### Local Happenings

Mr. H. J. Crowe addressed the Baptist Brotherhood on Sunday last, giving a splendid and graphic account of the world famous "Passion Play of Oberammergau" which he witnessed in its last production.

Splendid moving pictures dealing with Missions in China, Japan and Korea are being shown in Belleisle Hall Wednesday night and in United Church here on Friday night at 8 o'clock. These are well worth seeing by all.

Major C. L. Orms, of Liverpool, Eng., is welcomed as a resident of the town. He had his household furniture all brought from England in a large van which was hauled from the station to his residence on Church Street, six horses and four oxen being pressed into service to draw the load.

Two new buildings have just been completed for Mr. C. R. Banks, a ten room house with bath room, porch, and pantry all finished in hard wood and Douglas fir, also a barn of the latest model and right up-to-date. The buildings are a source of pleasure to the owner and a credit to the builder, Mr. L. W. Darling, who put this work through in five months with the help of one man.

### OBITUARY

Deacon James Jackson

Death removed from our midst on Friday last, Deacon James Jackson, a highly respected and esteemed citizen, whose work and influence was always for good.

Deacon Jackson at the time of his death was 78 years of age and a very active man for his years and was enjoying good health up to a week previous to his disease, when he contracted chills and entered upon his last illness.

He leaves to mourn their loss, a wife, two sons, Ira and Ernest of Halifax; four daughters, Mrs. L. G. Roch, Bridgetown; Mrs. Percy Banks, Bridgetown; Miss Ruth, attending Normal School and Miss May at home. The various members of the family returned to Bridgetown on Wednesday of their father's decease.

The late Deacon Jackson resided the greater part of a long and useful life in Dalnospia, where he was instrumental to the work of having a church building erected there years ago. Some thirteen years past he removed to Carleton Place where he purchased a farm and lived till a year ago last Spring when he moved into town. He was foremost in good works, a kind friend and attentive neighbor in sickness. An esteemed deacon in the Baptist Church, his passing is received with regret.

The funeral services were held on Sunday afternoon, conducted by Rev. C. W. Robinson, and were largely attended, interment being in Riverside Cemetery.

### LEAGUE OF NATIONS SUNDAY

The Metropolitan of Canada has issued a pastoral which will be read in all Anglican Churches next Sunday with reference to work of the League of Nations. Special reference will be made to this League of Nations Sunday by clergy members of various denominations from their pulpits and in a great many cases special sermons will be devoted to this movement with whose success or failure the continued peace of the world is so intimately connected.

"I WONDER HOW SHE DOES IT?"

"Her husband makes no more money than mine, but her children are always better dressed and every time we meet she seems to have something different on, while I have to keep wearing the same old thing.

And here's the whole explanation: the woman with such a splendid supply of pretty clothes made them herself—with little effort at small expense. You see she had mastered by hand in her spare time the Dressmaking Course issued by the N. S. Technical College. And so she is not only able to make her clothes money so wise as far, she is ready, if necessary, to make a splendid living for herself.

### PUBLIC HEALTH IS DISCUSSED

(Continued from Page One.)

4.—Money spent in Red Cross work for the prevention of sickness and disease by the various methods used is well spent—it is true economy and means that eventually great dividends will actually come back into the pockets of the people by reduced expenses in Alms Houses, etc., etc., and perhaps in our own families.

5.—It is a movement of the people, by the people, and for the people. There are no huge dividends going into the pockets of people promoting things solely for the money in them.

6.—It is a movement of the people, by the people, and for the people. There are no huge dividends going into the pockets of people promoting things solely for the money in them.

7.—The next speaker was Dr. M. E. Armstrong, County Health Officer, who discussed Public Health questions and traced the tremendous lowering of death rate due to the awakening of public vigilance and general interest being taken in health matters. This, he well illustrated by the case of New York city, where C. W. Robinson, and were largely attended, interment being in Riverside Cemetery.

8.—The infant mortality rate has not been so much improved as the general rate. In New York city it stands at 87 but in Nova Scotia 124. In Toronto, London and other large cities, the death rate was about the same as in New York.

New Zealand infantile death rate was but 50 per thousand. These facts go to show that health is purchasable. He touched upon the activities of the public health department educational work for expectant mothers and suitable treatment for young infants.

9.—The Red Cross Society paid the expenses of nurses for a year and ask the Council to continue the work. Country Clinics in Dental work, nose and throat troubles, Tuberculosis and special clinics were held in Bridgetown and other county centres free of charge to the necessitous. Public Health measures were strongly supported by the Women's Institute who took great interest and gave support to those on their merits.

or felt other begins as a wart, mole, lump or scab. Internal Cancer signs were also detailed. Avoid constipation, consult a doctor. Cancer in its early stages is curable.  
Rev. E. Underwood gave a most interesting review of the activities of the Red Cross during the war and after referred to the present application of knowledge and experience gained in the treatment of disease during the period of hostilities.  
On motion of Rev. E. Underwood, second by Mr. A. D. Brown a vote of thanks was tendered Dr. Nicholas for his clear and valuable address on Cancer and its control.

REV. JOHN REEKS SUFFERS PAINFUL INJURIES  
Rev. John Reeks, of Round Hill, suffered very painful injuries to an eye on Sunday night last and it was for a time feared that he might lose the sight of that member.

The reverend gentleman had occupied services at Moschelle and had left the church. Going out into a very dark night he came into collision with the arm of a mail box which was swung out to the edge of the road, breaking his glasses, portions of which were driven into the eye ball. Medical attendance was summoned and next day some five small pieces of glass were removed from his eye. The injuries, while very painful, will, we are glad to say, not impair the vision.

Mr. S. H. Taylor, merchant of Stewiacke, was in town last week. He came through to visit his friend, H. H. Wade, who is ill at his mother's home in Belleisle.
