

PROVINCIAL FAIRS LACKED ENTHUSIASM AND COMPETITION

Alex. Galbraith, Superintendent of Provincial Fairs and Institutes, Gives Summary of Urban Exhibitions Held in 1917

Alexander Galbraith, superintendent of fairs and institutes for the province of Alberta, passed through the city on Saturday on his way north.

In an interview given to The Albertan, Mr. Galbraith stated that while the number of suburban fairs in the province had increased the quality of the exhibits and the competition among the exhibitors had decreased. "There is one thing essential to all fairs," he remarked, "and that is enthusiasm. There was a notable lack of that factor among many of the fairs this year. I can only put it down to the fact that owing to the scarcity of farm labor and the high price of grain, the farmers are not willing to devote sufficient time to preparing their exhibits. Several of the agricultural societies simply wait for the government grant to come through before making any effort to prepare for their annual event."

"Others again have the notion that it is impossible to hold a fair unless they have building accommodation. This is utterly wrong. I attended a fair at Millerton this year. It is twenty miles away from any point, in fact a twenty-mile drive to reach it. This fair was simply held in a field. It was one of the best I attended this year. The enthusiasm and competition were there and the exhibits very good. Perhaps if there were fewer fairs throughout the province there would be better results."

Ninety Held So Far
The best fairs in the province this year, outside of Calgary and Edmonton, were held at Lloydminster, Vermilion, Camrose, Lacombe, Wetaskinew and Cochrane. In the beginning of the season there were 103 fairs listed. Nine of these were canceled, and of the 94 left, 90 have been held.

Asked if he believed the day of the horse in Alberta was about over, Mr. Galbraith said "while there is an increase in the use of motor power and light horse are not in demand, there is always a market for heavy horses and will be for a long time. The great thing is to educate the breeders to one essential fact. They absolutely must breed from a sound horse. The ignorance on that point is appalling. One of the greatest and most common defects in the heavy animals is side bone. It is about one in six. Side bone is not hereditary, but the tendency is and one cannot be too careful."

Mr. Galbraith informed The Albertan that there was a great likelihood that the government's special fairing exhibit would not be running in 1918. "The expense with it was too great. It was of great educational value to the settlers, but the expense are enormous," concluded Mr. Galbraith.

LITTLE GIRL FALLS INCESS POOL AND IS DROWNED

Neighbors Search All Over
Ogden for Mabel Jones,
and Body Is Finally
Found in Cess Pool

After searching all over Ogden from 5:30 until 10 o'clock last night, for little Mabel Jones, the 7-year-old daughter of H. S. Jones, of Ogden, the body of the unfortunate child was found in a cess pool in the rear of her home.

A doctor was called and efforts made to restore the spark of life without success. She was last seen alive at 5:15 yesterday afternoon playing in the back premises where the family reside. Neighbors assisted in the search for her and that district was thoroughly combed. One of the searchers finally decided to look into the cess pool and was horrified to find the child's body. The remains were removed to Armstrong's funeral home, where the coroner, Dr. Wright, will hold an inquest.

Recreation—There is not so much in the ordinary vacation as there is in a single bottle of Hood's Sarsaparilla, which refreshes the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.

A Positive Cure for Dandruff, Itching of the Scalp and Baldness

Isn't it better to try a preparation whose genuineness you can prove right here in Calgary rather than one the merits of which you have to take on trust? The

SLAVIN HAIR GROWER

Is the preparation discovered by a Calgary man. It is being used on the heads of scores of local people with astonishing results. They are willing to endorse it as a true hair grower—one that makes good.

You can investigate the truth of this from your friends and neighbors, whose word you can rely on, not people who live miles away.

Phone M1606 for appointment and advice. If you are already bald I can grow hair on your head, the same as I am doing on heads that have been bald for years. Investigation costs nothing.

Price \$1.00 box, with full instructions.

DANGER TO SYSTEM UNLESS ACTION IS TAKEN

Ignorance alone can excuse neglect of the health when all indications point to kidney trouble. Everyone should know that from the hour the kidneys fail to remove the poisons from the blood stream, these poisons are accumulating ready to cause sickness, pain and suffering.

How are you to know that the system is in danger from poisoning? One or more of the following symptoms should leave no doubt in your mind. If you are the victim of backache, pains in the back or sides, or lumbago, be sure nature is calling for better kidney action. Take Gin Pills.

At the first twinges of rheumatism, swollen ankles and joints, or any other manifestation of uric acid poisoning, take Gin Pills. Dozens of Testimonials prove Gin Pills to be the sovereign remedy.

