SHORT - WEIGHT BREAD

Matter Brought to the Attention of the City Fathers-Inspector Mc-Callum To Be Consulted.

At the meeting of No. 3 committee held last night, it was recommended that the city firemen shall receive an ixcrease in salary. This was the big question up for discussion, and after a debate of some length, in which a number of schedules were proposed, an agreement was finally arrived at. The firemen in their petition asked for \$2 a day for first-year men, \$2.25

for second-year men, \$2.50 for thirdyear men, and \$2.75 for fourth-year men and over. The present schedule is \$1.75, \$2.05,

Ald. White had still another schedule. He thought the first-year men should receive more salary than at the present time, in order that a good class of men might be brought into the service. His salary list proposed by himself was \$2.10, \$2.25, \$2.40 and \$2.55. Ald. Ashplant thought that the ding was solemnized in St. Patrick's mayor's schedule was about right. He was perfectly willing to treat the firesecond youngest men generously, but the citizens had to be considered also.

Ald. Rose will consult Inspector Mc-Callum in the matter.
