

A Woman's Story.

Mrs. M.E. Bradwell, of Hamilton, Ont., Tells an Interesting Narrative.

HOW SHE WAS SAVED FROM THE DEATH THAT CLAIMED HER MOTHER, GRANDMOTHER, AND AUNT.

DR. ARNOLD'S TOXIN PILLS CURED HER.

Why women should suffer more from ill health than men, is a question that has never been satisfactorily answered. But ought women to suffer more than the male portion of the race? We say no. No woman need suffer the complaints known generally as "Female Trouble," which render so many thousands of women miserable any more than she needs to hold her hand in the fire.

There is a means of curing these diseases a safe, sure, simple and undaunting means of curing them, that means is Dr. Arnold's Toxin Pills for Weak People.

Read the following letter, which will show how these wonderful pills do the work.

Hamilton, Ont., Nov. 7, 1899.

"I am 46 years old, have six children and always had good health up till two years ago. Then the change of life came on. My grandmother, my mother and my aunt died during this most critical period, and I felt greatly alarmed. Backache, tender, bearing down pains, shortness of breath, extreme bloating, dizzy spells, accompanied by most intense aching on the top of my head, made my life a burden. I also had indigestion of the bladder, which caused the most agonizing pain.

A neighbor advised me to try Dr. Arnold's Toxin Pills. They had cured her in a time of similar trouble. I bought a supply and used them. In two months I was myself again, strong, robust and vigorous, not a trace of pain remaining. I have used Dr. Arnold's Toxin Pills off and on ever since, and feel as well as when I was twenty. I most highly recommend Dr. Arnold's Toxin Pills to every woman who suffers from any of the complaints peculiar to our sex.

MRS. MARY E. BRADWELL.

Dr. Arnold's Toxin Pills are sold by all druggists large box 75c, small box 50c, or sent postpaid on receipt of price by the Arnold Chemical Co., Limited, 17 Canada Life Building, 44 King St. West, Toronto. Booklet sent free.

Hotel Proprietor—Colonel, these four gentlemen saw the sea serpent on Saturday. The Colonel—Indeed? Gentlemen, let's go inside and have something.

THE HOLLOW SQUARE.

Ladies of the Hollow. The hollow square, a purely British military tactic, was never broken but once. Why? Because Tommy Atkins from Canada and Tommy Atkins from all other British possessions stand solidly together. The lesson is, that in a commercial way also, the colonies should stand "solidly together" and the ladies of Canada—the purchasing power—can do much toward accomplishing that end. Ceylon and India produce the finest tea. By using the tea in other colonies, adieu adieu particularly these teas appeal to you from sentiment, from purity, from economy—in every way they are superior to Japan or China. Drinkers of Green tea should try Monsoon, Salada or Blue Ribbon packets.

Alice—Oh, yes! She will accept Lord Ninkumpape. May—but she knows what sort of man he is. Alice—Yes; but a lord's a lord, for a' that.

White man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 25c. Sold J. E. Richards, druggist.

Proprietor—We have only one empty room in the attic. The Hangthy Applicant—Think I'd be satisfied with a room in the attic? Proprietor—Well, it is often taken by folks who don't expect to be satisfied with it.

The Cause of Dyspeptic Pains.

They arise from the formation of gas owing to improper digestion. A very prompt and efficient remedy is Polson's Nervine. It relieves the distention instantly, and by its stimulating action on the stomach aids digestion. Nervine cures dyspeptic pains by removing the cause. Nervine is also highly recommended for cramps, colic, summer complaint and inflammation. Sold in large 25c bottles everywhere.

Sold by J. E. Richards, druggist.

Teacher—What do you understand by misdirected enthusiasm? Pupil—Well, my father says it's what makes people buy places in the country.

A Poor Millionaire.

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by J. E. Richards, druggist.

C.P.R. SAYS MEN LOSE

Reports That Striking Trackmen Are Returning to Work.

MONSTER COMBINE OF WORKERS

Great Mass Meeting to Be Held in Chicago to Endeavor to Unite in One Organization All Who Work for the United States Steel Corporation.

—Other Strike News.

