WHEAT CROP OUTLOOK

A Greatly Increased Area Planted in the Northwest.

Toronto, May 16. — Reports of the wheat crop in this Province are scarcely as favorable as might be desired, but it is satisfactory to know that the Ontario farmers, whose purchasing power, by the way, was never as great as it is today, have still large quantities of last year's wheat crop. The difficulties of delivery last winter, and, later, the breaking-up of the country roads and the seeding and other spring work, are responsible for the large amount of the crop of 1903 which has been carried forward. In the Northwest there will be a large increase in the planted area this year, wheat alone exceeding 4,000,000 acres. The advantage to wheat-producing countries of one year over another is not always, however, in a large crop. When all the wheat-producing countries of the world harvest large crops in any one season low prices must necessarily ensue. If the Canadian Nrthwest raises a large crop when other countries have a deficit, then an active export demand and high prices will be experienced by our farmers. The United States crop report issued this week was an unfavorable one, and indicated a yield of 50,000,000 to 60,000,000 bushels less than last year. It is an ill wind that blows nobody good

PASTORS IN SHOOTING AFFRAY.

Dallas, Texas, May 16. — Rev. J. B. Cranfield fired two shots from a magazine pistol at Rev. S. A. Hayden on a Texas and Pacific train near Texarkana today. Hayden grappled with Cranfield and neither bullet took effect. Both men are prominent Baptist preachers and editors of Dallas and have been bitter enemies for many years. Cranfield was placed under $1,000 bond, and both men proceeded to Nashville to attend the southern Baptist general convention.

NEW HOTEL FOR OTTAWA

American Capitalists to Erect a $1,000,000 Structure.

Ottawa, May 16. — Chief of Police Powell has returned from New York, where he has been in consultation with a number of American capitalists, who have been negotiating for the purchase of the Clemow property on Rideau street, between Sussex street and Mackenzie avenue, upon which they propose erecting a million-dollar hotel. Mr. Powell hopes to have the matter arranged by next week.

DOCTOR HAS THE PROOF.

That Dodd's Kidney Pills Are a Sure Cure for Urinary Complaints

St. Mary's Ferry, York County, N. B., May 16. — (Special). — "Some years ago I began to suffer from pain in the back accompanied by a lethargy impossible in overcome," says Mr. Thos. Harrison, of this place, in an interview. "I was attended by a physician, but continued to grow worse and started to pass bloody urine.

"On the advice of a friend I started to use Dodd's Kidney Pills and by the time I had taken one box I passed a stone that is now in the doctor's possession. Three boxes cured me completely."

Dodd's Kidney Pills cure the Kidneys, and with sound Kidneys you need never urinary complaints.

NOTHING DOING ON CANALS

New York State Feeling the Pinch of Great Lakes Strike.

New York, May 16. — In consequence of the tie-up in traffic on the great lakes through business on the New York canals is in a state of paralysis. Since the opening of the state waterways, only one boatload of grain and three cargoes of iron ore have come through from Buffalo. Piers here devoted to loading and unloading canal boats, usually the busiest spots on the water-front, are deserted except for watchmen. Many owners here have turned their truck horses out to pasture, and discharged thousands of men whom they employed when the season opened.

While the strike has precipitated matters, the boatmen assert that the same conditions would likely have prevailed eventually, owing to the rate situation, which was cutting into their business rapidly.

RUSSIA APPROVES IT.

Paris, May 16. — Russia has announced its approval of the Anglo-French agreement in respect to Egypt.

COLOR YOUR EGGS.

London, May 16. — British egg dealers are greatly interested in Lord Onslow's advice to use coffee to dye home eggs in order to compete with the tinted article from abroad. Colored eggs run a shilling higher per 100. The majority of colored eggs come from France, but Canada is her keenest rival.

JOE MURPHY ROBBED.

New York, May 16.—The Irish comedian, Joseph Murphy, reputed to be the wealthiest actor in the world, reported to the police that he was robbed of about $3,000 worth of jewelry during a cab ride, says the American. Murphy and several friends met a few days ago and Mr. Murphy and a new acquaintance entered a cab up-town. On the trip the stranger disappeared from the cab. Mr. Murphy showed evidences later of having been drugged. His diamond scarfpin, which he says is worth $1,500, was gone, as well as his jeweled cuff-buttons, his watch and chain, and diamond-set charm, and a valuable diamond ring.

FROM FRYING-PAN INTO THE FIRE

Japs Driving Russians Into Hands of the Chinese.

ACCORDING TO THE EXPERTS

Entrance Into Mongolia Might Be Signal For General Attack Upon Kuropatkin.

