MARK IT WELL.

A Development Peculiar to the Present Generation Dangerous and Often Fatal.
As each generation comes and goes it is marked by changes, developments and discoveries unknown to its predecessors. From a physical standpoint one of the most to be dreaded conditions and peculiar for its rapid increase during the present generation, is when the mind labors under the delusion of persecution, continual restlessness, pain in the back and head, twitching of the muscles of the face and hands, furred tongue, breath foul and heavy, nausea and further indications of stomach trouble. There may be delirium, convulsions or sinking spells. Medical authorities apply different names to the conditions that are unintelligible to the average reader. The actual fact is the demoralized and dangerous state of the system is due to the accumulation of "Body Poison" in the blood that should and would be thrown off by the Kidneys if in a healthy condition. In order to restore health, strike at the root of the disease with Chase's Kidney-Liver Pills, the only medicine known that will control the changes going on in the Kidneys, enabling them to furnish for the whole system blood free from disease-breeding poison, building up the shattered condition of nerves, and relieving mental depression. Price 25c, sold by all dealers. Edmanston, Bates & Co., Toronto.
For sale at the Peoples' Drug store by J. A. Wilson.

UNDER OATH.

The following testimony of Mrs. Margaret Patterson, given under oath before W. F. Walker, Notary Public, marks the most wonderful cure in the history of my medicine:
"For six or seven years I was badly afflicted with rheumatism and severe neuralgia in the head. At times I suffered very much pain from violent headaches, and in order to stop same, and upon the advice of a physician, I had a number of my teeth extracted, without deriving any advantage.
"In May, 1894, I had a paralytic stroke in the left side of my body; this was followed by the total loss of sight of the left eye, bealing of both ears, violent headaches, severe fits, and great weakness. I became totally unable to do any work about the house, and was not safe to be left alone on account of my dizziness and general weakness.
"I consulted four different physicians, who attended me, and they told me that they would do what they could, but that I would never become well again.
"About two months ago I began using the medicine being put up by Mr. S. S. Ryckman, M.P., of this city, and now known as Kitchin's Cure, and am now taking the fourth bottle of such medicine.
"Before I finished the first bottle I noticed a great improvement in my condition. I have now recovered the use of my eyesight, the use of my hearing, and the use of my limbs and body, the headache has completely disappeared, and my strength has come back almost completely, and in fact, though 62 years old, I feel almost a new woman. Mrs. Margaret Patterson, 111 Vine Street, Hamilton, Ont."
