FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES. THIS DISCOVERY. Is the result of a series of Scientific Experiments based upon the theory that "for the successful cure of Wasting Diseases, the nervous system must be made vigorous and healthy."

Now, as the muscles and nerves depend so much upon each other for efficient strength and action, and as the organs they control depend on both, it becomes an actual necessity to treat the nerves and muscles directly in order to speedily and permanently cure diseases of the above named organs. The inventor, acting upon these ideas, after months of experience, during which time he had ample opportunity for trying the effect of his discovery, became convinced that no other preparation known contained so potent and direct an effect upon the nervous system as his COMPOUND SYRUP OF HYPOPHOSPHITES, and except in cases of actual organic loss, that it would restore patients suffering from those maladies. Amongst the diseases overcome by the use of this remedy are the following:— Chronic Constipation, Chronic Dyspepsia, Asthma, Chronic Bronchitis, Consumption, Chronic Diarrhoea, Chronic Laryngitis, Melancholy, Nervous Debility.

COMPOUND SYRUP OF HYPOPHOSPHITES. The power of arresting diseases displayed by this preparation is honorably acknowledged by the medical faculty in every section where it has been introduced; and the large sale is the best guarantee of the estimation in which it is held by the public. This Syrup will cure Pulmonary Consumption in the first and second stages, will give great relief and prolong life in the third. It will cure all diseases originating from want of Muscular action and Nervous Force. Do not be deceived by remedies bearing a similar name no other preparation is a substitute for this under any circumstances. Look out for the name and address J. I. Fellows', St. John, N.B., on the yellow wrapper in watermark which is seen on holding the paper before the light. Price \$1.50 per Bottle, Six for \$7.50. Sold by all Druggists.
