# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

**What is CASTORIA**

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**A New Questions and Answers Department of Interest to Shooters**

Readers are reminded that this column is open to questions which should be sent to me in care of the Sporting Editor, and to discussions by the readers on anything connected with hunting or target shooting.—A. P. L.

**The "Arsenal."**  
Just about this time of year, when old man Winter is beginning to feel his age, the dyed-in-the-wool sportsman decides that the "arsenal" needs a going over.

From mysterious closets, drawers, and cupboards appear firearms of various kinds ranging from the little .22 repeater to the powerful big-game rifle and the graceful shotgun. Clearing rods, rags, bristle brushes, and the necessary nitro-solvent oil next make their appearance and then a regular revel of cleaning, oiling, and polishing starts in.

What a flood of pleasant memories the handling of a well liked rifle or shotgun calls to mind! The supreme moments of the hunt which repaid a thousand fold the energy, time, and money expended!

L. W. McJ., Chicago, Ill.

I. Through inheritance, I have come into possession of a fine shotgun. It has been little used for a number of years. The barrels are very foul and apparently considerably rusted. What cleaning preparation and process would you recommend?

Ans. I would suggest that you take the matter up with the manufacturer and see if they can refinish inside and out for you.

2. Is it likely that a gun would be ruined by rust if fired occasionally during several years and not cleaned?

Ans. The chances are about one hundred to one that such treatment would ruin a shotgun barrel beyond redemption.

H. T. Dorsch, Iowa.

Will you kindly inform me as to the standard range for twenty-two calibre rifle and revolver shooting? Also the diameters of the respective bullet-eyes.

Ans. The standard range for indoor .22 rifle shooting is twenty-five yards. The bullet-eye is one-half inch diameter. Add one-half inch for each succeeding ring. For revolver shooting, the standard range is twenty yards, the bullet-eye being one and one-tenth inches in diameter.

R. C., Chicago, Ill.

1. Kindly tell me the correct name for the hell-diver, and are hunters allowed to shoot them?

Ans. The "Hell-Diver" is a popular name for the dabchick or grebe. The scientific name of the most important species is *Podilymbus podiceps*. I am under the impression (better look this up in your state, to be sure) that this bird is classed with the water fowl in the Game Laws. It is hardly a pleasing morsel to eat, however, as I understand it is almost as tough as the loon.

2. Kindly tell me which shotgun is most suitable for duck shooting, the hammerless pump gun or the double-barrel hammerless?

Ans. Both types are suited to the work. It is simply a choice based on personal preference.

3. Are hunters permitted to shoot kill-deer?

Ans. The "Kill-deer" is a species of ring-necked plover. The open season on plover is September 2nd to December 16th.

4. Kindly tell me the location of the Chicago Gun Club, and are strangers permitted to watch the contestants.

Ans. The Chicago Gun Club is located at Kensington. Spectators are permitted at open cortests. At other times, telephone the secretary for a permit.

A. C. Kendal, Ont.

1. Which would be the best, a .22, .25, .32, or .38 calibre rifle for farm use?

Ans. The .22 calibre rifle handling the .22 Long Rifle cartridge is the most popular for farm use where it would be used mostly for shooting small game and exterminating pests.

2. From whom can rifle tubes be bought to fit a 10 or 12 gauge shotgun?

Ans. I do not know that they are made in this country at present. You might try some of the larger hardware and sporting goods jobbers.

3. Can you shoot accurately with a rifle tube?

Ans. A properly constructed rifle tube should shoot with a fair degree of accuracy.

4. How far will a .32 bullet carry?

Ans. You do not state which one of the numerous .32 calibre cartridges you wish the range for, so I cannot answer this question.

A. G., West Chicago, Ill.

Kindly inform me as to the law relative to spring shooting in Illinois?

Ans. The Federal Game Law permits shooting ducks and other water fowl from September 2nd to December 16th. The Illinois State Law has been changed to conform to the Federal Law and there is therefore no spring shooting in Illinois.

G. P. S., Brooklyn, N. Y.

As the Sullivan Law of N. Y. State prohibits one from keeping a revolver in the house, and as there is no ban on rifles and shotguns, I would like to find out which rifle comes nearest to being a revolver; that is, in regard to length of barrel and number of shots fired. What I would like to get is the shortest and lightest magazine rifle made and still not come under the ban of the Sullivan Law as a revolver. I would prefer one with a safety device. I want to use it as a protection against porch climbers.