St. Petersburg, May 16. — In view of the official dispatches regarding the hostile attitude of the Chinese within and without the Russian sphere of influence, the authorities here do not conceal their apprehension as to the outlook, especially in the north of the empire, for they purpose to call the attention of the Celestial Government to the impending uprising in Tapadciatsi, in order that repressive measures may be instantly taken.

It is known and appreciated here that all the powers have made strong representations to Pekin in the interest of the preservation of the tranquility of the empire, but it is stated that Major-General Pflug's dispatch of May 14 shows the necessity for further impressing the Celestial Government with the advisability of acting with a firm hand. The authorities do not forget that the Boxer revolt, which spread from Shan Tung, would have involved the entire empire had it not been for the firmness of the southern viceroys.

The military authorities in St. Petersburg claim to have information of a sensational character to the effect that the Chinese have tacitly agreed to co-operate with the Japanese operations against the Russians. The Japanese propose, it is stated, to drive General Kuropatkin's forces into Mongolia, which would place the Russians in the position of invaders of neutral territory, and enable reprisals by General Ma's army. This army, it is asserted, is kept in that region for that special object. Thus the slightest infringement of the neutrality of China by Japan would be cleverly avoided, and the Chinese troops, by not crossing the Manchurian frontier, could not be charged with a violation of pledges in respect to non-interference in military operations in Manchuria.

The opinion of an eminent strategist is that the Japanese intend to attack not only Liao Yang, but all along the line, in an effort to drive General Kuropatkin into Mongolia, where the Chinese are waiting for him.

Knowing these conditions, General Kuropatkin, he said, would not be likely to make a serious resistance at Kai Ping or Hai Cheng, but would withdraw to the north. This would enable the Japanese to march on New Chwang with little hindrance, and would permit their unopposed use of that point as a base from which men and supplies could be sent north without any violating of neutral zone west of the Liao River.

The German foreign office has been informed, according to assurances given the Berlin correspondent of the Novoe Vremya, that China will not venture to infringe the neutrality as owing to the distinct intimation from all the powers, the dynasty would be jeopardized. It is believed that Japan would be embarrassed by the open assistance of China, since Europe would hold Japan responsible for the consequences. The correspondent claims that the German foreign office inspired the United States to propose the neutralization of China.

A Liao Yang dispatch says: Chinese soldiers yesterday attacked the railway coal mines occupied by the Russian administrative force near Port Adams, and drove out the officials who were working therein, many of them escaping only partly clad. The Chinese looted the work and retired.

AUSTRIA PREPARES

Army and Navy Budget Calls for $51,791,200 To Be Used at Once

Vienna, May 16.—The enormous budget demands for the army and navy (carrying a total of $51,791,200) have caused the utmost bewilderment among all parties in both halves of the monarchy. Nobody is able to understand the Government's sudden desire to hasten the completion of the military programme, which had been planned to extend over several years, but it is supposed the experiences of the Russo-Japanese campaign are not unconnected therewith. The newspapers, however, cannot find in this sufficient ground for the Government's demands, and comment upon the inopportuneness of such action, when the country is suffering from agricultural and commercial depression

SEES MILAN'S SPOOK

Uneasy Rests the Head of King Peter of Servia.

London, May 16.—Writing from Belgrade, a correspondent draws a gloomy picture of the condition of the King and the country. He says political and social circles are under a cloud of apprehension as to Servia's future. The air is full of rumors of dissensions in the Radical party, the resignation of the cabinet, the eventful abdication of King Peter, and the possible occupation of Belgrade by Austrian troops. The rumors of abdication are declared to be premature, but it cannot be denied that the King's health is not good. The story indicates the condition of King Peter's mind. Owing to his attacks of insomnia the King rises often at 2 o'clock in the morning and calls the officer on duty to keep him company. He told one of these officers that he often dreams he sees King Milan running through the corridors and halls of the palace with drawn sword shouting "Where are the murderers of my son?"

Similar dreams are apparently of frequent recurrence. The loss of sleep is beginning to have a visible effect on his health.

FISHING WITHOUT LICENSE

Sarnia, Ont., May 16. — For fishing in Canadian waters without a license, Richard Welsh and Charles Evans, of Port Huron, were fined $16 90 each, or one month in jail by Magistrate Gorman. The men were fishing in Sarnia Bay when they were run down by the Canadian officers in a launch. A third member of the party jumped from the boat and swam ashore.

ADOPTS YOUTH TO MARRY HIM.

