

PETE MURPHY

(Organizer and Hon. President of the Newsboys' Union)

Was born in Quebec in 1854, and began an active career as a Montreal newsboy at the age of six years. When sixteen years old he served as a plumber for five years, but returned to "Literature" again, in which pursuit he is still engaged, on the same old stand alongside the Post Office. He has been a great athlete, and holds many medals for races both on snowshoes and on the flat, besides having been a prominent member of the Shamrock Lacrosse Club.

GOD SAVE IRELAND!