Ans. I would suggest that a shotgun with short barrel, loaded with buckshot would be more effective for home protection than a rifle, as it has a spread of shot which does not re-

**IS PRAISED BY REVIEWERS**

Our New Serial Enthusiastically Indorsed by Critics of Prominent Newspapers.

"The Lapse of Enoch Wentworth," by Isabel Gordon Curtis, one of the most gifted of American fiction writers, will be published serially in these columns, and will prove a rare treat for every reader. The following are but a few of the hundreds of enthusiastic comments on the story from the reviewers:

It holds the interest to the end.—Dallas News.

This novel, which has a well-thought-out plot, is strikingly dramatic in its developments. The story is a strong one, the action rapid, the characters exceptionally well portrayed. Tense to the end, it holds the reader's interest.—Cincinnati Enquirer.

A dramatic and exciting romance.—Hartford Courant.

A story well worth reading.—Boston Times.

It is a story written solely for the diversion of the reader and it achieves its purpose; no one is likely to go to bed and leave its serial half completed.—Toronto Mail.

The story has a high moral purpose. Montreal Star.

A vital, lively story of the drama and the stage. Of high purpose and of skilful, enthusiastic inspiration. It is a bright, fascinating story, told with a thoroughly admirable skill and dash.—Salt Lake City Tribune.

A story which does not let interest lag for one moment.—Savannah News.

Originality of conception is the strongest characteristic in this novel.—Des Moines Capital.

It is an extraordinarily unreal sort of plot, which works itself out into very real situations.—Chicago Evening Post.

We have been using MINARD'S LINIMENT in our home for a number of years and use no other Liniment but MINARD'S, and we can recommend it highly for sprains, bruises, pains or tightness of the chest, soreness of the throat, headache or anything of that sort. We will not be without it one single day, for we get a new bottle before the other is all used. I can recommend it highly to anyone.

JOHN WALLFIELD,  
La. Have Island's, Lunenburg Co., N. S.

quire such careful aim.

N. Y., Ludl, Miss.

Does the calibre of a rifle or pistol have reference to the area of the bullet or the diameter? When you speak of a .50 calibre rifle, does that mean one-half inch in diameter or one-half inch in area?

Ans. The calibre of a rifle or pistol is the diameter of the bore expressed in inches. Thus, a .50 calibre rifle has a bore the diameter of which is one-half inch. There are of course many slight variations.

R. D. H., Chicago, Ill.

Would you please tell me about hunting license. How old do you have to be to buy one, and how much are they?

Ans. As far as I can determine, there are no restrictions as to age limit in Illinois. Resident hunting license costs \$1.00.

E. E., Chicago, Ill.

**ASSESSMENT NOTICE**

PARISH OF NEWCASTLE

The assessors of Rates for the Parish of Newcastle, having received the warrants of assessment for 1915, hereby call on all persons liable for taxes, within the said parish, to hand in to them, within Thirty Days from this date, a statement of their Real Estate, Personal Property, and Income as required by Law.

The amounts called for by the warrants for the several funds is as follows:

School Fund	\$ 697.78
Contingent Fund	1072.09
Pauper Lunatic Fund	233.20
Alms House Fund	220.00
	\$2223.07

Dated at Newcastle, Feb. 17th, 1915.

(Sgd.) WM. INNIS,  
C. E. FISH,  
ROBT. F. STOTHART.  
9-4 Assessors.

**NOTICE OF LEGISLATION**

Notice is hereby given that application will be made to the Legislature of the Province of New Brunswick, at its next session for an Act to amend the "Town's Incorporation Act," in so far as it relates to the Town of Newcastle.

The purpose of the said Act is to provide that the Aldermen of the said Town shall be elected to serve for the period of two years, four of them to be elected each year, and with the provision that before the said Act comes into force, it shall be submitted to and approved by the ratepayers of the said Town.

J. E. T. LINDON,  
Town Clerk.

**NOTICE OF LEGISLATION**

NOTICE is hereby given that application will be made to the Local Legislature of the Province of New Brunswick at its next Session for an Act to incorporate The North West Miramichi River Driving Company.

