**Notes From Harbor Grace.**

Mr. Charles Butler, formerly Labrador mail clerk, has accepted a situation from Messrs. R. D. McRae & Sons, as storekeeper at their Grady premises.

The business men of this town have decided to hold the usual weekly holiday this summer. Wednesday is the day selected, and from now until the last of August, Wednesday will be devoted to pleasure.

Would it not be well for some of the young men in the stores to arrange some amusement, etc., to be held at Shannon Park on these holidays. A cricket match, a football match, or a band concert could, we think, be arranged for each such evening.

Rev. Dr. Cowperthwaite preached two very able sermons in St. Andrew's Church yesterday. The rev. gentleman goes to St. John's by this morning's train. He received as usual a very hearty welcome to this town.

Caplin struck in in large schools about here last week. At Bristol's Hope the little fishes were numerous yesterday in all the beaches.

Rev. F. Finn, of the Cathedral, left by S. S. Invermore for Tilting, Fogo.

The members of the Guy Committee are working hard, and they need to, as the time now is short, and much remains to be done. But with a long pull, a strong pull and a pull altogether there is no reason to doubt that the celebration in August will be well worthy the occasion, and something our people will be able to look back to with pride. The hospital movement is a most praiseworthy one, and should meet the approval and support of every Newfoundlanders at home and abroad. It behoves all our citizens to assist the committee in every way, and all who feel a disposition to criticize would help the cause by leaving their criticism until after the celebration, when in our opinion, they will find very little to criticize.

**Another Dismissal in Placentia Bay.**

The Tory axe has fallen again in Placentia District and Messrs. Howley and Devereaux have succeeded in injuring one of the best men in Red Island. We refer to our local constable, Mr. Denis McCarthy, of this place. Mr. McCarthy was appointed by the Liberals, and he proved a good official. This blow is a heavy one for Mr. McCarthy. He is a poor man with a young, helpless, motherless family. Never mind, the Liberal Party will be again in power and we expect them to pay back in their own coin the Tories that are forcing these dismissals on our members. We congratulate Frank Morris in not being in favor of dismissing the Liberals. We also notice that Sir Edward is not dismissing any persons in his district, this shows that the Morris's know more about politics, and the effect of these dismissals in the next election in this district than either Howley or Devereaux imagine.

We are given to understand that the Tory Government are going to build a lighthouse on the Lea Point of Red Island. It is said that it is to be placed there to suit certain people who were interested in the lantern on the pole. But, Mr. Editor, we fishermen don't want it there. If it's going to be given to us at all, put it on the Red Point, where it is badly needed. We, fishermen, would advise that it be built about 3/4 of a mile South by West of Red Island Harbor. This is a landmark for all the boats coming to Red Island, and would benefit all the fishermen of the Bay.

Yours truly,  
RED ISLAND FISHERMAN,  
Red Island, P. B., June 6th, 1910.

**Accidents in the Cobalt Mines.**

Toronto, June 8.—Three fatalities and one man seriously injured, are the record of Cobalt for the last 24 hours. Cante, a young French-Canadian, was struck by a falling rock in the Kerry Mine. James Welsh, with a family, and James Parkins, single, are supposed to have picked into some loose powder at the Hargrave-mine and were instantly killed. The injured man is a Pole, hurt in a blasting accident. He may die.

**FISH FAIRLY PLENTIFUL.**—Cod-fish were fairly plentiful outside the heads this morning. The fishermen believe that the fish is just striking in and good work will be done within the next month. Mr. Wareham, of the South Side, had about five quintals in his trap yesterday the first haul for the season.

**KEEP HINARD'S LINIMENT IN THE HOUSE.**

**A Roast For Carnegie.**

His Patronizing Tribute to King George Classed as Impertinence.

London, June 6.—The World says: That curious cosmopolitan American-Scottish financier, Mr. Carnegie, about whom The World will have something to say before the next General Election comes round, arrived at Plymouth one day last week, and, it is hardly necessary to add, gave his views to the Press on the accession of his present Majesty. He stated that he had found from experience that King George was remarkably well informed on the political situation and very well versed in public affairs.

Mr. Carnegie is no doubt himself an expert on the political situation, since being so firm a believer, for business reasons, in "Free Trade for England" and "Protection for the United States," he has to follow affairs in this country pretty closely; but for all that his patronising allusion to His Majesty will be regarded by most people as a piece of gratuitous impertinence. The British people need no words from Mr. Carnegie to strengthen their loyalty to and trust in King George the Fifth. Such interviews and statements, besides being in very bad taste, show the spread of the worst type of American megalomania.