Toronto, July 8.—Highly encouraging reports were received on Saturday by Chairman D. Wilkinson of the local committee of the Canadian Pacific striking trackmen on the situation of the struggle. That the men are undaunted by the reports sent out by the railway officials that "the strike has fizzled out," is shown by letters sent in from the various divisions. The latest report received states that, from Toronto to Montreal, not one man has returned to work and that the strikers are standing together.

From Toronto to the West, the men admit that a number have gone back, but their action in returning has not injured the cause. C. P. R. dispatches received Sunday night state that special constables are being sworn in to protect the C. P. R. lines north of Lake Superior. It is alleged the company's property is being destroyed at the hands of the striking trackmen.

Several trackmen at Farnham, Que., have notified the superintendent that they will return to work this morning. At Chateaufort, Ont., a number of strikers boarded a C. P. R. train and endeavored to interfere with the workmen. They were arrested and fined by the magistrates.

Strikers of St. Henri and Port du Lac, Que., have requested to be reinstated. The third week of the strike, it is claimed, has ended in favor of the company. The Ontario, Eastern and Atlantic divisions have practically a full force at work. On the other divisions the company made considerable gains during the week.

Several applications for strike pay were made on Saturday afternoon by striking foremen, but without results. It was given out before the strike that the Trackmen's Association of the U. S. had a reserve fund of \$350,000, which would be available for the strikers on the C. P. R. and Maine Central, but, although applications have been made to Mr. Wilson and the Montreal committee, no satisfactory answers have been given.

LABOR TO MEET CAPITAL.

A Gigantic Organization of Employees Talked Off-Combination Against United States Steel Corporation.

Chicago, Ill., July 8.—The Chicago Record-Herald correspondent in Pittsburgh, Pa., sends his paper a despatch in which he says:

"I predict a settlement in less than two weeks," said President Shaffer of the Amalgamated Association of Iron, Steel and Tin Workers, Saturday.

The announcement was scarcely out of his lips when word came to his headquarters that a great meeting of labor leaders will be held in Chicago during the coming week.

Then it was learned, although President Shaffer would not discuss the subject, that the real purpose of the meeting is to combine into one organization or combination all the employees of the United States Steel Corporation, whether they work in the ore mines, on the docks, in the iron and steel mills, at the blast furnaces or in the coal mines.

This move, in the face of the strike now on in the Pittsburgh district, and which may involve all the steel, iron and tin workers of the United States Corporation, is taken to be highly significant. It is labor forming, marshalling itself, to meet a billion dollars of capital.

Nearly a score of powerful labor organizations have been invited to send representatives to Chicago, and to aid in the work of organizing the Steel Corporation's labor.

An agreement is expected to be reached between the organizations whereby in the event of trouble one trade or craft can go to the assistance of the other. This is said to be impossible at the present time.

It is further proposed, if any alliance is formed, as those who are behind the movement hope will be the case, that all agreements regarding wages, hours of labor, etc., shall come into existence at the same time and expire on the same date, so that no one trade shall be handicapped from rendering assistance while the others are not.

As if to offset this forming merger of labor the absorption of the National and American Steel Hoop Companies into the Carnegie Company took place on Saturday. They say this absorption strengthens the opposition in corporation circles here to union labor.

Union Men Win.

Denver, Col., July 8.—A special to The Post from Telluride, Col., says the strike in the Snuggler Union mine is over. After a conference lasting three hours Saturday afternoon, an agreement was reached between Manager Collins and the union. It provides that the management will not discriminate against union men.

ANTI-STRIKERS SUCCEED.

Catholic Workers of Italy Defeat Strikers Organized by Socialists.

London, July 8.—Attention was called by The Sun some time ago to an interesting movement initiated by the Vatican for the formation of leagues of Catholic workmen, deliberately designed to fight Socialist workmen and to fill the places of

workers when strikers were unjustly provoked.

It is now announced by the Vatican that the scheme has met with phenomenal success. In Rome there is a branch with 2,000 members. The local branch has 1,800 members, Florence branch, 1,400; the Milan branch, 1,000, while there are strong branches in other places. Strikers organized in Genoa and other towns have been completely defeated by the action of Catholic workmen, and the extremists have become greatly alarmed.

MILLIONAIRE DEAD.

Pierre Lorillard, First American to Win the English Derby, Passes Away.

New York, July 8.—Pierre Lorillard died at 2:10 o'clock yesterday afternoon.

