A GREAT JOURNAL.

The *American Agriculturist*, now 42 years old, is the recognized leading Agricultural Journal of the world. It furnishes far more engravings than any 4¢ periodical, and nearly as much original reading matter. Every number contains nearly 100 columns of original reading and nearly 100 illustrations describing labor-saving devices, animals, plants—everything pertaining to the Farm, Garden and Household. Its Family and Children's Departments are the best in the world. Much space is given to plans of new buildings of every description; to the exposure of all humbug schemes for defrauding the unsuspecting, and to the best localities in the Far West for Farmers to migrate to, &c., &c. Price, \$1.50 a year; single numbers, 15 cents. Sample copy for two 2-cent stamps.

Both **SAMPLE PAPER** and **Magnificent Illustrated 40-page PREMIUM LIST** (describing over 300 Premiums that are **GIVEN AWAY**) sent in one wrapper to any address on receipt of 5 cents for postage.
