The Local Budget

Guns and Ammunition at Briscos' First Presbyterian Church Tea, on Monday, Oct. 18th.

A good range for sale, F. W. Mor-on, Lacroix street, J. C. Wanless is laid up with a severe attack of quinsy. First Presbyterian Church Tea. or

Mrs. Steele and Miss Muriel Steele, of Brockville, are the guests of Mr, and Mrs. W. E. Rispin.

Remember tea-meeting in First Presbyterian Church, Monday even-ing, Oct. 16th.

Hallowe'en will be celebrated in good old fashioned style at Mc-Keough School this year.

Do not miss "Deserted at the Al tar." Hamilton says, "Best in a long time"; London says, "Above ordinary run"; Guelph says, "Cannot be beat-en"; Woodstock says, "More than pleased," and erowds are going to see it here on Monday night.

If you are a "square peg," don't be satisfied in a "round hole." Uncongenial employment may not make you a failure but it will prevent your success. A want ad will find for you the sort of work you like to do; which is the only kind any man should ever uc.

'Deserted at the Altar" Co. are playing to packed houses in London At Hamilton the theatre goald not hold the crowds. Brantford was the same way. At Stratford they broke all records. On Monday here a pack-ed house is expected.

Rev. F. E. Malott Gives Interesting Address to Epworth League on His

At the Victoria Ave. Epworth League, last night, the Rev. F. E. trised in the four districts of Albertag through the Canadian West. The journey was interestingly described throughout, while much information was imparted. The route from North Bay to Fort William Mr. Malott desay to Fort william Mr. mater.

scribed as "500 miles of ringing rock."

There is an almost absolute absence of living things through this region

of rocks and stunted pines.

The second section of the journey lay through the Prairie Province.

"These are the gardens of the desert; these the unshorn fields, boundless and beautiful for which the speech

and beautiful for which the speech of England has no name."

The speaker called attention to the rapid growth of Manitoba and Winnipeg. The population of the Produce 25 years ago was 66,000. Today it is nearly 400,000. The population of the whole west has doubled in the last four years. Winnipeg's growth has been rivalled by only two without the second produce the work of the American Continent.

in the last four years. Winnipeg's growth has been rivalled by only two titles on the American Continent—
New York and Chicago.
From Winnipeg to Regina the C.
P. R. runs through a succession of bright, up-to-date, growing towns, each a centre of a prosperous farming community. Regina, the seat of the owner of the region of the new Province of Caskatchewan, is fast becoming an important place. The speaker gave a important place. The speaker gave a hundrous description of Regina much mercus description of Regina much may be the two to the address was devoted to the twin sister Provinces that came into the union this year. These two Provinces of Al-

year. These two Provinces of Alberta and Saskatchewan have been given the territory formerly com-prised in the four districts of Alberta, Saskatchewan, Assiniboia and Atha-baska. To find the boundary line between these Provinces count from the Pacific Coast the meridian lines. The 4th meridian running through Crane Lake is the boundary line. These two new Provinces contain 250, one square miles of territory each, and together they contain the largest anbroken tract of good wheat land on the Continent of America.

The speaker visited many of the Provinces

thriving towns of these Provinces and gave an interesting description of Regina, Moosejaw, Calgary, Edmon-on and Prince Albert, interspersing information with humorous incidents

information with hamorous incidents and stories.

The population of the new Provinces is nearly 200,000, made do of settlers from Ontario, the Western States, the British Isles and European countries. Five years ago the foreign born population of Canada was 3 per cent. of the entire population. To-day it is 7 per cent. This is due to the large influx of foreigners into the Western Provinces; 30 per cent. of the population of the West are foreign born.

But, taken altogether, the people of

West are foreign born.

But, taken altogether, the people of
the West are intelligent, industrious
and law abiding. The churches and and law abiding. The churches and schools are doing much for the West, while the Royal Northwest Mounted Police make crime exceedingly rare. A Texan recently gave it as his testimony that the very environment of Canada reforms mea who go there with a past record for lawlessness, He pays a high tribute to the R. N. W. M. P.

Throughout the address the audience listened with the closest attention and interest.

Austin's Great Anniversary Sale Commences Monday, Oct. 16 WE GELEBRATE TEN YEARS OF PROGRESS

The store will be closed until 9.30 o'clock Monday morning, when it will be opened up with the greatest and best array of bargains we have ever offered the public in Chatham.

We Celebraie Ten Years Continuous Progress.

On Oct. 24th, 1895, we first transacted business with the public in Chatham, and looking back we certainly have much to be thankful for. We have grown from the smallest to be the largest store in the city, from employing 7 assistants until now our staff numbers 65. Then one boy delivered all parcels, now four horses are required for the work; then we were complete strangers to everybody, now we are pleased to number our friends by the score and our customers by the thousand. We appreciate all these facts, and to show that we do, we are going to give our customers some extra special values to remember the occasion by and at the same time wind up the year's record with the largest amount of business we have ever transacted in two weeks of special selling. We intend you shall find bargains all over the store and can only enumerate a few of them here. Come early in order to take advantage of clearing lines.
