

Makes Hogs BIG AND FAT
PREVENTS HOG DISEASE

OSCEOLA, MISSOURI.

International Stock Food Co., Minneapolis, Minn.

Dear Sirs:—I have just fed "International Stock Food" to a car load of shoats and they made an average gain of three pounds every day. "International Stock Food" beats all kinds that I have ever tried and I have fed several kinds. Hogs all around me were dying with Hog Cholera and I never lost a hog. After they commenced eating "International Stock Food" you could fill a bucket with worms that had passed from them. I think that my car load has made a wonderful gain by using your Food.

Yours truly,
J. W. SHERRILL.

We will pay you \$1,000 CASH to Prove that our Testimonials are not Genuine. We paid \$40,000 in "war tax" because it was a high class medicinal preparation that they did not use any medicinal ingredients and did not claim any medicinal results. It is a great aid in Growing or Fattening stock because it increases the appetite and aids in digestion and assimilation so that each animal obtains more nutrition from the grain eaten. We positively guarantee that its use will make you extra money over the usual plan of growing and fattening stock. It does not take the place of corn or oats but is fed in small amounts as an addition to the regular feed. "International Stock Food" can be fed in perfect safety to Horses, Cattle, Sheep, Hogs, Colts, Calves, Lambs or Pigs. It is absolutely harmless even if taken into the human system. It won the Highest Medal at the Paris Exposition in 1900. It is endorsed by every High Class Farm Paper. We will furnish Thousands of Testimonials on application. We employ 107 people for our office work alone, including 38 typewriters. If you desire any special information be sure and write us. Your money will be promptly refunded in any case of failure. You can test it without any risk. Can you ask anything fairer? It will make your Pigs or Hogs grow amazingly and has the largest sale in the World for curing or preventing Hog Disease. Beware of Imitations! No Chemist can separate all the different powdered Roots, Herbs, Barks and Seeds that we use. Any one claiming to do so must be an Ignoramus or Faker.

OUR FARM SPECIALTIES

"CORNWALL" STEEL RANGE.

Most furnaces and ranges are built for general use, and sold indiscriminately in both city and country.

The difference in equipment of a range or furnace for these services, while being small, is important, and if not specially constructed for the service intended, means endless worry, and often results in the apparatus being thrown out.

The "CORNWALL" steel range is fitted with both coal and wood linings, so that either fuel can be used satisfactorily.

The fire-door and fire-box are extra large, to admit rough chunks. The oven is ventilated and lined with asbestos, is large and perfectly proportioned to the size of the fire-box.

Its rich nickel dress combines with a sharp, graceful outline to make the "Cornwall" the most handsome steel range in Canada.

The "SUNSHINE" furnace also burns coal or wood, and has large double feed-doors to admit rough chunks.

Has every known improvement, and is the most successful coal and wood furnace in Canada.

GOSSIP.

One of the best herds of Shorthorns in Ontario is that maintained on Sunnyside Stock Farm, the property of Mr. James Gibb, Brookside. This splendidly-arranged farm lies in the county of Oxford, nine miles north of Embro station, on the C. P. R., and ten miles south of Stratford, on the G. T. R. The herd numbers 45 head of imported and Canadian-bred animals, representing the following well-known Scotch families: Lady of the Boyne, Miss Nightingale, Nerissa, Eugenia, Ruffys, and Early Buds. At the head of the herd is that richly-bred and perfectly-formed bull, imp. Prince William, bred by A. Watson, North Ayrshire, Aberdeenshire, sired by Reveller 71339, by Alan Gwynne, by Star of Morning, dam Madge 2nd, by Red Prince, by the Missie bull, Match Hill. Prince William was never shown but once, this year at London, where he succeeded in carrying off third prize in a very strong class. His predecessor in the herd was Spicy Marquis, imp., bred by W. S. Marr, and sired by Spicy Robin, dam Maude 37th, by High Commissioner, g. d. Maude 32nd, by William of Orange. Spicy Marquis this year swept everything before him at Toronto, winning the gold sweepstakes medal as best bull, any age. A number of the young things in the herd are by him. Also the cows are all in calf to him again. A number of the yearlings are sired by Double Diamond, by imp. Diamond Jubilee; dam Myrtle 3rd, imp., by Royal Blossom. Older ones again are sired by Trout Creek Barrington, by Vice Regent 22920, by imp. Aberdeen; dam Maid 30325, by imp. Indian Chief 31433. Among the cows we noticed the richly-bred Rustic Beauty, imp., bred by A. Watson, Aberdeenshire; sired by Clan Alpine; dam Ruffly 20th, by Queen's Guard. She is now suckling a six months' heifer, by imp. Spicy Marquis, a calf that will surely prove a winner. Another of the good ones is Lady of the Boyne 4th, imp., bred by Robert Turner, Cairnton of Boyndie, Scotland; sired by President; dam Lady of the Boyne 3rd, by Master of the Ring. A 9-months-old daughter of hers, Lady of the Boyne 9th, by imp. Counsel, is very hard to duplicate, being wonderfully perfect in form and finish. Her dam is now in calf to imp. Speculator. Nerissa 12th 7375 is sired by Duke of Lynden 1675; dam Nerissa 7373, by imp. Lord Aberdeen. The Eugenia is represented by Lady Eugenia 19279, by imp. Baron; dam Eugenia 7th 14922, by Lewis Strathallan. The Miss Nightingale family is represented by White Rose 5011, by imp. Scotsman 2nd; dam Nelly Bly 4141, by Merry Duke. Individually, Mr. Gibb's Shorthorns are certainly a superior lot, being low-down, fleshy animals, with the best kind of skins, and are easy feeders and good doers. There are six young bulls coming a year old, that, taken all together, are hard to beat, and will certainly do good to whoever is fortunate enough to secure them. There are also for sale a few heifers, three of which are in calf to Spicy Marquis. Mr. Gibb reports sales for the year past as away ahead of anything he ever experienced. His sales have reached as far as Nebraska, Virginia, British Columbia, etc.

STRONG PRICES FOR "BLACK BRIGADE" ANGUS CATTLE

In the course of eight days in last month, at as many places in Scotland, 433 head of this "black brigade" sold for an average of \$150 each, 20 head bringing \$500 to \$1,415 each, four of them reaching 200 guineas to 270 guineas each. A pretty good indication of the appreciation in which the breed is held in the Old Land!

I Will Cure You of RHEUMATISM

Else No Money Is Wanted.

After 2,000 experiments, I have learned how to cure Rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.

I ask for no money. Simply write me a postal, and I will send you an order on your nearest druggist for six bottles Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month and, if it succeeds, the cost is only \$5.50. If it fails, I will pay your druggist myself.

I have no samples, because any medicine that can affect Rheumatism quickly must be drugged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it and I take the risk.

I have cured tens of thousands of cases in this way, and my records show that 89 out of 40 who get those six bottles pay gladly.

I have learned that people in general are hoaxed with a physician who cures them. That is all I ask. If I fail I don't expect a penny from you.

Simply write me a postal card or letter. I will send you my book about Rheumatism, and an order for the medicine. Take it for a month, as it won't harm you anyway.

If it fails, it is free, and I leave the decision with you. Address Dr. Shoop, Box 52, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.—Adv't.

Dissolves Easily.

Windsor Salt is very soluble. Its pure, white, delicate crystals are quickly absorbed in the butter. It makes butter-making easier and more profitable.