Pierre Lorillard was the eldest son of Peter Lorillard, architect of the fortune, which made the family name famous. He inherited much of the business ability of his father, and marked success attended the commercial enterprises which he planned and executed. At the death of his father he received about \$1,000,000 and an interest jointly with his brothers and sisters in the great tobacco house, of which his father had been the head. He at once purchased from his brothers a control of the house and with shrewd management greatly increased his fortune. He built a handsome residence on Fifth avenue and 56th street and entertained in princely manner. In 1874 he became interested in the turf. His first great horse was Parole, and with Iroquois in 1881 he was the first American to win the classic English derby. He was also an enthusiastic yachtsman and once raced his Vesta across the Atlantic. He founded and controlled at the time of his death the fashionable resort at Tuxedo. He was nearly 68 years old. He is survived by his wife, son, Pierre Lorillard, Jr., and daughters, Mrs. William Kent and Mrs. F. Saffern Taylor. He leaves a large fortune.

Dominion Statue of the Queen.

Ottawa, July 8.—The statue of the late Queen, by Hobart, is being set up on Parliament Hill and is drawing considerable attention. The allegorical figure at the base and the British Lion standing on the pedestal. The bronze of her late Majesty will surmount the whole to-day. The workmanship is of a kind that commands admiration. It is said to be the intention to have the unveiling take place in the fall, when the royal party visits Ottawa. The figure of the Queen rests at present on a trestle and is a magnificent conception ably carried out. In one hand she holds the sceptre, whilst the other holds a book, the latter a reproduction of one of the middle life photographs of her late Majesty. The tout-ensemble reminds one slightly of the statue of her younger self, which stands in the library of Parliament, though this figure is much more massive and developed.

60,000,000 of Manitoba Wheat.

Winnipeg, July 8.—In a political address Premier Roblin said, with regard to the crop, that he had been in the province since 1877, and had never seen or heard of such glowing prospects as at present. As Minister of Agriculture, he was sure that the yield would be nearer thirty bushels per acre than twenty-five, which would mean 60,000,000 bushels raised in the province. With regard to the additional labor required to handle the crop, he had formerly estimated it would require 15,000 men, but now he thought it would be quite 20,000 that would be required, and that would only mean one extra man to each two farmers.

The C. P. R. issued its weekly crop reports Saturday and these are unanimous that prospects could not be better. To give the detailed report as usual would simply be to print a repetition of superlatives.

The Good Roads Train.

Ottawa, July 8.—The good roads' train will probably start work by to-day or to-morrow. J. G. Devitt of Greenwood, the expert, who is in charge of the construction of the concrete culverts, has been at work for over a week. He has already completed all the pipes that are required for the Gananogue section. The train will visit the following places, where specimen good roads will be built: Gananogue, Lansdowne, Iroquois, Alexandria, Plantagenet, Newington, Bell's Corners, Carp, Eganville, Pembroke, Almonte, Kemptonville, and the train will then return to Hamilton.

Wm. Roche, M. P., Rescues a Child.

Halifax, N. S., July 8.—William Roche, M. P., rescued a little girl from drowning last evening. She was playing with half a hundred other children on the margin of Egg Pond when she slipped and fell in. Mr. Roche promptly plunged to her assistance and swam with her to the shore. This is the second life he has saved within a few years.

Pickpockets Sentenced.

Stratford, July 8.—J. C. W. Wilson, who was arrested at the Commercial Hotel, charged with pocket-picking on the occasion of the visit of Reginald Bros. Circus, was found guilty by Magistrate Loane on Saturday and sentenced to five years in Kingston. Verne Carlyle, a confederate, was given three years at hard labor.

Taxing Laundries.

Ottawa, July 8.—The Hull City Council, at a meeting Saturday night, passed a bylaw imposing a tax of \$25 yearly on all laundries in general, but is more particularly intended to affect the Chinese.

Snow in Michigan.

Detroit, Mich., July 8.—A special from Houghton, Mich., says: Snow all here and at Calumet Saturday morning. The Quincy hills were white with it early, but it soon melted away.

Sympathetic Ink.

Anybody can manufacture a good sympathetic ink for himself by adding a little gum arabic to a small quantity of chloride of cobalt, the latter being obtainable from any dealer in chemicals. The mixture, when used with ink—a quill pen should be employed—makes a pink script which disappears when dry, becomes green when heated, disappears when cold and is pink again when dampened.

