HON. DR. PUGSLEY DIED TUESDAY

Hon. William Pugsley died Tuesday night in Toronto, from pneumonia. From the first it was realized that for a man of his age; being 75 years old; the condition was serious, but he realized it from the first severe attack and then followed a long struggle in which the veteran statesman seemed likely to conquer the malady. During the past few days his friends had entertained strong hopes that he would survive the attack. However, a change came for the worse and he died at 11.15 o'clock Tuesday Night.

Mr. Pugsley occupied many prominent positions; including that of Minister of Public Works in the Laurier government; and later Lieutenant Governor of New Brunswick. His latest activity was as chairman of the commission adjudgating the claims of Canadians for reparations against the Germans.

Mr. Pugsley, accompanied by his wife, had been enroute to the west to hear war claims commission; of which he was head. Three weeks ago during a brief stop over in Toronto he was taken ill. His son John A. T. Pugsley, was summoned to Toronto; but on Friday thinking his father to be past the danger point; returned home. Mrs. Pugsley was with him when the end came.

Will Be Taken Over By News Company

C. N. R. Restaurants to Change Hands

C. N. R. restaurants in the Maritime provinces will be taken over on April 1st. and conducted thereafter by the Canada Railway News Company.

The proposed transfer which has been mooted for some time is to bring the railway restaurant business in the Maritimes in line with the other parts of the Dominion where the News Company conducts the restaurants and have been doing so for forty years past. Several months back the company took over the restaurant at Truro and on April 1st. together with the St. John restaurant which is the largest and most important in the group; other smaller dining rooms at Newcastle and other centres will be taken over.

OXYGEN CARRIERS

Millions of red-blood cells, oxygen carriers, are born in a healthy body every day. The ability of these cells to enrich the blood depends upon how well you are nourished.

Scott's Emulsion

brings to the body rich vitamin-nourishment that is easily absorbed by the blood-making organs to build strength. Scott's Emulsion nourishes and strengthens wonderfully well.

HARKINS ACADEMY SCHOOL STANDING

Miss Hill's Dept.
Grade I—Marilyn Oveigton 1, Raymond Morrison, James Chambers 2, Jackie Foran 3.

Here and There

The Earl of Leitrim, Irish peer, who has been touring Canada, was much struck with the resemblance between north-west Ireland and the maritime provinces, with their wooded hills, sandy beaches and plenty of fish and game, as playgrounds for the tourist.

What is believed to be the largest salmon ever caught by hook and line in waters adjacent to Vancouver, B.C., was landed at Horseshoe Bay, Howe Sound, recently by A. C. Cohen. The fish measured four feet, one inch in length and weighed 64 pounds. It took 25 minutes to land it.

Irwin S. Cobb, the famous American humorist, has been hunting in the St. Maurice valley, served by Canadian Pacific lines. This is by no means his first trip to Canadian hunting and fishing centres, as he is a keen sportsman and has visited the wilds in Ontario, Quebec, Nova Scotia and New Brunswick.

Among the passengers landing at Quebec from the Canadian Pacific liner "Empress of Scotland," recently was: Miss Margaret Bondfield, M.P., a member of the Cabinet of the Macdonald Government of Great Britain. Miss Bondfield is in Canada to study conditions as they affect female immigrants.

Some interesting facts were made public by E. J. Belleisle, superintendent of the fish and game department of the Province of Quebec, when in Montreal recently. The province is now teeming with wild life, he says, mainly because of its conservation policy, whereby preserves are rented to fish and game clubs on the understanding that they appoint wardens. There are 500 such clubs employing a total of over 1,000 wardens.

The Trans-Canada Limited, crack transcontinental express of the Canadian Pacific Railway, completed its last run of the season on September 17th, and will not be operated again until next May. The train, which is the fastest long-distance express in North America, covered 758,748 miles in the season, or three times the distance between the earth and the moon, in its 238 runs, and carried the equivalent of 95,000 passengers for varying distances.

The new wing of the Chateau Lake Louise, the Canadian Pacific Railway's hotel at Lake Louise, one of the choicest beauty spots in the Rockies, is now under construction to replace that portion destroyed by fire some months ago. It will be a nine-storey, fire-proof, steel-frame structure of stucco, brick and stone, richly furnished in the best style of a mountain hotel, and will contain 280 bedrooms, bringing the total in the hotel up to 390.

The hunt for fur is extending northward each year, according to officials of the Hudson's Bay Company and Revillon Freres. They have already despatched their steamers on their annual tour of the northern posts which each season are being located farther and farther north as the field of the pelt hunters is extended into the Arctic. The Hudson's Bay Company now has a numerous chain of posts in Baffinland and other areas north of Hudson Strait.

NEWCASTLE WINS LAWLOR MEDAL

The local curlers in a sixteen rink match with Chatham on Wednesday afternoon and evening, eight rinks playing in Newcastle and eight playing in Chatham, succeeded in winning from them the Lawlor Medal by a margin of 35 points. The last time Newcastle won this Medal was in 1923. Some interesting games were played and there was a large number of spectators.

The Jardine Cup Contest will probably be held this week or next. Newcastle has had possession of this Cup for the past two years. The scores were:—

CHATHAM	NEWCASTLE
J. Pine	C. Murray
J. Christie	V. Bayle
