

Personals

Dr. F. W. Merchant, of London is expected to inspect the night industrial classes at the High School this evening.

Mrs. Harry Lazler, 66 Pine St., underwent a very serious operation at the hospital yesterday by Doctors Faulkner, Robertson and Boyce. No one will be allowed to visit her under 10 days at least.

Mr. Max Herity, who has been in a serious condition, for several weeks past, at the city hospital, is reported to be in a somewhat less favorable condition today. Dr. O'Connor, specialist of Kingston, is coming up this evening for consultation upon the case with Dr. McCulloch, of Toronto.

Mr. Ray Peppin is now managing the drug store of the late P. Charles Clarke. Mr. Peppin served on transports for a long time under the Army Medical branch of the service. He made many trips across the Atlantic his services being very valuable on troopships and transports, on account of his qualifications as a druggist.

Field Secretary at Tabernacle

Rev. W. E. Millson, Field Secretary of the Evangelical and Social Service Dept. of the Methodist Church in Canada addressed a large congregation on the above phase of connexional work. Rev. Millson has just recently entered upon these new duties having come from the pastorate of some of the best churches in Western Ontario, such as Listowel, St. Marys, Stratford and St. Thomas. He possesses a powerful voice, trained in oratorical delivery and handles his theme in an intimate way, coupled with racy anecdotes gathered from a keen observation and experience. The work of the church inculcating the vanguard forces of moral reform especially along the lines of temperance portends that a good account is rendered for the sheaves of war expended. The right of the child to be well born and then well reared is now engaging the attention of 'applied' Christianity. Statute laws go a long way in rendering aid in doing as well as in hearing the truth. The baneful effects of race track gambling now almost illegal was handled without gloves by the talented divine and voters were urged to be alert in "holding the fort" achieved in this connection besides with respect to prohibition measures. Rescue work among the unfortunate is proving to be a great redemptive factor in our Canadian life during recent years. Belleville has indeed been honored in the visit of this official and many will look forward to such future periodical reports of stewardship in the Master's service.

"The Ideal Farmer"

We believe the "Ideal Farmer" is a subject which can be enlarged upon from time to time. Day by day we get nearer and nearer to the long wished goal of a country of "Ideal Farmers." We firmly believe that the "Ideal Farmer" must be the possessor (not just professor) of rare qualities, for we know a sermon well practised is much more influential than the same sermon well preached. We might just note a few of those rare qualities referred to. First he must needs be a good ambitious man and a manager. It has been said we may work from sun to sun the year round, but unless well managed the labor has been in vain. He must needs be a man of principle, ever ready to help a fallen brother, ever ready to lend a helping hand to the needy. Always dealing fairly and on the square with his hired man, his hired girl or both as the case may be, and rise high above the idea that if they get their board they get about all that's in it. He must not be a meddler, ever remembering it is his duty to run his own "Ideal Farm" thereby showing forth a good example. And then the "Ideal Farmer" must needs be a Christian. There is no line of business or occupation where a Christian man is so needed as on the farm. Think of the daily chance he has of pondering on the "Works of Almighty God" as he studies the wonderful works in nature. We may say God performed a miracle when He fed the Children of Israel; manna, in the wilderness. Does He not perform just such miracles today in the growth of the wheat and corn, etc. Though He

does not drop bread on our doorstep. He does put it within our reach.

These Christian "Ideal Farmers" are the men most needed in our churches today. Have we not enough of those who put their religion away with their Sunday clothes. Have we not enough of those who visit or stay home while the pastor preaches to empty seats?

Nevertheless we view with pride and gratification the important part which has already been sustained by a few of Canada's "Ideal Farmers." They must, however, be still able if not more ready to defend the land in which we live and the flag which flies over and protects us, continually being zealous of the maintenance of our public schools—not only in the province in which we may live, but in all parts of our Dominion, now as ever before for "one country, one flag, one school and one language."

City Hockey League

A meeting of the Y.M.C.A. City Hockey League was held last evening in the parlor of the local Y. Six teams were represented as follows: The Wanderers, St. Michael's, O.B.C., O.S.D., B.H.S., and Albert College. We are still waiting for the Barbers and Bakers to report but we have no doubt that when the referee calls the first game these teams will be there on time. Come fellows, speed up. The fee will soon be gone, now altogether.

Eight names must be submitted by each team. These men must be bona fide members of the organization February 1st. These names must be handed to the secretary, Mr. Buchanan, also entry fee of \$1.00 not later than Wednesday, Feb. 12th.

All protests must be in 12 hours after protested game. Any team wishing information re the rules of this league, see Mr. Buchanan at the local Y.M.C.A.

We wish to thank Mr. Arnott for the way in which he is co-operating with us in making this league a success. The tickets for the games can be had at the Y.M.C.A. Will the managers of the different teams see that their teams are supplied with those tickets as we have only a short time to dispose of them.

Last evening 15 soldiers arrived in town from overseas, 14 of them were Peterboro boys and one from Trenton. They were entertained by the local Y.M.C.A. and enjoyed a good bath and a nice clean pair of socks sent to us for returned men by the Emerald Knitting Club. They were very much appreciated by the men. They had an early start this morning for their homes.

Kelllogg's Asthma Remedy. Comfort of body and peace of mind return with its use and nights of sound sleep come back for good. Ask your druggist; he can supply you.

RESTAURANT BYLAW ATTRACTS ATTENTION

Feature of the City Council Last Evening — Demand For Sewers and Water — Junk Shops in Isolated Areas

More public interest in the city council proceedings was manifested last evening than for a long time past. The proposed restaurant bylaw drew a big crowd of citizens who operate restaurants, lunch counters and ice cream stands.

