**Late W. H. Fredenburgh**

**A Worthy Resident of Westport Succumbs to Heart Disease—A Successful Business Career**

The residents of Athens and vicinity were greatly shocked to learn of the sudden death of Mr. W. H. Fredenburgh, at Westport, on Tuesday evening of last week, from heart disease. Following is an account of his active business career:

His name is so well known in the County of Leeds that it awakens recollections of days gone by. In the year 1844 Mr. Fredenburgh came to Newboro and entered the mercantile business. He remained there over two years, but being desirous of embarking in lumbering operations, he removed to Westport in 1846, and carried on an extensive lumber and mercantile business for 12 years when he abandoned the mercantile business and carried on lumbering and milling extensively until 1899. He was associated for a time with the late John Chaffey in lumbering on the Spanish River.

In 1846 he married Miss Catherine Bilton who died in 1859. Subsequently he married Miss Jane Ewing, who also died about four years ago. He was married to the present Mrs. Fredenburgh, (nee Miss Ida Haddock, of Delta), two years ago. He is also survived by three sons: W. C., G. C., and H. G., and two daughters, Mrs. McKim, of Westport, and Mrs. T. A. Howard, of Aylmer, Que.

Deceased was for many years a prominent member of the Masonic brotherhood, an earnest and consistent member of the Presbyterian church, and well known as a thoroughly honest and upright citizen. He was one of the first board of directors on the Brockville, Westport & Sault Ste. Marie Railway, and always took a keen interest in the affairs of the company.

In 1886 he built the well known roller mills which he operated for three years, and sold out to D. G. Ripley & Son.

He was the first reeve of North Crosby under the Municipal Act of 1850 and represented the township for 15 years in the County's Council. He also contested the riding in the interest of the Reform party in 1874 and 1878, also in 1896, but was unsuccessful.

When Mr. Fredenburgh first came to Westport the business in connection with the place was two small stores, one hotel and a blacksmith shop, with a population not exceeding 100. He has been a strong factor in building the village to its present prosperous condition. In addition to paying out large sums of money annually with business operations he was liberal in contributing to the poor.

The funeral took place Thursday at 2 o'clock to the Pre-byterian church, the sermon being preached by Rev. A. C. Bryon, B.A., B.D. The funeral was in charge of the Westport Lodge, No. 441, A.F. & A.M. of which he was an honored member. Besides the members of the local lodge there were present a large number from Brockville, Athens, Delta, Elgin and Newboro. Among the profusion of floral tributes was a handsome wreath from Simpson Lodge Newboro, and a beautiful wreath from Mr. and Mrs. Geo. Taylor, Gananoque also wreaths from the Reform Association and Westport Lodge. The sacred edifice was crowded to the doors with sympathizing friends. The church was draped beautifully for the occasion. The remains were placed in the vault.

Mrs. T. Mack Howe, who has for years been an active christian worker in the several departments of the Methodist church at Almonte, was presented with two addresses, a Teacher's Bible and Wesley's revised notes on the new Testament, on the occasion of her joining her husband in his work in the Northwest.

The bride was assisted by her sister, Miss Olga, and the groom by Omer Buell of Mallorytown. A dainty dejeuner was supplied all present. The presents were numerous and valuable, showing in no small way the high esteem in which the young couple are held by all.

The long standing case of J. B. Stetson and Miss Paulina Stetson against the town of Gananoque for injuries said to have been sustained by the placing of a pile of stones on King street, near the residence of Mr. E. E. Abbott, has been dismissed with costs, by reason of the plaintiffs to comply with an order for security of costs. In this case it will be recalled that Mr. and Mrs. F. E. Abbott were added as third parties, the town taking the position that if there was any liability for which an action would be, and in respect of which damages were recoverable, the liability was that of Mr. and Mrs. Abbott.—Reporter.

**BROCKVILLE CUTTING SCHOOL**

IN ORDER to meet the demand for first-class cutters, which is steadily increasing, I have opened up in connection with my tailoring establishment a Cutting School, to be known as the Brockville Cutting School where the latest up-to-date systems of cutting will be taught, also instructions on the practical work of the tailor shop, which is most essential for a young man to become a first-class cutter, and which will enable him to command a salary of from One Thousand Dollars to Fifteen Hundred Dollars per year in this country and from Fifteen Hundred Dollars to Two Thousand Five Hundred Dollars per year in the United States. This is a rare chance for young men to fit themselves for a lucrative position in a short time. Persons attending this school will receive a thorough training in everything connected with Garment Cutting, and after graduating are competent of filling a position as custom cutter at once.

Pupils will be taught individually and may commence their instructions at any time convenient to themselves.

For all information, see catalogue, which will be mailed to you upon application.

**A.H.S. VERSUS SMITH'S FALLS.**

The Athens High School opened the foot ball season by tying the score, 1-1, with Smith's Falls after an hour's play. The teams labored under a great disadvantage owing to the high wind prevailing, but the home boys had a decided advantage over the visitors owing to the large number of rooters present, the fair sex being in the ascendant. The sample of foot ball was not of a very high class but some very swift combination play was put up at times.

The teams were lined up by Mr. P. J. Stephens, of the Smith's Falls High School, who gave general satisfaction for his able and impartial decisions in all but one case, where a temporary mistake was made, which he rectified on an explanation being given him.

In the first half of time Athens made one goal. The play lagged and was raggy at several stages of the game, the home team having the advantage of the wind. After a short rest, the referee's whistle sounded and the teams lined up. After about ten minutes play the ball went through our boys' flags, the goal umpire giving his decision as no game, the ball having previously passed behind the goal stakes, bounded back and a game scored. The referee said game. Then followed a chewing match for fifteen minutes. Everything was in an uproar. On the referee being made aware of the umpire's decision as to the rights of the matter, he disallowed his former decision. Play was then resumed, both sides vying with each other as to who would come out victors and in a very few minutes the score was evened up through a pardonable mistake by "Back" Ripley. The Athens boys made several attempts to rush things after this, but failed owing to the high wind.

It would be impossible for us to pick out any one of the home players for special commendation as they all worked hard and did the best they could. The same may be said of the Smith's Falls boys. They conducted them-
