Another Echo of Sherman Avenue Sewer Trouble.

New Sewers Committee Has Its First Session.

A change recommended by City En-gineer Barrow in connection with the plans for the east end annex sewer was approved of by the new Sewers Committee at its first meeting last evening. Instead of discharging the storm water into Stipes' inlet as was first proposed, it will be pumped direct into the bay through a twenty inch main. This was largely made necessary because of the that a very low grade will be quired to handle all the sewage to the outh and provide for the future. The oumps already figured on will do for present, but it will be necessary to

A3 MacNab street north, and 6 Market Square, in this issue. At the latter store the annual cut price sale will be on, and it is Mr. Arland's intention to clear out the stock in the MacNab street store. He has done a Big business this month, and the wonderful bargains made to-day means big savings, big selling and a truly remarkable sale. His showing consists of a large variety of men's and women's dongolas, children's school boots, men's working shoes, trunks, valiese, etc. The men's dongolas that sell regularly for \$3.50 and \$4.00 will go at \$2.29; the women's patent leathers, \$3.50 and \$4.00 quality, for \$2.20; children's \$1 and \$1.25, for 50c and 75c. Arland's stock is new and first class and the bargains offered certainly challenge comparison. Read the advertisement carefully and select your shoes from it and you will be delighted with the values. At Arland's store, customers get a homelike welcome. It was thought that work on this sewer might be resumed at once so as to furnish employment for men out of work, but it was explained that nothing further could be done until the pile driving across the inlets was done.
