OUT IN FRONT

By the Pioneer Sergeant

WE are ardent believers

IN the motto—

WHEN you have a good thing

STICK to it.

WE desire to commend the

STREETS committee.

IN their zeal in this

DIRECTION in

RETAINING so long the

HOLES in the Main Street

PAVEMENT

WHEN summer comes and

THE angry populace cries—

"CLEAN up and repair"

DO not allow yourselves

TO become panicky

AND be carried away by

SUCH demands.

THESE holes have a

PECULIAR value

ALL their own.

WE can all remember

OCCASIONS, when

SPEEDING through town

IN our Liz,

WITH children and

CHICKENS scurrying for the

CURBS,

HAVING been compelled to

THROTTLE down a mile or

TWO in order to

NAVIGATE these craters.

NO one can estimate the

LIVES thus saved.

AND that is not all—

THEIR convenience when

THE water main

BURSTS is also

STUPENDOUS;

NOT to mention

THE aid we shall derive

FROM them as

RESERVOIRS

DURING the long dry

SUMMER.

TAKE a tip from the

SERGEANT—

STICK to them but

NOT in them.

WE thank you.

CANNING NOTES

Mr. Harold R. Kinsman has the foundation laid for his new flour and feed store. The size is 30x60, and it will make quite an addition to the business houses of Canning.

Thompson Bros. are very busy in their garage this spring.

Mr. Russell Hatfield left a week ago to visit relatives at Port Greville.

The new block being erected by Messrs. G. W. Blenus and C. F. Cox is rapidly assuming proportions. It is located on the south side of Main St. and fills in a part of the long vacant burnt district. The size of the building is 22x65. The basement has been constructed of cement and wood, and this will be used for moving pictures, occupying the full size of the building. There will be a small stage and a pit for an orchestra at the south end, and the room for the moving picture machine is ingeniously placed in solid concrete at the north end under the sidewalk. The floor will be inclined the full length so that all may have unobstructed view. The entrance is on the street level with a wide stairway leading down, and two exits in case of emergency leading out to the wharf level. This part has been leased from the owners for a period of five years, and pictures will be exhibited there when the building is completed.

Miss Emma Schofield, who has been spending the past year at Lawrence, Mass., returned to Wolfville this week.

Mrs. Thomas Craig, who has been spending the winter with her daughter, Mrs. Burgess Rockwell at Brooklyn Corner, is now the guest of her daughter, Mrs. Chas. Patriquin, Wolfville.