The purposes for which incorporation is sought are to conduct and carry on the driving of lumber on the North West Branch of the Miramichi River from the mouth of Portage River to the Johnston Bridge so-called above Red Bank, and on the Little South West Miramichi River from the mouth of Catamaran Brook to the upper or northerly side of a Bog at the lower end of the Ox Bow Meadow; to build and maintain dams, booms, and other works and improvements in connection with such driving operations; to fix fees for driving such lumber and to make other provisions for the proper carrying out of the proposed undertaking.

DATED this twenty-seventh day of February, A. D. 1915.

A. A. DAVIDSON,  
9-4 Secretary, North West Boom Co.

**TEETHING TIME TROUBLES**

Baby's teething time is a period of anxiety for mothers unless baby's stomach is kept sweet and his bowels regular. No other medicine has been found so valuable during teething time as has Baby's Own Tablets. They make teething painless and by their use baby gets his teeth so easily that the mother scarcely knows they are coming. Concerning the Tablets, Mrs. F. Goldsmith, Nelson, B. C., writes: "Baby's Own Tablets are a mother's greatest help during the teething period." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**ANY DYSPEPTIC CAN GET WELL**

By Taking "Fruit-a-tives" Says Capt. Swan

Life is very miserable to those who suffer with Indigestion, Dyspepsia, Sour Stomach and Biliousness. This letter from Captain Swan (one of the best known skippers on the Great Lakes) tells how to get quick relief from Stomach Trouble.

PORT BURWELL, Ont., May 8th, 1913.

"A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by Constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken "Fruit-a-tives" and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that "Fruit-a-tives" have helped me greatly. By like garbage in a well barrel, taking "Fruit-a-tives" according to directions, any person with Dyspepsia will get benefit."

H. SWAN

"Fruit-a-tives" are sold by all dealers at 50c a box 6 for \$2.50, or trial size 25c per packet on receipt of price by Fruit-a-tives Limited, Ottawa.

**10 CENT "CASCAETS" IF BILIOUS OR COSTIVE**

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headache from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a well barrel. This is the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaet to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

**Timely Topics**

**ON PRINTING**

**FINE PRINTING IS AN ART**

Do you know good printing?  
Do you like good printing?  
Do you know that it always pays to have the BETTER kind?  
Perhaps you have been used to the one class of printing and know no other.  
If this is so, it is time for you to have a look around and investigate and see what's what.  
Do you know you do not have to go any farther away than Newcastle to obtain the BETTER class of printing.  
Perhaps you have not given it a thought, but a great deal depends on the stock used in order to get a BETTER job. Investigate this.

Last, but not the least, do you know that The Advocate Job Department turns out only this BETTER class of work. If you will read on a little further, we will tell you how and why.

1st—We cater to that class of people who use only the best stock, and who know what BETTER printing is.

2nd—In order to give these customers the class of work they want, we have to keep in stock only the best grades of material. We do not handle cheap lines.

3rd—In order, again, to be able to turn out that BETTER class of printing, we employ only experienced and competent printers, who keep abreast of the times and watch the styles.

4th—What is as important as the above is equipment. If The Advocate Job Department was not fitted out as it is, with the most modern machinery and the very latest in type faces, it could not handle the fast growing trade, that has developed in the past year, of turning out that BETTER class of printing. Only the best inks are used, because this is necessary when high grade stock is used.

Now, Mr. Business Man, if you will read the above over carefully, see how your supply stands, then get in touch with this office, we feel sure you will become a customer. Give up that old-fashioned notion that first class printing comes only from the large city printing offices. As a matter of fact, the reverse is the case, and prices are invariably lower.

**REMEMBER THAT DO WE ALL KINDS OF PRINTING**

For commercial use, we have superior grades of Letter, Note and Bill Head Stock, at prices and quality to suit any business and any purse. Our prices range from \$2.50 to \$4.00 per thousand for Letter Heads, and from \$2.50 to \$3.25 per thousand for Envelopes. Our Envelopes are the same material as our papers, and therefore match. We are always pleased to submit samples of stock, and prices, on application.

**More Business IS WHAT WE WANT**

You want the work—we want to do it for you. We have just the grade of paper you want, so why not let us get together in a co-operative way and make a strong pull for increased business—more business than usual.
