Extract from Minute Book of the County Council of Middlesex.

We earnestly recommend the usefulness of the Agricultural Emporium established by Mr. Wm. Weld of London, for the dissemination of superior stock, seeds and implements among the farmers of the Dominion, more especially at this time, when from the ravages of the midge and other causes, our wheat crops are diminishing yearly. The exertions of Mr. Weld to procure new kinds of seed are praiseworthy. We also recommend his paper the "Farmer's Advocate," to the support of all persons interested in the success of Agriculture. And your committee would also recommend Mr. Weld to the favorable consideration of the Legislature of Ontario, praying that honorable body not to overlook the claims of Mr. Weld to encouragement in the efforts he is making for the advancement of our Agricultural interests.
JAS. KEEFER, County Clerk.