Leseur, Minn., May 14.—Love has found a unique way in Minnesota. Miss Myrtle Thyme, aged 18, today married her ward, Albert Grayland, aged 20. Only yesterday she legally adopted him and granted the necessary consent for him to secure a marriage license. Being an orphan and having no legal guardian, he was tarred from marriage for a year, with no one but the low objecting. Neither of the lovers wished to wait. His fiancee, although two years his junior, was of legal age to wed.

SUMMER TRADE SHOULD BE GOOD

Commercial Conditions Throughout Canada According to Bradstreet.

Toronto, May 16.—Bradstreet's weekly review of Canadian trade says:

London wholesale trade is showing an expansion in the movement in some departments. The inquiry from the country is a little better this week in some lines. Large shipments are being made to the West. Prices are firmly held.

Trade at Montreal has made some advance this week in certain departments, and the outlook for the balance of the spring and the early weeks of the summer is promising. The weather has not been altogether favorable of late for the movement of light seasonable drygoods, being too cool, but stocks through the country are not heavy, and with the advent of hot weather renewed activity in the summer sorting trade is certain. Values of staple manufactures are quite firm. Remittances are only fair. Improvement is looked for after the seeding is over when it is expected retail trade through the country will become more active.

The cool weather has prevented such an expansion in the drygoods trade at Toronto as expected at this time in seasonable goods, but in other departments of wholesale trade the movement is fairly satisfactory. The outlook is for a good steady trade in jobbing circles the next two months. Stocks are rapidly arriving to replace those recently destroyed by fire. The building trade here shows much activity, and there are no signs of any serious labor troubles.

At Quebec reports from various correspondents throughout this section indicate that rain is wanted. Storekeepers are still curtailing their orders until later on in the season, and are only ordering current requirements. Remittances are only fairly satisfactory.

Wholesale business at the Pacific Coast keeps moderately active, and the outlook continues to improve as the season advances. The demand from the Yukon is large. The mining camps are showing a fair amount of activity, building operations are on an extensive scale and labor is generally well employed.

Business men through Manitoba and the West are in a more cheerful mood over the outlook for trade. A large increase in the wheat acreage is shown, and many new settlers of a very desirable class are arriving to take up land. Retail merchants are buying liberally and numbers of new stores are being stocked.

In Hamilton, according to reports, the sorting trade has been very fair this week. Retailers are apparently looking forward to a good demand during the early weeks of the summer, and are anxious to get their stocks in complete and up-to-date. Values of staple goods are firmly held. Remittances are fair for this season, and are expected to improve soon.

There has been a fairly good demand for goods at Ottawa to sort retail stocks, and further activity is looked for in this direction shortly. The conditions of trade generally are satisfactory. Stocks are not excessive, and values are being well maintained.

Lame Back for Four Months.

Was Unable to Turn in Bed Without Help.

Plasters and Liniments No Good.

This was the experience of Mr. Benjamin Stewart, Zionville, N.B.

TWO-THIRDS OF A BOX OF

Doan's Kidney Pills

CURED HIM.

He tells of his experience in the following words: "For four months I was troubled with a lame back and all this time was unable to turn in bed without help. I tried plasters and liniments of all kinds but with no effect. At last I was induced to try Doan's Kidney Pills, and by the time I had used two-thirds of a box my back was as well and as strong as ever and has kept so ever since."

Backache, Frequent Thirst, Scanty, Cloudy, Thick or Highly Colored Urine, Puffing under the Eyes, Swelling of the Feet and Ankles, are all symptoms of kidney trouble that Doan's Kidney Pills will cure.

Price 50 cts. per box or 3 for $1.25, at dealers, or

THE DOAN KIDNEY PILL CO. TORONTO, ONT.

WANTED BAKED SLAVE

Filipinos at St. Louis Celebrate the Massacre of U. S. Soldiers.

St. Louis, May 16. — Roast slave would have been the principal dish on the menu in the great feast in progress in the Moro village had the demands of the Filipinos been granted by the officials of the world's fair. The feast and war dance is a mark of rejoicing because two American officers and fifteen men were massacred by Filipinos at Lake Liguasan, Island of Mindanao. The chiefs of the tribe at the exposition insisted that they be permitted to make a human sacrifice. They were compelled to put up with chicken and rice instead.

Work on the village of the Lanao Moros will be at a standstill until next Monday, when the feast will terminate. The celebration is the result of a dispatch, published in morning newspapers, telling of the Lake Liguasan tragedy. It was translated to Sultan Lumbysgnagh and Sultan Quilliyah, who between them rule more than 16,000 Moros. They at once ordered a season of rejoicing.

The excitement among the Moros is thoroughly genuine and intense. They rejoice at the killing of the Americans, and extra guards have been detailed to watch the village.

