

1865.

THE CANADA FARMER.

A SEMI-MONTHLY JOURNAL OF

AGRICULTURE, HORTICULTURE, AND RURAL AFFAIRS.

THE BEST AND CHEAPEST PAPER FOR THE CANADIAN FARMER.

THE CANADA FARMER has now been established for eight months, and has achieved during that period an unparalleled success.

During the last nine months THE CANADA FARMER has supplied a larger number of wood cuts—a most important agency in the communication of ideas.

THE FARMER being now thoroughly established, the Publisher is able to announce that great improvements will be made upon it during the coming year.

THE CANADA FARMER is published on the 1st and 15th of every month, on a sheet containing sixteen quarto pages, and is sent, FREE OF POSTAGE, at the following prices:

For a Single Copy One Dollar per Annum.

AND TO CLUBS AT THE FOLLOWING RATES:

Ten Copies for Nine Dollars.
Twenty Copies for Sixteen Dollars.
Forty Copies for Thirty Dollars.
One Hundred Copies for Seventy Dollars.

To Agricultural Societies ordering more than 125 copies, the FARMER will be sent at SIXTY CENTS!

In order to induce early subscriptions for the year 1865, THE CANADA FARMER will be sent after the 1st October, to all subscribers for that year, from the date of their remittance.

New Subscribers who send their money at once, will thus receive the paper for fifteen months at the price of one year.

No subscriptions for THE CANADA FARMER are received for less than one year. All commence with the 1st of January, and end with the 15th December, 1865, and the money must be paid in advance.

All the Subscribers to a Club must receive their papers at one Post-office, but each paper will be addressed and mailed separately.

Agricultural Societies are supplied with THE FARMER at Club rates, and papers ordered by them are mailed to any Post-office within their respective territorial limits.

Old Back numbers may always be had, THE FARMER being printed from stereotype plates.

As an advertising medium it is sufficient to remark that all who have for sale, or who wish to purchase, Live Stock, Seed, Grain, Agricultural Implements, &c., can, through THE CANADA FARMER, make their desires known directly to the whole farming population of Canada.

Now is the time to Subscribe. Orders to be sent to

GEORGE BROWN,

Publisher and Proprietor, 26 and 28 King Street East, Toronto, C. W.

Toronto, October 1, 1864.

ADIRONDAC GRAPE VINES.

THE two Grape Exhibitions held last Autumn in New York and Canada, awarded to the ADIRONDAC the prize for "THE BEST NATIVE GRAPE OF ANY KIND," (QUALITY TO RULE.)

Its peculiarities are hardness, large clusters and berries, tender and thin skin, melting without pulpiness, and of the most delicious and delicate flavour, reminding one of that splendid hot-house Grape, the "Black Hamburg."

Vines one year, very strong, \$3.00; strong, \$2.00 " two years, " 85.00; " \$1.00

All cut back from three to five eyes.

Purchasers can rely upon the quality of my Vines being guaranteed.

JOHN W BAILEY,

Plattsburgh, N Y

Having myself seen and eaten the ADIRONDAC GRAPE, and finding it to be an excellent Grape, well worthy of very extensive cultivation, and having full confidence in the statement of Mr Bailey, who assures me that it ripens quite as early as the Hartford Prolific, which is one of our earliest Grapes, I have consented to act as Agent for the sale of the ADIRONDAC GRAPE. All orders sent to me will be promptly filled, and forwarded by Express or Mail. Parties ordering a number of Vines will receive a LIBERAL DISCOUNT from the above prices. By forming Clubs, and sending the order for tea at one time, they will be obtained at a REDUCED RATE.

D. W. BEADLE,

St. Catharines Nurseries.

PERUVIAN GOVERNMENT GUANO.

THE undersigned have on hand a few tons of this valuable Manure, which they are anxious to introduce among Canadian Farmers and Horticulturists. They offer it for sale in small quantities, in order to give the Manure as wide a circulation as possible.

The following is one illustration of the comparative result of the application of different manures at a cost of 18s. for each, arrived at by experiments made upon several quarter acre plots of land, by Mr. E. T. Beane, of Stover -

Table with 5 columns: Manure Applied, Quantity, Weight of hay cut per 1/4 acre, Cost of Manure, Net Gain. Rows include None, Sup of Lime, Nit of Soda, Guano.

Further statistics, and all other information, may be obtained from

DUNCAN, CLARK & SCOTT, 10 Ontario Hall, Church Street, Toronto
