The officiating minister at the Welsh chapel in the hills was of English extraction, but he did his best with the Welsh names in the intonation given to him to read from the pulpit. "This was the conclusion of his announcement, 'And, dear friends, on Friday night there will be the usual meeting of the Ymka.' The congregation were ravished as to the identity of the Ymka, all except the author of the document who knew he had written 'Y.M.C.A.' 'Ymka' is the name, London.

Current Events.

The Military Service Bill passed the Senate and was returned to the House with a single amendment asked for by the Government. It becomes law immediately.

Brigadier General Arthur Currie, first Canadian head of the Canadian overseas troops, has been knighted by the King.

Sir Richard McBride, former Premier of British Columbia, died in London, Eng.

Italy has decided upon a standardized shoe "of stout make and reasonable price."

The famous German regiment known as Malkaer or "Cockchafers," has been practically destroyed by Welsh troops.

Recent despatches state that the reports in regard to the serious state of Kerensky's health are unfounded. He is again at the front, trying to inspire the soldiers.

Herbert C. Hoover, Food Administrator of the United States, has declared prompt war on food speculators and profiteers in the United States, the President and Congress having granted him full power to deal with all such selfish and unpatriotic people. The day on which he was formally appointed to the office, Aug. 10th, was his 13rd birthday, and President Wilson sent him as a gift the pen with which the food control bill had been signed.

Great Britain has refused to send delegates to the Socialist Conference called for by the Council of Workmen and Soldiers of Russia, which is to be held in Stockholm, Sweden, in September.

During the week British troops made further gains east of Ypres and the French in the vicinity of Bixchoote, while the Canadians made an advance west of Lens. Berlin reports a gain near St.

Quentin. On the Roumanian front, notwithstanding the strenuous efforts of Kerensky and Korniloff, the Teutons continue to advance, threatening to over run Northern Roumania and Bessarabia. The Roumanians are reported as fighting stubbornly. Italy reports a series of attacks made by her triplanes on the Austrian naval port, Pola.

Germany has demanded a loan of gold from Switzerland in return for shipments of coal. This is believed to indicate that the Teutons are coming to the end of their resources for buying from such neutrals as they are still able to deal with.

Markets

Montreal Produce.

(Continued from page 1,285)

Horses.—Nothing took place during the past week to stimulate interest in the horse market. The Government continued to make purchases for war purposes, but outside of this it would not appear that any horses have been changing hands. Prices continued unchanged.

Dressed Hogs and Provisions.—There was practically no change in the market for dressed hogs during the past week, but the tone of the market was influenced by that of live hogs and the tendency of prices was upwards. Abattoir fresh-killed stock was quoted at 23½c. to 24c. per lb.

Potatoes.—The outlook for the coming crop is generally considered satisfactory, both in Canada and in the U. S. and predictions are that prices will be lower than a year ago. Meantime, quotations of new potatoes showed a wide range, being from around \$5 to \$6 per barrel, at 170 lbs. net.

Maple Syrup and Honey.—Practically no change took place in honey. White clover comb was quoted at 15c., and brown at 13½c. White extracted was quoted at 13c., and buckwheat honey was to be had at 11c. Maple syrup was neglected. Prices were steady, at \$1.75 per gallon for extra choice syrup; \$1.60 for choice, and as low as \$1.30 for common grades. Sugar 15c. per lb.

Eggs.—Owing to the scarcity of choice stock at this time of year, the market was generally strong. New-laid eggs were scarce and the price advanced to 50c. per dozen. Selects were 46c. and No. 1 candled 42c., while No. 2 candled sold at 40c.

Butter.—During the past week, the market for creamery butter showed additional firmness. Quality has been affected by the heat, and it was believed that the high price of cheese has been attracting some factories in the direction of cheese making rather than butter-making. Quotations on finest creamery were from 40c. to 40½c. per lb. while fine was within 1c. of these figures. Dairy butter was 36c. to 37c. for good to fine and as low as 34c. for common.

Cheese.—Official prices were unchanged, at 21½c. for No. 1; 21½c. for No. 2; 20½c. for No. 3; and 20½c. for lower grades.

Grain.—There has been a fair demand

for Manitoba feed wheat, at \$1.82 per bushel, ex-track, and for Western rye No. 2, at \$2.40 per bushel. New crop Ontario malting barley would cost about \$1.35, Canadian 5-lb. picker beans were \$9.25 to \$9.50 per bushel, and Rangons \$9.00, with yellow eyes at \$8 to \$8.75. The market for oats was easier, with No. 2 Canadian Western at 83c. to 84c.; No. 3, at 82c. to 83c. and extra No. 1 feed, at 81c. to 82c.

Flour.—The market was steady. Manitoba spring wheat first patents were \$13; seconds, \$12.50, and strong bakers' \$12.30 per barrel, in bags. Ontario 90 per cent. patents were \$12.40 to \$12.55 per barrel, in wood, and \$6 to \$6.15 per bag.

Millfeed.—The market has been very strong and bran was \$2 up, at \$37 per ton; shorts being \$3 up, at \$43, although some were selling at former prices, including bags. It is doubtful if the higher figures were generally obtained. Middlings were \$48 to \$50 per ton; pure grain mouille \$60 to \$61, and mixed mouille \$55 to \$56.

Hay.—The market for hay was unchanged, at \$10 to \$10.50 per ton, for No. 2 baled, and \$8.50 to \$9 for No. 3, carloads, ex-track. A heavy crop is practically assured.

Hides.—The only change in the market last week was an advance of 20c. each in the price of lamb skins, bringing the quotation to \$1.40 each. Calf skins were 38c. to 40c. per lb. for No's. 2 and 1. Beef hides were 25c., 26c. and 27c. per lb. for No's. 3, 2 and 1. Horse hides were \$7 each. Rough tallow was 3c. to 6c. per lb., and rendered 11c. to 13c.

Cheese Markets.

Perth, 21½c.; Cornwall, 21½c.; Vank-leek Hill, 21 7/16c.; Belleville, 21½c.; Cowansville, Que., 20¾c.; St. Hyacinthe, 20¾c.; London, 21c.; Montreal, finest westerns, 21¾c.; finest easterns, 21½c.; New York, specials, 23½c.; average run, 22½c. to 23c.

Thousands of Men Required for Harvesting in Western Canada.

Thousands of men are required to help in the great work of harvesting the Western crop. Arrangements for transporting to the West this great army of workers have been completed by the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours, without change or transfer.

Going trip West, \$12.00 to Winnipeg. Returning trip East, \$18.00 from Winnipeg.