Take the warning given by constant headaches, restless nights, dizziness when you stoop, frequent chills, bladder urinary trouble, or constipation, and turn to the remedy which is so sure that it is sold on the money-back guarantee—Gin Pills.

Gin Pills are sold by all dealers—50c. a box or 6 boxes for \$2.50. A free sample will be sent if you address your request to The National Drug & Chemical Co. of Canada, Limited, Toronto; or to the U.S. dealer, Na-Dr-Co Inc., 202 Main St., Buffalo, N.Y.

SAVING BY KEEPING TWO-MAN CARS ON CRESCENT HEIGHTS

Calculation Based on Estimate of Superintendent Proves This Very Clearly

A number of estimates have been given of the loss or saving to the city if one-man cars were introduced to the Crescent Heights line. There have been many calculations and many estimates, many of them more or less intelligible. Superintendent McCauley has made a number of estimates, but he has a habit of making figures stand around and doing what they are told.

A few months ago Mr. McCauley placed upon the bulletin board an estimate of the cost of operating a car. The cost at that time, according to his statement, not taking wages into account, was \$26.33 per day. His object in putting up the bulletin at that time was to ask motormen to consider as much as possible and thus lower, and doubtless his estimate was accurate.

The Crescent Heights service at the present time is maintained by four regular cars and two extras for portions of the day. The cost of operating the same, according to the bulletin issued previously by Mr. McCauley, is as follows:

Four regular cars at \$26.33 per day \$105.32
Wages for regular men per day \$12.33
Two special cars, as per estimate \$23.33
Wages for special car service \$10.10

Total for present service \$151.08

One-Man Schedule
Six cars, per McCauley estimate \$157.38
Wages for regular \$12.33
Total \$169.71

This shows, according to the estimate, that there is a saving of \$18.63 per day to the city if the one-man service as proposed for the Crescent Heights line would cost the city \$151.08 extra per day to maintain.

In most respects the present service is superior to the proposed service. It provides for a 15-minute service at 6:45 a.m., a 7 1/2-minute service from that time until 8:45, and this shorter service again from 8:45 a.m. to 1:45 p.m., and a 15-minute service from 1:45 p.m. to 7:30 p.m.

These are matters which should be carefully considered before any change is made.

CALGARY MEMBER RETURNS HOME

R. B. Bennett, K.C., M.P.,
Has Been Active in Military Service Operations

R. B. Bennett, K.C., M.P., arrived in the city Sunday morning, and is stopping at the Palliser. Since the house protracted, Mr. Bennett has been active, assisting in the plans for the operation of the military service bill. With Mr. A. H. Clarke, of Calgary, he attended the sessions of the board of selection recently held, and in co-operation with Mr. Clarke and Judge Winter, of the district court, will probably complete the list of appointments for the Calgary district.

STABLEMAN FOUND DEAD

The dead body of William Lemoine, a hatter over at the Victoria Park stables, was found lying in a vacant stall last night. The police were notified and the body was removed to a local morgue. An inquest will be held. A certain amount of mystery surrounds the case. The only single bottle of Hood's Sarsaparilla, which refreshes the tired blood, sharpens the dulled appetite, restores the lost courage. Take Hood's Sarsaparilla this summer.

STRONG ATTACK ON SOCIALISM AND CHRISTIAN SCIENCE

Visiting Minister Says Mrs. Eddy Is in Hell Now, and Has Little Chance of Being Released

"SECOND COMING"

Seattle Preacher Speaks on Second Coming of Christ at Grace Church

"According to the old fundamental political doctrines there is not a political party today."

"Nihilism, Communism and Socialism are three damnable systems. Russia is wrecked on the damnable rock of Socialism."

Of the world continues for 100 years after the conclusion of peace, there will be such a war that the present war will be a picnic compared with it. "After the devil has been imprisoned for 1,000 years he will be released, but false prophets and false messiahs will be released. Eddy is in hell now, and there is more chance of the devil being released than of this."

The congregation, which has been steadily on the increase since the steps of the service last Thursday, reached a record last night. The church was jammed in the morning, 1,000 attended the afternoon service. By 7 p.m. the church began to fill, and by 7:30 not only every seat, but every possible part of the standing room was occupied. The fire laws were disregarded, chairs being set in the aisles and the steps of the gallery fully occupied. The choir gallery was invaded and crowds gathered at each open door, and a great many were turned away. On Ninth street west and on Fifteenth and Sixteenth avenues there were lined up fully 75 motor cars.

