Farm Help

Owing to unemployment in centres of population there are many men now available for farm werk. A large number of these men have had farm experience and their services are now available at moderate wages with board. Farmers who can usefully employ one or two of these men at this time will be rendering a service to the community as well as to themselves. Many farmers have repairs and other odd jobs which have been put off for years on account of the high cost of labor. This might be a good time to get caught up with work of this nature.

Farmers desiring help please communicate with your local representative and state the nature of the work and wages you are willing to

WALTER H. SMITH,

ricultural Representative.
