THE SCHOOL is provided with well equipped laboratories for the study of Chemical Analysis, Assaying, Blow-piping, Mineralogy, Petrography and Drawing. It has also a well equipped Mechanical Laboratory. The Engineering Building is provided with modern appliances for the study of mechanical and electrical engineering. The Mineralogy, Geology and Physics Building offers the best facilities for the theoretical and practical study of those subjects. The Mining Laboratory has been remodelled at a cost of some \$12,000, and the operations of crushing, cyaniding, etc., can be studied on a large scale.

The school is prepared to make a limited number of mill runs on gold ores in lots of 2 to 20 tons during the months of September, October and November, and will undertake concentrating test on large lots of ore from December to March.