Speakers of Second Coming
Dr. Matthews spoke on the "Second Coming of Christ." He claimed that there were from 400 to 500 passages in the New Testament which dealt with the second advent, and read a few of them, such as Heb. 9:26; 1:10-12; 2 Tim. 4:1; Rev. 22:20; L. 17:34.

Back in eternity there was a conference between the three persons of the Godhead and the cost of operating a car. It was also decided that Christ should take upon him the human form and suffer. There are no people in the world today who deny that Christ came in the world. That He died and rose again is proved by the existence of the Christian church today.

If the first coming is infallible, so is the second coming. Christ came to preach the Kingdom of God. When they sacrificed, they sacrificed to the Kingdom. The sacrifice which was made with Abel, were culminated in the cross. The incarnation was the final sacrifice. Christ had to be liberated from His crucifixion. He was sacrificed which guaranteed you freedom. He was sacrificed to liberate you from sin. He was sacrificed to liberate you from sin. He was sacrificed to liberate you from sin.

Just Before the Advent
We are passing through a period just before the advent of Christ. He came at the destruction of Jerusalem. But the Jews in Palestine were not resurrected at the destruction of Jerusalem. Nor are they resurrected at the destruction of the world. He is coming. It will be a visible, earthly appearance, which will last for a period of 1,000 years.

Some of the Signs
There will be a time of righteousness, of people going to and fro in the earth. In 1815, thirty-nine billion transportation tickets were sold in the world. The world is a moving seething mass, because of the explosion of sin.

Then there will be the disposal of the Jews, who are God's chosen people. Neither Judaism, nor any other movement to place the Jews in Palestine will succeed until the fullness of times come. While the speaker is a member of every peace committee in sight, federal, state, county and city, he believes the Turk should be driven off the face of the earth. If they are driven out of Palestine, and then allowed to return, there will never be another chance.

Political Upheavals
Political upheavals will accompany the signs. According to all old fundamental political doctrine, there is no political party at present. After the war, political parties in this country can never go back to the old ways. Here he criticized Nihilism, Communism and Socialism. Democracy will triumph over the state of Europe, and there will be a cure for all. Democracy will have many faults.

Three Damnable Doctrines
The speaker then spoke of false teachings. He scored Spiritualism, Theosophy and Eddism as three most damnable doctrines of all existing in hell to damn the very elect. They did not just get up. We have been marching toward the light. We have been marching toward the light. We have been marching toward the light. We have been marching toward the light.

After this, the devil will be in hell for 1,000 years, and then he will be released again. But the false prophets will not be released. Mrs. Eddy is in hell, and the devil has more chance of getting out than she has.

The speaker then spoke of the resurrection and the joy of all who shall take part.

GREAT CARIBOU RUN

Dawson, Y.T. Sept. 30—A great herd of caribou is reported at the head of Forty-mile river, west of Dawson. One traveler waited for three hours for the herd to pass him so that he could make his way along the public road. Similar runs of caribou are reported from Circle and Eagle cities. The number of caribou ranging across the entire belt of several hundreds of miles is estimated at more than a million.

The Best Part of the 100,000 Extra Vote Offer ENDS TOMORROW NIGHT

BUSY CANDIDATES HUSTLING FOR VOTES Today and Tomorrow Will Be Strenuous Days in Order to Get as Many of the 100,000 Extra Vote Clubs as Possible

Today all day and far into the night. Tomorrow until 10 o'clock, rain or shine.

That's all the time candidates have to get in on the first lot of 100,000 extra votes for each \$12 worth of subscriptions.

Wednesday morning the 100,000 clubs will be available, BUT it will require \$15 worth of subscriptions to get one of these big fellows.

There are five automobiles to be given away in The Albertan's subscription contest, besides twenty-two other valuable prizes—also \$600 in cash for the boys at the front.

Now, wouldn't you feel rather elated to win one of the cars and see The Albertan pass over \$100 to some patriotic society? Of course, this cash all goes to practically the same place, but if YOUR society has the say—so you may feel that it will do a little bit more good than if some other candidate's society got it. Anyway, YOU get the car—and, after all, that's what you are working for in this contest.

Some of these voting contests have been mighty close at the finish. Anything that has happened once may happen again. Be sure you are on the right side of any close race that comes off in this contest.

By gathering together one or two more clubs than your next highest competitor is your aim. Naturally you have no way of knowing the number of clubs your strong competitors will have after Tuesday. Be sure you are on the right side of any close race that comes off in this contest.

In regard to the five \$100 cash prizes to be given to patriotic societies to be named by winners of automobiles. It is hardly to be expected that any society will publicly back a candidate. Turn it around the other way.
