DUNLOP.

From our own correspondent.
Miss Jane Edwards, of Goderich, visited friends here last week.

HADN'T THIS TIME.—Not an urchin in our burg had to be stirred up for school Friday morning of last week, but they instead stirred up their parents to get them ready for the big picnic at the Point Farm. None were late, yet, but all who went speak well of their good day's sport and pleasure.

The popular place of David Corbett, lighted up our burg last week as he was a flying visit to friends here. He is a resident of Goderich township and a foreman of Sunnyside farm, owned by W. Clark, 6th con. David still upholds the standard of single blessedness and is ever popular among the fair ones of our flourishing burg when he comes amongst us.

(Left over from last week.)

THE NEW BARN.—The new barn being built by our architect and Chas. Morris, of Garfield, with their combined staff of workmen, on Lorne side farm for D. Lawrence was raised last week. On Monday the foundation timbers on the stonework were put in position for the barn proper to stand upon, and the basement will be used for the stabling of stock. On Tuesday afternoon after the winning of the barn took place. Over 30 men on each side were led by A. Thurlow and James Chisholm. In the midst of it a heavy rainstorm came up, causing an adjournment till the morning. Promptly on time both captains were on hand putting their men in their places and in hearty union they contested for the winning to the finish. Captain Chisholm's side retained the previous day's advantage and were the winners. The size of the new barn is 45x34 and when finished it will be quite an ornament to the many fine farms of Colborne township. We regret to notice that A. Goldthorpe, of Garfield, got his ankle rather badly hurt on Tuesday afternoon.

WEEKLY NEWS LETTER.

SOME GATHERED FACTS FOR GENERAL READERS.

The Cowles Case Settled.—The Alleged Murderer of Mrs. Tripp—Duke of Connaught Salls.—The Franciscan Monks—Sessions and Assemblies—Political her Gossip.

June 16.—The celebrated Cowles case is no longer a sensational one. The defendant has died out. Mrs. Cowles and her daughter, who were with her husband and the happy mother and child soon got to their homes. The husband and father is now lying in a hospital at Montreal dangerously ill. It is expected that he will recover. He is entirely exonerated, his brother-in-law, Mr. Dale from blame, regarding the shooting, which, it will be remembered, occurred in a cab while the parties were en route along St. James' street. Mr. Dale is believed to be the person who administered the deadly drugs. He has been allowed to go on his personal bail of \$500 to reappear before the magistrate this week.

The tragedies remind me, that Dr. W. E. P. of I. will not be attracted for a long time. The doctor became famous some time ago by running away with somebody else's wife. His mother, it is alleged died from poisoning, and Dr. Tripp is believed to be the person who administered the deadly drugs. He has been allowed to go on his personal bail of \$500 to reappear before the magistrate this week.

Exit His Royal Highness the Duke of Connaught. They have left Canada and are steaming across the Atlantic for England and some one more. His Royal Highness has been in India as Commander-in-Chief of the army for several years. They left Quebec last Thursday in the Asian line "Landair" Lord and Lady Stanley and other members of the Governor General's family saw them off.

An interesting case has just been commenced in Montreal. Last July Dr. Jeannotte prescribed for a child of the present plaintiff, a dose of morphine instead of quinine, and the child died shortly afterwards, and Couillard took out an action for \$1,500 damages against the physician and druggist jointly, on the ground that the former prescribed morphine instead of quinine and the latter delivered the poisonous drug without taking the precautions prescribed by law, the result being the child's death.

Toronto is hustling to get her Summer carnival at the end of this month, in shape. It is going to be, judging from present arrangements, a grand and gorgeous affair. The idea of summer carnivals seems to be finally embodied in the minds of Canadian people. Halifax and St. John and a few other cities started these celebrations last year. This year Toronto is going to startle and delight the country, and that has already done so. The carnival at Galt was held last week, and was a tremendous success. There are more towns to follow.

Conventions, annual meetings, synods and such like affairs seem to be the order of the day now. A large number of district assemblies have been meeting here. Toronto, Hamilton, Montreal and Ottawa have all had their quota.

