Sir George Reid, president of the Royal Soctish Academy, does not sympathize with the admiration freely expressed in Great Britain for Mr. Whistler. The great impressionist's portraits attract, he says "because they are ghosts, they are shadows. It is as if you went into a crowded drawing-room and saw a ghost flitting here and there among the actualities of warm flesh and blood. That is why Whistler's portraits are so remarkable; they are not people, but ghosts."

Boston Ideals To-Morrow Night.

The Boston Ideal Opera Company will appear at the Grand to morrow night in the opera of "Galatea." It is one of the latest successes in the opera field, and comes to London with as much praise as is accorded to any company. The prima donna is Miss Inez Mecusker, a beautiful woman, who will be remembered as a former Buffalo singer. She appeared in London at several concerts some years ago. The entire company is said to be a very capable one. The opera itself is sure to please the audience.

A Sad Death.

A post mortem was held in Toronto on Wednesday, on the body of Mrs. Maria Martin, a woman found dead on the floor of her house there. The verdict attributed her death to heart failure, aided by excessive drinking. The Toronto Star says: "There is an interesting romance in Mrs. Martin's life. Her maiden name was Maria Dennis, and her father is a wealthy and influential merchant in London, England. Martin persuaded the girl to marry him, and had to leave England to escape death at the hands of his enraged father-in-law. Mrs. Dennis took her daughter's part, and followed her and Martin to Galt, Ont. Subsequently Mr. Dennis secured a divorce from Mrs. Dennis, who married a man named Shaw. They now live on Dundas street, London, Ont." The Martins lived in poverty in Toronto. According to her husband's testimony, Mrs. Martin was addicted to heavy drinking before he married her. She had been sick for thirteen weeks and lived on whisky and milk during that time. I love thee, O Lein, with the green green. Beloved the people, the priests, an' the Queen. The directors of the Y. M. C. A. have been for some time turning over various plans for the furtherance of the work among the young men of the city.

To begin with, at no previous time has the Y. M. C. A. ever enjoyed more of the confidence of the general public, largely owing, no doubt, to the excellent judgment and personal qualities of the secretary, Mr. C. R. Sayer. At no previous time have the pastors and workers of the various churches been more in sympathy with the aims and methods of the Association. During no previous two or three years have the Association rooms been more manifestly the common rallying ground for united Christian work. the board of works.
