preaching truth and charity to all.

McMASTER. The annual intercollegiate convention will be held in the Hall on Thursday, Friday and Saturday of this week. We are very sorry to learn that Mr. J. R. Coutts has left McMaster for the remainder of this college year, but we hope to see him back next October to finish his course. Mr. Coutts will be greatly missed, not only by '02, but by the student body.

In view of the coming Ladies' Open Lit., which is to be held December 7, the young ladies are sparing no pains to make it a complete success. Since this branch was organized more interest is being taken in the work by the ladies every year, and this year's meeting is eagerly looked forward to by the students and friends of the University.

On Saturday afternoon the Debating Club held its regular weekly meeting. The subject for debate was "Resolved, That war is detrimental to civilization." Mr. John Whiten was the leader for the affirmative, while Mr. I. L. Dodds supported the negative. Voluntary impromptu speakers on each side of the house discussed the question. At the close of the debate a committee which had been appointed for the purpose, summed up the arguments and rendered their decision in favor of the affirmative. The meeting was thoroughly enjoyable, and the club is growing both numerically and intellectually.

The officers for the ensuing year are: President, V. A. Ray; secretary-treasurer, P. C. MacLaurin; committee of management, R. V. Bellamy, D. J. Welsh, F. C. Mabee.

The remainder of the McMaster games, held over on account of the inclement weather on Sports Day (the 26th ult.) were run off on Monday af-

"Ugh! It's Cold." "Hulloa! Jones, you look cold, what's the matter?" "No-o, I h-h-haven't got the a-a-ague n-nor i wasn't out last night—ugh! it's cold." "Ordered an overcoat ten days ago from Stitcher, and it isn't done and won't be for a week—I'm nearly frozen." "Better follow my example, old man, and get a quick delivery 'Semi-ready.'"
