

Jackman The Tailor

Desires to intimate to his Patrons and the Public that his Fall stock of High-Class Tailoring, Gents' Furnishing and Readymade Goods are now open for inspection. In our Custom Tailoring Department we have a very large line of Tweed Suitings and Overcoatings. Our Leading Line of

\$18.00 Custom Made Overcoats

BEATS ANYTHING EVER OFFERED to the public.

Last week we opened the largest shipments of Boys' and Men's Readymades ever imported by us, and in anticipation of a big Fall's trade we have ordered another large shipment, to leave England on the 17th October.

Our Gents' Furnishing Department was never so well stocked with High-Class Furnishings, and we can confidently recommend the new lines of Hats, Caps, Underwear and Neckwear that we opened last week to fashionable buyers.

With a view of giving special attention to Men's and Boys' Clothing and Furnishings we have decided to go out of General Dry Goods, and as we want to sell out all our stock of Dry Goods by the end of the year, we offer a genuine reduction of 20 per cent on all purchases. We specially invite Wholesale buyers to inspect our stock, and we believe, that in many lines, we can offer goods 20 per cent lower than regular wholesale.

To avoid the big rush of orders that we have to deal with after the middle of October, we would esteem it a favor if our patrons would place their orders at the earliest date.

WHY should I buy a roofing that needs to be painted every time while to keep it tight when for the same money I can buy AMATTE which needs no painting?

The outer surface is composed of real mineral matter, which makes painting unnecessary.

With an Amatte Roof on your building you end your roofing troubles. When you buy a roofing that requires frequent painting you begin them.

Smooth roofings that require painting are a nuisance and an expense. When you buy a roofing that requires frequent painting you begin them.