Presbyterian, Methodist, Anglican, Methodist, and Women's Rights, Doctors of Law, of Life and of Divinity have been airing themselves in all their glory. Toronto University held its annual Convocation in a big circus tent on the lake. Held it were the blackened ruins of that noble pile of building long known to fame. Hon. Edward Blake, Chancellor of the University and William Mulock delivered the addresses. The League Women's Enfranchisement Association also met in Toronto. The members long to vote. They had a fine little rumpus I believe during the meeting and many of the ladies were so excited that the ladies wishing to be polite sent a resolution of welcome to the medical scientists and doctors who were also in session last week. Some of the doctors wanted to thank the kind ladies. Others didn't. There were more of the latter than of the former, and a resolution was adopted condemning the Dominion Women's Enfranchisement Association. The ladies in return passed a resolution unanimously condemning the learned doctors, man ners. The matter then ended. In Ottawa where the Presbyterians have been holding communion people have been somewhat started by the animosity displayed against that Canadian law of allowing a man to marry his deceased wife's sister. One of the minister's was deposed on account of having married a stranger.

Strikes have not been many this year, but what few there have been seem to be settled satisfactorily. The Toronto strikes have been all arranged. The strike in Hamilton of the weavers in the Ontario Cotton Mills has just been settled. The strike has lasted 44 days, and many of the strikers' families have suffered severely from the loss of wages. Sir John Macdonald has been in town a few days. He came to attend the fashionable wedding of Miss VanKoughnet. The visit of the Veteran Premier is generally thought a great deal of by the good Conservatives of this city.

What will be the composition of the next Ontario Cabinet is a question that is agitating the Reform politicians. It is said that so far Col. Gibson refuses to seek another constituency. Somewhere North Waterloo will be offered to him if he desires again to enter public life. Col. Clarke is a probable candidate for the Treasurership, and if Mr. Gibson declines a seat, Mr. Harcourt, it is said, will be Secretary. Rumour gives Mr. Freeman the Speakership, but should Mr. Gibson re-enter the House Mr. Harcourt will likely be Speaker, at his experience as chairman of Committee of the Whole House will be taken into account. His friends, however, would sooner see him in a fighting position, as he is one of the best debaters in the House, although seldom heard. Mr. O'Connor, of South Bruce, is also in the running. He has been a few days in the running. Mr. Dryden is mentioned as Minister of Agriculture. Mr. Drury will, it is expected, take the shrievalty of Simcoe, which is worth anything from \$5,000 per year up.

BIRCHALL'S CASE.

Chief of Police Willis, of Woodstock, on a Hunt for Evidence.
LOCKPORT, N. Y. June 16.—Chief of Police Willis, of Woodstock, Ont., has recently been in this city searching for evidence that might have bearing upon the trial of Birchall. The chief found and examined a very large trunk at the Erie depot in Tonawanda which came there checked to Birchall just before Benwell was murdered. The trunk has been at Tonawanda until a few days ago, when it was taken away by a stranger who presented a check for it. Chief Willis believes the trunk was designed to enclose Birchall's victim and to be sent over Niagara Falls. The chief also reported that an important witness who has been thought to have disappeared has been located, and will testify at Birchall's trial in October.

THE GENERAL ASSEMBLY.

A Deliverance on the Equal Rights Question—Church Statistics.

OTTAWA, June 18.—First of all at the general assembly this morning attention was given to the loyal addresses to be submitted to the Queen and Governor-General. Leave was granted to Rev. Messrs. Christie, Manson, Crombie, A. Currie, D. Gordon, George Brunner, R. Wallace, A. W. Waddell, A. McLeod, William McKie and Drummond to retire from the active duties of the ministry with permission to become participants in the aged and infirm ministers' fund. The application of Rev. Alex. Forsyth for retirement was granted but his name was not allowed on the fund. That of Rev. Wm. Milligan was not granted. Rev. Andrew Wilson was permitted to retire and his case was remitted for consideration to the Committee on the Aged and Infirm Ministers' Fund as to his becoming an annuitant, with instructions to report to the next assembly. This last finding in Mr. Wilson's case was arrived at by vote, but a great many members recorded their dissent.

The Assembly has been desirous of appointing a salaried secretary to aid in the growing department of the church's work in the foreign field and to-day instructed the Foreign Mission Committee to correspond with one of the Trinidad missionaries, Rev. Mr. Morton, hoping that he may be induced to accept the new appointment a year from this date.