Russia's Black Sea Fleet.

According to latest reports, the Russian Black Sea fleet consists of one first-class battleship, one second-class armored cruiser, two third-class battleships, five fourth-class battleships and ten torpedo-boat destroyers. This classification shows that the fleet is not up to modern ideas, and makes it doubtful whether it would be of any use against the Japanese, even supposing the Dardanelles passage did not form an obstacle. In Canada there are no obstacles in the way of getting Dardanelles Turkish cigarettes. All dealers keep them with cork, silver and plain tips, at 15 cents per package.

Curious ceremonies are witnessed in Siam when one of the sacred white elephants dies. It is given a funeral grander than that accorded to princes of royal blood. Buddhist priests officiate, and thousands of devout Siamese men and women follow the deceased animal to the grave. Jewels and offerings representing some thousands of pounds are buried with the elephant.

PALE, SICKLY CHILDREN should use Mother Graves' Worm Exterminator. Worms are one of the principal causes of suffering in children, and should be expelled from the system.

Canadian exporters are year by year gaining a stronger position in the Scotch market. About half of the apples imported now are from the Dominion. The system of inspection at Canadian ports and at British ports, whereby the quality of the fruit is in a measure guaranteed, has proved useful to the shipper as well as to the buyer.

GREAT THINGS FROM LITTLE CAUSES GROW.—It takes very little to derange the stomach. The cause may be slight—a cold, something eaten or drunk, anxiety, worry, or some other simple cause. But if precautions be not taken, this simple cause may have most serious consequences. Many a chronically debilitated constitution today owes its destruction to simple causes not dealt with in time. Keep the digestive apparatus in healthy condition and all will be well. Parmelee's Vegetable Pills are better than any other for the purpose.

Of the seven Presidents France has had only one has served a full term.

BEWARE OF THE "JELLIES"

Sixty Per Cent. of U. S. Makes Are Adulterations, Says Expert.

New York, May 16. — Witnesses before the United States commission standards for pure foods, which is sitting here, declare that jellies and jams are generally adulterated, Glucose and coloring matter, they asserted, are not harmful, and one man, speaking for the manufacturers of preserves, claimed that 60 per cent of the "jellies" made in the United States are imitations composed of glucose and coloring matter. Some jellies, he said, contained no fruit at all.

Another witness said that if the manufacture of compound jellies by mixing of different fruits were forbidden, 75 per cent of the factories in the United States would have to close. The committee will continue its hearing ten days.

GREECE FEELS INSULTED

Not Satisfied With Turkey's Explanation of Smyrna Incident.

Athens, May 16. — The Government has obtained a vote of confidence from the chamber on its management of the Smyrna incident. But the Opposition considers that Turkey's satisfaction is inadequate. It is said that but for the King, the Greek fleet would have seized Mytelene.

The incident referred to was an affray between Turkish gendarmes and Greeks, in which M. Delyannis, secretary of the Greek consulate, was wounded. Delyannis had tried to open the shops of Greek merchants which had been closed for nonpayment of taxes. The gendarmes opposed this. A struggle ensued, Delyannis was wounded, and he fired on the gendarms. The Turks imprisoned him and two consulate guards. They released him the same day on the intervention of the French consul.

FRANCE AND VATICAN

Russia Refused to Receive the Pope's Note of Protest.

Rome, May 14.—Contrary to the assertion that the St. Petersburg Government has rejected the Vatican note protesting against the visit to Rome of President Loubet of France, it now appears that the Russian Government never received the note, as M. Goubastoff, the Russian minister, accredited to the Holy See, upon receiving the note, went to Cardinal Merry Del Val, the papal secretary of state, and pointed out to him the inopportunity of sending it to St. Petersburg, as Russia is the ally of France, against whose chief of state the note was addressed.

RESCUE BROUGHT PARDON.

Portsmouth, N. H., May 16.—Henry Sherrick, a prisoner on the prison ship Southery at the navy yard, was pardoned today and reinstated in the service by order of Secretary Moody. Shereck was under sentence for overstaying his liberty, and had been committed to the prison ship some time ago. A few days ago one of the prisoners on the ship became demented and jumped overboard, and Sherreck plunged in after him, and after a swim of 50 yards in a strong current got the prisoner back to the cable, where he held on till a boat arrived. Both were very nearly exhausted. Sherreck left for New York this afternoon, and will be heinstated as a master-at-arms, the position he held before his trial.

The people of the United States eat up $150,000,000 worth of candy in a year, and there are nearly five thousand factories making it, with a capital of $38,000,000.

THE WEATHER TODAY—Showers; mostly fair and cool.
