Is of the greatest importance. This is the most critical season of the year, from a health standpoint.

Don't delay taking it.
Don't experiment with others. Get that which trial and test have proved the best—

The labor element of Wallaceburg is worked up in regard to the importation of Belgians to work in the new sugar factory. Mr. Joseph Marks was called to Wallaceburg this week to organize the local labor men. Mr. Marks said there was a great deal of indignation existing among the townfolk. The town gave a bonus of \$30,000 to the sugar refinery, and strenuously objects to the importation of alien labor. The report was that 30 additional Belgians were to be brought in. Eleven are already there.

The Humane Society of the United States will present John Michael, of Windsor, with a gold medal in recognition of his services in saving the lives of Mr. Kencil, of Detroit, and his 5-year-old son. While sailing on the river a few weeks ago, Mr. Kencil was capsized by a sudden squall. He and his son would have perished had it not been for the timely assistance rendered by Michael, who put out in a small boat through the heavy sea and rescued the drowning pair.

Allan S. Adams, who deserted his wife nine years ago, and was not heard of afterward, has returned to Windsor and bought the services of his wife, which was readily given. A few months after his return he was located in and, and finally settled down to a quiet, hard-working life in Windsor. Shortly after his wife's return he had never seen, he hastened to his wife.
