130-Egg Incubator and Brooder For \$13.90

If ordered together we send both machines for only \$13.90 and we pay all freight and duty charges to any R. R. station in Canada. We have branch warehouses in Winnipeg, Man. and Toronto, Ont. Orders shipped from nearest warehouse to your R. R. station. Hot water, double walls, dead-air space between, double glass doors, copper tanks and boilers, self-regulating. Nursery under egg tray. Especially adapted to Canadian climate. Incubator and Brooder shipped complete with thermometers, lamps, egg testers—ready to use when you get them. Five year guarantee—30 days trial. Incubators finished in natural colors showing the high grade California Redwood lumber used—not painted to cover inferior material. If you will compare our machines with others, we feel sure of your order. Don't buy until you do this—you'll save money—it pays to investigate before you buy. Remember our price of \$13.90 is for both Incubator and Brooder and covers freight and duty charges. Send for FREE catalog today, or send in your order and save time. Write us today. Don't delay.

WISCONSIN INCUBATOR CO., Box 342, Racine, Wis., U. S. A.

FREIGHT AND DUTY PAID

New Model 27 Marlin REPEATING RIFLE

.25 Rim Fire—for all game smaller than deer. Uses cartridges of surprising accuracy up to 200 yards, powerful and reliable but cheap because *rim-fire*. Rifle with round barrel **\$13.15**

Made in .25-20 and .32-20 calibres also; octagon barrel only; \$15. Use both regular and high velocity cartridges. Powerful enough for deer, safe to use in settled districts, excellent for target work, foxes, geese, woodchucks, etc.

Its exclusive features: the quick, smooth working "pump" action; the wear-resisting *Special Smokeless Steel* barrel; the modern *solid-top* and *side ejection* for rapid, accurate firing, increased safety and convenience. It has take-down construction and *foxy bead* front sight; these cost extra on other rifles of these calibres.

Our 128 page catalog describes the full Marlin line. Sent for three stamps postage. Write for it.

The Marlin Firearms Co. 113 Willow Street New Haven, Conn.

7 Shots

Use Coal Oil—12c. For 10 Hours

This is the cost for Coal Oil per horse power to run this engine, figuring the price at 16c. a gallon. Don't let the high price of gasoline prevent you from having cheap, safe and dependable farm power.

ELLIS ENGINE

Will develop more power on a gallon of the cheapest coal oil than other engines will do on a gallon of high-priced gasoline; no danger of fire or explosion. Simplest engine on the market, only three working parts; starts without cranking; runs either way; no excessive weight; guaranteed 10 years and will last a life-time. Anyone can run it; very complete instructions furnished.

Make Us Prove It Don't let any competitor or agent tell you that Ellis Engines will not use coal oil satisfactorily; ask anyone who saw them run at Toronto Exhibition. Let us prove it to you under actual working conditions on your own place before you buy. We'll ship an engine from Windsor, Ontario, on 30 day's trial, freight prepaid, so you will have neither duty nor freight to pay. If we don't prove our claims, send the engine back. Write to-day for catalogue and opinions of users in all parts of Canada.

ELLIS ENGINE CO., 94 Mullett Street, Detroit, Mich.

Prepare Better Seed Beds Easier

You can do it with the Acme Pulverizing Harrow, light in draft, leaving soil in better condition than other harrows do.

ACME Pulverizing Harrow

Cuts under and pulverizes the soil to the plowed depth. Thoroughly works the whole seed bed, leaving plowed down manure under the surface.

It cuts, turns and levels the soil, crushes clods and lumps, one operation. Gives the seed a pulverized and compacted seed bed covered with a moisture holding mulch. Sold by all John Deere dealers. For descriptive literature write—**James H. Smith, Inc., 355 Waterloo Ave., Burlington, N.J.**

Genasco

THE TRINIDAD-LAKE-ASPHALT

Ready Roofing

The natural oils in Trinidad Lake asphalt make Genasco the great weather-resister—the economical roofing.

Genasco stays put and stays tight against the action of rain, snow, sun, wind, heat, cold, alkalis and acids.

Get Genasco of your dealer. Several weights. Mineral or smooth surface. The Kant-leak Flet for smooth surface Genasco keeps the seams watertight without cement and prevents nail leaks. Write for the Good Roof Guide Book and samples.

Snow Drifts Needn't Stop Stable-Cleaning

The manure doesn't need to accumulate in big, fuming piles in and around the stable. Neither do you have to shovel paths through the snow to get the manure out from the barn. Get a BT Manure Carrier. It runs on a level overhead track above the snow drifts. Can be run out and dumped in a jiffy.

BT Manure Carrier

Frame and roller parts are heavily built of malleable iron and steel, so Carrier will last a lifetime. No worm gears to wear or wire cables to break. Track constructed like an I-beam, with all the material on edge; is deeper and heavier per foot than any other track, and will stand long years of wear without sagging or wobbling. Edge is only 3/8-inch, and is rounded so track can't clog with ice and snow.

Write to-day for illustrated Catalogue No. 22, telling all the facts about BT Carriers. Sent free for your name and address on postcard.