An expedient even simpler when one wishes to confide his secrets to paper and yet keep them in to use ordinary rice water instead of ink. It cannot be seen when dry, but turns blue when iodine is applied to it. If it be desired to make perfectly sure of the destruction of the contents of the letter after it has been read, the purpose may be accomplished by writing it with a solution of iodine of starch in water. A few days later the script will have disappeared.

The Suez canal is 88 miles long and reduces the distance from England to India nearly 4,000 miles for ships.

He is the noblest who has raised himself by his own exertions to a higher station.—Cicero.

Aground Near Oswego.

Oswego, July 9.—The Alberta left here Sunday morning with 400 tons of coal for Dickinson's Landing. She lies four miles from Stony Point and 30 miles east of Oswego. The vessel is aground 60 feet from the shore in 15 feet of water. She is owned by Thomas Hinckley of Chatham.

Seven Soldiers Drowned.

Kehl, Baden, July 9.—While the 19th Pioneer Battalion was practicing on the Rhine yesterday a boat containing 16 soldiers capsized. Seven of the men were drowned.

Everybody Saved.

Oswego, N. Y., July 9.—The steamer Albert is ashore at Stony Point, near Sackett's Harbor. The captain reports the boat damaged, but all on board were saved.

Sunday Their Busy Day.

Cincinnati, Ohio, July 8.—The Christian Endeavorers made Sunday a busy day. From morning until evening and during almost every hour of the day there were services in some part of the city. The day opened with three meetings of one hour each, held in three of the largest of the city churches. The afternoon was devoted to three simultaneous evangelists meetings in the music hall auditorium. It is estimated by the local committee that there were at least ten thousand visiting Endeavorers in the city and many more are expected to arrive to-day.

Wheels Passed Over His Head.

Sydney, N. S., July 8.—Harry Patten of River Phillip, Cumberland County, engaged as a brakeman by the Dominion Iron and Steel Company about a week ago, was killed at the coke ovens late Saturday. Patten was clinging to the side of a moving freight car when his body came in contact with a coal conveyor lying on the side of the track. The conveyor threw him between the cars and two wheels passed over him, fracturing his skull. He died 20 minutes afterwards.

Wants a Bigger Price.

Montreal, July 8.—In connection with Sir Wilfrid Laurier's visit to Quebec it is said by a correspondent of Le Journal that he did not sign the deed of the Plains of Abraham. The promise to sell, signed by Mr. Tanqueray, the proprietor of Marchmont, for \$80,000, expired on June 30, and it is said, he now wants a larger price.

Serious Runaway.

Hamilton, July 8.—While driving through Dundas Park Saturday evening, Mrs. Nellie Lemon of the Plains road was badly injured. Her horses ran away, upsetting the rig. Mrs. Lemon's hip was dislocated and her body badly bruised. She was taken home in the ambulance.

Hundreds Poisoned.

Ardmore, I. T., July 8.—Several hundred persons were poisoned at Ada yesterday by drinking lemonade. Three children are reported dead and many seriously ill.

Trial Re-Opens To-Day.

Winnipeg, July 8.—The Lisgar election protest trial reopened at Manitoba to-day before Chief Justice Killam and Minister of Justice Dugas.

An Ex-Chancellor Dead.

Berlin, July 8.—Prince Von Hohenlohe, formerly German Imperial Chancellor, died at Rogatz, Switzerland, Monday evening.

Nervous Depression and Bodily Weakness.

Another Woman Who Has Found Health, Strength and Vigor in the Use of Dr. Chase's Nerve Food.

To women especially Dr. Chase's Nerve Food is proving to be a very great blessing. So many women are weakened and debilitated by overwork, worries or disordered system of the body, and need the assistance of just such a restorative as this great food cure.

Mrs. M. A. McGee, Terry Hill, Ont., writes:—"My system was all run down when I began to use Dr. Chase's Nerve Food. I was weak and very nervous and gradually grew stronger. Since beginning the use of Dr. Chase's Nerve Food I feel altogether different. It has gradually strengthened my nerves and I sleep well now, and am being thoroughly restored to health and strength. I believe it is the best medicine to be had for the nerves."

Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50, at all dealers, or Edmanston, Bates & Co., Toronto.