Mr. Tom claims the curtains do not extend the full width of the stalls in his restaurant. He had never found any impropriety among the guests. It is not so much that people are hungry that they go to restaurants as that they want to be sociable and entertain.

Mr. Carney suggested that the bylaw be dealt with carefully. These Chinamen have money invested. Capt. Hunter had told Mr. Carney that there was a movement among the hotels to serve meals at all hours.

Ald. Woodley "Ald. Hunter is trying to fulfill the old adage: 'Early to bed, early to rise. Makes a man healthy, wealthy and wise.'"

Ald. Hunter said the hotelmen were arranging to install grill rooms on motion of Ald. Riggs, seconded by Ald. Simmons, the bylaw was referred back to the executive to consideration.

Motions were passed as follows: Woodley — Bone — "That the Mayor, Ald. Woodley, Hanna, and Bone be a special committee on industries and take steps to induce them to locate in Belleville and report to the council."

Bone — Hunter — "That the auditor and city clerk be empowered after consultation with the council to purchase an adding machine, suited to the requirements of their offices."

Bone — White — "That a complete record of all local improvements be obtained to expedite the issue of debentures"

Bone — White — A memorial to the Federal Government urging consideration of a scheme of pension for widows with children

Bone — White — A motion to change the rate of interest on debentures from 6 per cent to 5 1/2 per cent, payable half yearly.

Hunter — White — "That the lands donated by Mr. R. J. Graham and Mr. H. W. Ackerman be formally accepted by the city for park purposes and as the lots are now used as a dumping ground that they be levelled and trees planted."

Hunter — White — "That all junk shops be located in isolated places in the city and a bylaw be prepared concerning the same."

The Retail Merchants branch of Belleville urged the council to request the Federal Government pass a Daylight Saving Measure for 1919. This was referred to the executive.

Kingston Team Wins the Group

By Three Goal Lead over Belleville Intermediates

Belleville intermediates lost to Kingston last night the honors for the group and their 1919 career has ended, after four battles with the Frontenacs. As far as scoring went in Kingston, the Belleville sextette was overwhelmed, the result being six goals for Kingston to one for Belleville. The visiting team was not in condition, several of the players being under the weather, and Gunner Arnott, Belleville's scoring marvel being sick, although he played for a time on the ice. The game was rough at times and a former Belleville player, Hagerman now with Kingston is given credit for having been nine times put into the penalty row. Belleville's little star, Box, received father rough usage.

The first period of the game was intensely close; neither team scoring. The second period ended three to one in favor of Kingston.

Kingston wins the group by three goals or 9 to 6, low scoring for two matches. The lineup was: Kingston, goal, Walsh; defence, Hagerman and Asterton; centre, R. Milan, wings, T. Milan and Berry; substitutes, Elmer and Smith.

Belleville, goal, Boland; defence, Sutherland and Brouse; centre, Arnott, wings, Box and Green, substitutes, Whalen and Corey.

Reteree—Hewitson.

"Why should restaurants be compelled to open at seven o'clock? We ought to give everybody a chance. Why should we choose to drive the Chinamen out of business. Their places are bright and go to make operate restaurants, lunch counters and ice cream stands."

Welcome to Returned Men

Citizens Turn out in Crowds — Five Local Boys Home.

Belleville last evening tendered a hearty welcome to a crowd of returned soldiers last evening about 8.45 on the arrival of a Grand Trunk train. There was a great crowd at the depot with the 15th Regiment and the Salvation Army bands in attendances. Among the soldiers were five Belleville men, who were escorted to their homes and a large number from Stirling, Bancroft and Peterboro were taken to the Y.M.C.A. where they were entertained during the night. Al. Charles Hanna represented the reception committee of the city council. The bands played patriotic airs.

Obsequies Late Harford Ashley

The funeral of the late Harford Ashley took place yesterday afternoon from the family home at Foxboro. There was a very large attendance of those who had known and respected Mr. Ashley in life. The floral tributes were numerous and especially beautiful. The service was conducted by Rev. F. W. Currie, B.A., pastor of Foxboro Presbyterian church. He was assisted by Rev. S. A. Kemp, pastor of Foxboro Methodist Church. Interment took place at Foxboro cemetery. The bearers were Messrs. D. Callery, G. Wickett, E. Ward, D. Longwell, Jas. Gay and J. White.

Badly Injured While Coasting

Cameron, the nine-year-old son of Mr. Ben H. Morton, of the First Congregation of Huntingdon, suffered a very serious injury, while coasting down hill last week. He was on his way down the hill when he ran into a carriage and broke his jaw and also knocked a number of teeth. He was brought to Belleville hospital where his injuries were attended to. He is making fine progress towards recovery.

Unexpected Government

A sudden and unexpected change in the government of this city has mediate close-down of ham factories engaged in the production of dehydrated ham. The American government means, in brief 400 and 500 hands of employment with work elsewhere in the country. The contract, upon which Limited were working for 15,000,000 lbs. of ham, is cancelled. The terms of the contract clause permitting cancellation was required that should be made before the regular course of the contract would have been kept bus months yet, perhaps. The American for ever, being returned, had much more rapidly anticipated. Food stuffs at various points of the country were in measures for its own will of course be obliged financial reparations. The order for cancelled that nothing would be after Saturday. In view of the fact that the force was put to work speed and as a result.

Appreciation Our Police

Belleville, Ontario. I read with consid- eration the yearly report of the police, and Belleville is stated upon having so many men to look after the city. Both physically and mentally they are equal to the task. The body of police in the city is not only well trained, but they are well paid. Few people to consider and very arduous duties of a policeman. I think we owe a debt of gratitude to the police for their services. Belleville so free from thugs which are infested places.
