Received Two Wounds.

Mr. Alex. Sturrick, who had been foreman in Hon. George Knowling's grocery store on Duckworth Street, has been wounded while fighting on the Somme with the Canadians. He was struck in the arm and lower back, but when writing to a friend in the city stated that his wounds were progressing favorably and soon he would be ready for the fighting line again. He writes: "We were holding the lines at Ypres and Hill 60 until our removal to the Somme, and I thought it was bad enough in all conscience; but it was a haven of rest compared to the Somme. I am now, thanks to a good constitution, almost ready to proceed to France again. It isn't an exciting pleasing thought. Still I was fortunate—very fortunate—compared to many poor fellows. I hope I will get through the next scrap as easily as I got through this one." Mr. Sturrick wishes to be remembered to all his friends in the city, and the wish will be general that he comes through his next and subsequent scrapings O. K.

Anthracite Coal in Trinity Bay.

A gentleman who recently arrived from Trinity speaks in glowing terms of the new coal deposit that was discovered in the bay a short while ago. Operations have already begun and a tunnel about 50 feet has been cut out, from which several tons of anthracite coal have been extracted. If the project is successful, and our informant assures us there is every possibility of its being so, the people of Trinity and the country at large will await with interest further developments. Our informant would also like to know if the Government are aware of the large deposits of sand and lime stone at the bottom of Trinity Bay, especially between Green's Harbor and South Head, Chapel Arm.

REMOVE OBSTRUCTIONS.—Every evening shep keepers should see that all obstructions are removed from the streets. On Saturday night Miss Wadden, of Waldegrave Street, tripped over a hand-cart and fell heavily to the ground, cutting badly her face and hands.

IT WORKED BOTH WAYS.—The correspondence on the best method of screening church windows recalls the measures taken last winter by the "competent authority" of a cathedral church, who caused the windows to be covered with a densely opaque paint. This effectually prevented the light from escaping at Eveson, but the competent authority observed with no little surprise that it also prevented the light from entering, at Matins—Church Times, Sept. 8, 1916.

Local Druggists Repair What Famous Surgeons Cannot Touch

Shattered nerves are beyond the reach of the Surgeon's knife. What will repair them? Dozens of people right here in your home town will bear testimony to this fact that Zoetic—the health tonic—has set them on their feet again. This famous combination of glycer-phosphates—the actual element of the human body—Cod Liver Oil and delicious tonic wine, supply the very elements that worn out nerves require. In a quiet way the action of Zoetic is truly marvelous. Without a trace of narcotic influences soothe and fortify the system, that, better and better digestion. And following that a final and complete rebuilding of the nervous system, drained of vitality. The faithful use of it will convince you because you have been so often misled, expecting much and receiving little, we offer outright to refund the purchase price of Zoetic if at the end of two weeks you cannot report real progress toward better health. Start trying it to-day. Sold by T. McMurdo & Co., Sole Distributing Agents for Newfoundland.

This is the Newfoundland's Way.

Those men whose names are written there, Have died for you, have died for me; They died to save us from the hands, The galling bonds of tyranny! The Kaiser sent his mighty host To make proud freemen servile slaves; That living, we might do his will, And dying, all disonoured graves. At Duty's call, our gallant lads, With firm resolve, and purpose high, Went forth to thwart the Kaiser's will, Went forth to conquer, or, to die! To meet again those whom they left, Was unto these brave ones denied; To serve their country, and their king, They toiled, they suffered, bled, and died! Now it is ours to see to it, That all they did was not in vain; Who heedless sits with folded hands Deserves to wear the tyrant's chain! Our Newfoundland is in this fight, And once in it, she's there to stay Till final victory is achieved; This is the Newfoundland's way. Our Empire's flag forever waves For Justice, Truth, and Liberty, And with our life-blood we have these, We swear unflinching fealty! FRED. B. WOOD, St. John's, Nfld.

McMurdo's Store News

MONDAY, Oct. 30, 1916.
Now that we may expect cold and inclement weather any day it would be well to provide oneself with some good emollient to keep the skin face and hands from becoming rough and abraded. And for this purpose, an application which has incorporated in it oils which approximate to the natural oil of the skin has obvious advantages. Our Violet Cold Cream is such a preparation, and those who use it will be well repaid in the sense of ease and comfort it will give to the skin, and the improvement to be noticed in the complexion, in its healthy color and increased smoothness. Large crocks 50c.

C. C. C. Hold Church Parade.

Yesterday morning the C. C. C. held Church parade, attending Last Mass at the R. C. Cathedral. Leaving their Armoury at 10.30 a.m., under command of Major Kent, the battalion, headed by its brass band, which discoursed lively and patriotic airs, proceeded via Long's Hill, Gower Street and Military Road to the Cathedral. Rev. Fr. Conway was the Celebrant of the Mass. He also preached an eloquent and appropriate sermon. After Mass the Dead March in Saul was rendered out of respect to the memory of the brigade members who recently made the supreme sacrifice in the war. Bands were then reformed and the Cadets being joined by the different divisions of the volunteers, returned to their armoury by way of Military Road, Cochran Street, Duckworth Street and Long's Hill.

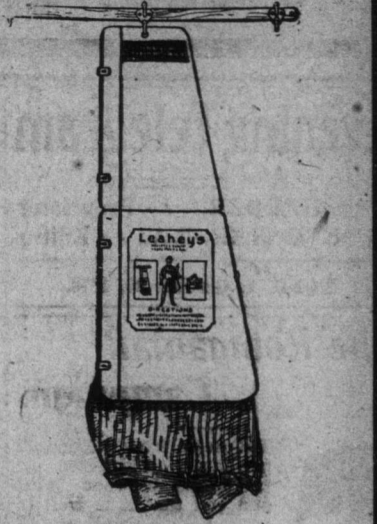

VOLUNTEERS TO BE CONFIRMED.—On Friday evening the Lord Bishop of Newfoundland will hold a Confirmation Service in St. Thomas's Church when a number of volunteers now in training will receive the laying on of hands.

VOLUNTEERS HOLD CHURCH PARADE.—The volunteers held a church parade yesterday morning and headed by the T. A. Band, attended Divine Service at St. Thomas's, R. C. Cathedral, Gower Street and the Presbyterian Church.

Death of Capt. J. Parsons. Special Evening Telegram. HARBOR GRACE, To-Day. Capt. James Parsons of His Majesty's Customs passed away at five o'clock last evening in his 89th year after four weeks' illness. Funeral at 2.30 to-morrow, Tuesday.

Fell Overboard. Owing to the intense darkness, an outport man while trying to board a schooner at Job's wharf last night, fell overboard. He was rescued with the aid of a rope, though with great difficulty. As lights are not allowed to be used on wharves, people belonging to crabs in port should not come ashore after nightfall.

MADE PORT THIS MORNING. Several schooners which arrived off the Narrows after the closing hour last night, anchored inside of the "heads" and ran in this morning.

BIG FLOUR CARGO.—The work of unloading the s.s. Algonquin, which brought such a large cargo of flour here from Montreal, will not finish it is expected, before sometime to-morrow when she will sail for Sydney. It is not unlikely that the ship will return here with a coal cargo.

The Right Way Is the Healthful Way

Tea and coffee disagree with a great many people, and science points out the cause—caffeine—the cumulative drug in both of these beverages.

POSTUM

is entirely free from drugs or any harmful substance. It is made of wheat, roasted with a bit of wholesome molasses, and is pure, nourishing, delicious and healthful.

A change from tea and coffee to Postum has helped thousands; it may help you.
