The Senate Yielded All Along the Line

Washington, July 19.—The house has "won out," and the Senate has yielded all along the line, including lumber and wool, the latter schedule being practically the house figure with a slight modification on the coarser grades. The Michigan lumber contingent is completely disrupted by the victory of the \$2 duty.

The bill as agreed upon will, when made public, present an entirely new sugar schedule, at least in the main item of duty on raw and refined sugar. There is an increase in the duty on the highest grades of sugar, bringing the total duty on pure sugar, testing 100 degrees, up to 2 cents per pound.

It is estimated that the changes in the sugar schedule will raise about \$2,000,000 additional revenue.

Following are among the more important changes made in other schedules: Hides, 15 per cent ad valorem in the sugar schedule will raise about \$2,000,000 additional revenue.

The poem was of her sugges-tion, and the first line was from her lips. She was, early in the century, a close friend of Moore's sister, who kept a private school in London. Mrs. Kohler's first name. Mrs. Kohler's life was of interest in more ways than this, however. She was 92 years of age when she died. Her maiden name was Amelia Offergeld, and her father was an officer under Gen. Blucher. The family home was in Aix-La-Chapelle. Mrs. Kohler frequently spoke of hav-