The statistics of the church were submitted to the Assembly to-day by Dr. Torrance and ratified. The Presbyterian Church in Canada has 1920 churches with 454,307 sittings. The number of pastoral charges is 755 with 385 mission stations. The church pays stipends amounting to \$777,190. Presbyterians paid last year for all purposes on an average of \$34.72 per family and \$13 per communicant.

The deceased wife's sister question was very nearly allowed to engage the excited attention of the Assembly again on a resolution of interpretation upon last year's finding, which was submitted to the house. Fortunately, however, this subject along with an application from a minister who married the sister of his deceased wife to be received into the Presbyterian Church, were thrown over for a year.

A lengthy discussion was held upon a general deliverance submitted by the Committee on Temperance on the temperance question. Object was taken to this deliverance by Rev. D. J. Macdonnell and Justice Taylor, in the form of an amendment, which was voted down by 182 to 34.

Principal Grant proposed the omission of the deliverance, but was overborne by an adverse vote of 27 to 143.

Again Mr. Macdonnell, seconded by Dr. Macdonald of Hamilton, moved the striking out of a sentence which declared that the traffic in liquor was contrary to the Word of God. By a vote of 42 to 156 this was denied. The subject of equal rights was brought before the Assembly by a committee appointed in Toronto last year on the defence of civil and religious rights. The committee suggested the following as some of the objects the church ought to aim at furthering:

1. The complete separation of church and state so that to be independent in its own sphere—a free church in a free state—the mutual rights of each to be respected, but neither to invade the prerogative of the other.
2. The abolition of all grants from the public exchequer for ecclesiastical or sectarian purposes.
3. The abolition of compulsory tithes and other ecclesiastical dues.
4. The providing of elementary education by the state, and while recognizing the propriety of giving instruction in the truths held in common by Christians, in no case shall money, raised by taxation, be devoted to the propagation of peculiar religious dogmas or denominational views.
5. The reorganization of the Council of Public Instruction in the Province of Quebec in such a manner as to secure the educational rights of the minority.
6. The abrogation of the offensive clauses in the order of precedence for the Dominion which recognize certain ecclesiastical and utterly ignore the great Protestant churches which represent the majority of the people of Canada.

The Assembly endorsed the first three and was discussing No. 4 when interrupted by the hour of adjournment.

HIS LAST GIFT.

Henry Smith's Present and Parting Instruction to His Son.
LONDON, Ont., June 18.—Accompanying a small book of a religious character, Henry Smith sent this letter to his son shortly before his execution:

LONDON, Ont., June 12, 1890.

William Henry Smith:
DEAR SON: This is from your father who is soon to pass from this vale of tears, and who presents you this little book as a memento of his love for you. I pray that it will keep it for my sake, and my prayer to God is to give you all needed grace by the Holy Spirit to lead such a life as you may wish you had done when you come to die. Remember that I have loved you very much, and that none of us know the day nor the hour when God shall call us home. The injunction to us all is, "Be ye also ready." My dear son, pray for me. Be a good boy and God will bless you and give you all needed grace. I am much pleased to tell you that I have found grace and peace with God through our Lord Jesus Christ, who shed His blood on Calvary for us poor sinners. He loves us all to come to Him without money and without price. Finally, my son, desire and prayer to God that you will meet me in heaven.

N. B.—Your father, Lucy Jackson, was born on March 23, 1830, at Budden-Wood, Nottinghamshire, Eng., and was born on March 23, 1834, at Bass Church, Shropshire, Eng.

FELL UNDER THE WHEELS.

A Former Torontoian Killed at Hamilton.—The Grimes Inquest.
HAMILTON, June 18.—William Thompson, a young man who came here from Toronto three or four years ago, had both his legs frightfully mangled last night while trying to board a Grand Trunk train. He died at the hospital at 3 1/2 this morning. Thompson was well known in sporting circles and was the most expert pool player in the city.

The evidence at the Grimes inquest last night showed that the old man's heart was unnaturally enlarged and that any excitement would be likely to prove fatal. The jury will render their verdict Friday night.

A husband named Thomas Wagon, jeweler by trade, escaped from the asylum yesterday afternoon. He is a short, thick-set man about 30 years of age.

The young man Roland who tried to kill himself at W aterdown the other day is still alive but in a precarious condition.
