GREAT AGRICULTURAL WORK!

THE FARMER'S GUIDE TO
Scientific and Practical Agriculture.
By HENRY STEPHENS, F.R.S.E.,
Author of the "Book of the Farm," Editor
of the "Quarterly Journal of Agriculture,"
&c., &c.

Assisted by—
JOHN P. NORTON, A. M.,
Professor of Scientific Agriculture in Yale
College, New Haven, Author of Agricultural
Prize Essays, &c., &c.

This highly valuable work will comprise two
large royal octavo volumes, containing over
1400 pages, 13 or 20 splendid steel engrav-
ings, and more than 600 engravings on
wood, in the highest style of the art, illustrat-
ing almost every implement of husbandry
now in use by the best farmers, the best meth-
ods of ploughing, planting, haying, harvest-
ing, &c., &c., the various domestic animals
in their highest perfection; in short, the pic-
torial feature of the book is unique, and will
render it of incalculable value to the student
of agriculture.

This great work is the joint production of
two of the most talented agricultural scholars
of the day; the one eminent as an author and
editor in Great Britain, and the other as a
Professor in Yale College. Both are emi-
nently practical as well as scientific men, and
all they say may be relied on as the result of
practical research, tested and sustained by
practical experiment. The contributions of
Professor Norton are chiefly designed to adapt
the British portion of the book to this country,
and thus to make it an Anglo-American work,
giving to its readers all the really useful agri-
cultural knowledge at present attainable in
either country.

The work is divided into four departments,
distinguished by the four seasons of the year,
commencing with Winter, and Prof. Norton's
notes will be published as an appendix
to each part. The first chapter treats of the
following subjects, under the head of
CULTIVATION.

On the best of the existing Methods for ac-
quiring a thorough knowledge of Practical
Husbandry.

On the Difficulties to be encountered in
learning Practical Husbandry, and on the
Means of overcoming them.

On the Different kinds of Farming.

On the Persons required to Conduct and
Execute the Labor of the Farm.

On the Branches of Science most applica-
ble to Agriculture.

On the Institutions of Education best
suited to Agricultural Science.

On the evils attending the neglect of
Landowners and others to learn practical
Agriculture.

On observing the details and recording the
facts of Farming by the Agricultural Student.

Terms of the Work—The American edi-
tion, the first number of which is already is-
sued, will be published in semi-monthly
of 64 pages, with an English steel engraving
in each number, of which there will be about
22 in all. PRICE, 25 CENTS PER NUMBER.

CLUBBING.
Three Copies will be sent to one address
for \$15; 5 copies for \$18. Cash in all cases

Holloway's Ointment.
EXTRAORDINARY CURE
OF A CASE ABANDONED BY CITY, THE METROPOLITAN
HOSPITAL, AND CHURCH
CROSS HOSPITAL, LONDON.

This Affidavit was sworn to before the Lord Mayor
of London.
WILLIAM BROOKE, of No. 2, Union Street,
Southwark, London, Messenger, witheth said,
and with that he (this deponent) was afflicted
with FIFTEEN RUSSIAN ULCERS on the left Arm
and Ulcerated Sores and Wounds on both Legs,
for which the deponent was admitted in out-door
patients at the Metropolitan Hospital, in April,
1841, where he continued nearly Four Weeks—
Unable to receive a cure there.

THE DEPENDENT sought relief at the three
following Hospitals—King's College Hospital,
in May, for five weeks, at Guy's Hospital, in
July, for six weeks, and at Charing Cross Hos-
pital, at the end of August, for some weeks
more; which the deponent left in a far worse
condition than that in which he had quitted Guy's
when Sir B. Brodie, Esq., and other medical
Officers of the Establishment had told the depon-
ent, "that the only chance of saving his life was to
lose his Arm."

THE DEPENDENT, thereupon, called on Dr.
Bright, chief physician of Guy's, who, on view-
ing deponent's condition, kindly and liberally said,
"I am sorry at a loss what to do for you, but here
is a half sovereign, go to Mr. Holloway, and try
what effect his Pills and Ointment will have, as I
have frequently witnessed the wonderful Effects the
have in desperate Cases! You can find me your
agent."

THIS UNPREJUDICED advice was followed
by the deponent, and a REMEDY CURE was ef-
fected in THREE WEEKS by the use of Holloway's
Pills and Ointment, after THREE Hospitals had
failed! When Dr. Bright, was shown, by the
deponent, the result of his advice and civility, he
said,—"I am both astonished and delighted! for I
thought, that if ever I saw you again it would be
without your Arm—I can only reiterate this cure to
a dozen."

Sworn at the Mansion House
of the City of London this 5th
day of March, 1859.
Before me, J. FIRIE, Mayor
